Hendin M.D., Charles P. O'Brien M.D., Ph.D., Martin E. P. Seligman Ph.D., B. Timothy Walsh M.D., 2005-07-14 Following on the heels of the widely acclaimed *A Guide to Treatments That Work* OUP 2002 by Nathan and Gorman *Treating and Preventing Adolescent Mental Health Disorders* brings together a distinguished group of psychiatrists and clinical psychologists to provide a groundbreaking evidence based survey of treatments and preventions for adolescents with mental health disorders. The book the very first to disseminate the findings of the Adolescent Mental Health Initiative sponsored by the Annenberg Foundation Trust at Sunnylands and the Annenberg Public Policy Center APCC of the University of Pennsylvania addresses the current state of our knowledge about various mental health disorders in the teenage years a developmental period when behavior and the brain are still plastic. Here six commissions established by the Sunnylands Trust and APCC pool their expertise on adolescent anxiety schizophrenia substance use disorders depression and bipolar disorders eating disorders and suicide in sections that thoroughly define each disorder outline and assess available treatments discuss prevention strategies and suggest a research agenda based on what we know and don't yet know about these various conditions. As a meaningful counterpoint to its primary focus on mental illness the volume also incorporates the latest research from a seventh commission on positive youth development which addresses how we can fully prepare young people to be happy and successful throughout their lives. Concluding chapters discuss other critical issues of particular relevance the stigma of mental illness the role of primary care doctors and school based mental health professionals in the detection and treatment of adolescent mental health problems and the research policy and practice context for the delivery of evidence based treatments. Integrating the work of eminent scholars in both psychology and psychiatry this work will be an essential volume for academics and practicing clinicians and will serve as a wake up call to mental health professionals and policy makers alike about the state of our nation's response to the needs of adolescents with mental disorders.
