Larsen, Diana Robin, Carole Levin, 2007-03-01 This work is a revealing combination of biographies and topical essays that describe the outstanding and often overlooked contributions of women to the science politics and culture of the Renaissance Encyclopedia of Women in the Renaissance Italy France and England is the first first comprehensive reference devoted exclusively to the contributions of women to European culture in the period between 1350 and 1700 Focusing principally on early modern women in England France and Italy it offers over 135 biographies of the extraordinary women of those times Encyclopedia of Women in the Renaissance provides vivid portraits of well known women such as Catherine of Siena Joan of Arc Mary Queen of Scots and Christine de Pizan Also included are less familiar but equally important women like Elena Lucrezia Cornaro the first woman in Europe to earn a doctorate the renowned Renaissance painter Artemisia Gentileschi and the acclaimed author of medical textbooks and midwife to a French queen Louise Boursier Based on the latest research and enhanced with thematic essays this groundbreaking work casts our understanding of women's lives and roles in Renaissance

history and culture in a provocative new light Images of Sex and Desire in Renaissance Art and Modern Historiography Angeliki Pollali, Berthold Hub, 2017-12-06 Studies on gender and sexuality have proliferated in the last decades covering a wide spectrum of disciplines This collection of essays offers a metanarrative of sexuality as it has been recently embedded in the art historical discourse of the European Renaissance It revisits canonical forms of visual culture such as painting sculpture and a number of emblematic manuscripts The contributors focus on one image either actual or thematic and examine it against its historiographic assumptions Through the use of interdisciplinary approaches the essays propose to unmask the ideologies of representation of sexuality and suggest a richer image of the ever shifting identities of gender The collection focuses on the Italian Renaissance but also includes case studies from Germany and France **Shakespeare's Body Language** Miranda Fay Thomas, 2019-11-14 Why do the Capulets bite their thumbs at the Montagues Why do the Venetians spit upon Shylock's Jewish gaberdine What is it about Volumnia's act of kneeling that convinces Coriolanus not to assault the city of Rome Shakespeare's Body Language is a ground breaking new study of Shakespearean drama revealing the previously unseen history of social tensions found within the performance of gestures and how such gestures are used to shame those within the body politic of early modern England The first full study of shaming gestures in Shakespearean drama this book establishes how shame is often rooted in the gendered expectations of the Renaissance era Exploring how the performance of gestures such as figging the cuckold's horns and even the inaction of stillness created shaming spectacles on the early modern stage and its wider society Shakespeare's Body Language argues that gestures are embodied social metaphors which epitomise the personal as political It reveals the tensions of everyday life as key motivators behind the actions of Shakespeare's characters and considers how honour and its opposite shame are constructed in terms of gender norms Featuring in depth analyses of plays across Shakespeare's career this book explores how the playwright's understanding of shame and humiliation is rooted in performance anxiety and gender politics explaining how theatrical gestures can create dramatic tension in a way that words alone cannot It offers both rich insights into the early modern context of Shakespeare's drama and confirms the startling relevance of his work to modern audiences **The Italian Renaissance Imagery of Inspiration** Maria Ruvoldt, 2004-03-29 Publisher Description **Department of the Interior and Related Agencies Appropriations for 1993** United States. Congress. House. Committee on Appropriations. Subcommittee on Department of the Interior and Related Agencies, 1992 *Picturing the 'Pregnant' Magdalene in Northern Art, 1430-1550* Penny Howell Jolly, 2016-12-05 Examining innovations in Mary Magdalene imagery in northern art 1430 to 1550 Penny Jolly explores how the saint's widespread popularity drew upon her ability to embody oppositions and embrace a range of paradoxical roles sinner prostitute and saint erotic seductress and holy prophet Analyzing paintings by Rogier van der Weyden Quentin Massys and others Jolly investigates artists and audiences responses to increasing religious tensions expanding art markets and changing roles for women Using cultural ideas concerning the gendered and pregnant body Jolly

reveals how dress confirms the Magdalene's multivalent nature. In some paintings her gown's opening laces betray her wantonness yet simultaneously mark her as Christ's spiritually pregnant Bride elsewhere undress reconfirms her erotic nature while paradoxically marking her penitence in still other works exotic finery expresses her sanctity while celebrating Antwerp's textile industry. New image types arise as when the saint appears as a lovesick musician playing a lute or as a melancholic contemplative longing for Christ. Some depictions emphasize her intercessory role through innovative pictorial strategies that invite performative viewing or relate her to the mythological Pandora and Italian Renaissance Neoplatonism. Throughout the Magdalene's ambiguities destabilize readings of her imagery while engaging audiences across a broad social and religious spectrum.

"Saints, Sinners, and Sisters" JaneL. Carroll, 2017-07-05 A collection of original essays. Saints Sinners and Sisters showcases the diverse questions currently being asked by gender scholars dealing with French Netherlandish and German art from the medieval and early modern periods. Moving beyond the reclamation of personalities and oeuvres of lost female artists, the contributors pose questions about gender and sex within specific historical contexts, addressing such issues as intended audience, use of the object, and patronage. These avenues of inquiry intersect with larger cultural questions concerning societal control of women. The book's three sections—Saints, Sinners, and Sisters, Wives, Poets—are each preceded by a concise introductory essay detailing themes and offering reflective comparisons of theses and information. In Saints, contributors look at women who were positive exemplars used by society to uphold standards. In the second section, the essays focus on the power of women's sexuality. The third section expands beyond the customary dichotomous division of the first two to examine women in diverse roles not widely studied as positions of women in those times. This final section expands our definitions of women's responsibilities and realigns them historically; it argues that women and thus gender need to be understood within a much broader historical context and beyond simplistic approaches sometimes superimposed by present-day readers on past times. This volume answers an acute need for research on the art of Northern Europe prior to the 20th century and highlights the possibilities of new directions in the field. The effect of the new scholarship presented here is to broaden the discursive field, allowing fluidity of disciplinary boundaries, resulting in a volume that is illuminating to historians of more than art alone.

The Origins of Life Anna-Teresa Tymieniecka, 2012-12-06 Understanding life through its origins reveals the groundwork underlying the differentiations of its autonomous generative matrixes. Following the primogenital matrix of generation, the three generative matrixes of the specifically human sense of life establish humanness within the creative human condition as the existential sphere of sharing in life.

Divine and Demonic Imagery at Tor de'Specchi, 1400-1500

Suzanne Scanlan,2025-10-01 In the fifteenth century the Oblates of Santa Francesca Romana a fledgling community of religious women in Rome commissioned an impressive array of artwork for their newly acquired living quarters the Tor de Specchi The imagery focused overwhelmingly on the sensual corporeal nature of contemporary spirituality populating the walls of the monastery with a highly naturalistic assortment of earthly divine and demonic figures This book draws on art history anthropology and gender studies to explore the disciplinary and didactic role of the images as well as their relationship to important papal projects at the Vatican

Visualizing Women in the Middle Ages Madeline Harrison Caviness,2001 For Caviness an awareness of historical context places pressure upon contemporary theories like that of the male gaze changing their shapes and creating even richer dialogues with the past BOOK JACKET
