## **Evaluating Comprehensive State Welfare Reform The Wisconsin Works Program:**

**Evaluating Comprehensive State Welfare Reform** Burt S. Barnow, Thomas Kaplan, Robert A. Moffitt, 2000-03-01 The recent delegation of authority for welfare programs from the federal government to the states has stimulated increasingly complex and comprehensive reforms which seek in part to generate social messages that discourage dependency on public assistance promote work and influence family formation decisions The message sending emphasis of the new reforms and their comprehensiveness often makes them hard to evaluate through conventional experimental designs using treatment and control groups This book offers a lucid discussion of issues involved in evaluating the new reforms and applies those issues to the evaluation of welfare reform in one state Wisconsin which offers a leading example of comprehensive welfare reform The book opens with an overview of the different types of program evaluation and summarizes clearly the basic issues that are involved in their conduct A discussion of general evaluation strategies for the new welfare reforms such as the selection and use of counterfactuals is followed by consideration of both implementation and impact evaluations of the Wisconsin program The final section considers the evaluation of specific impacts of the Wisconsin program on economic well being family structure child care services child support child welfare and children with disabilities **Government Matters** Lawrence M. Mead, 2005-09-18 It was the achievement of legislators and administrators who were unusually high minded and effective by national standards Their decade long struggle to overhaul welfare is a gripping story that inspires hope for better solutions to poverty nationwide Jacket **Nominations of D. Nathan Sheets, Ramin Toloui, and Maria Cancian** United States. Congress. Senate. Committee on Finance, 2014 Evaluating Welfare Reform National Research Council, Division of Behavioral and Social Sciences and Education, Committee on National Statistics, Commission on Behavioral and Social Sciences and Education, Panel on Data and Methods for Measuring the Effects of Changes in Social Welfare Programs, 1999-11-04 The Personal Responsibility and Work Opportunity Reconciliation Act PRWORA of 1996 fundamentally changed the nation's social welfare system replacing a federal entitlement program for low income families called Aid to Families with Dependent Children AFDC with state administered block grants the Temporary Assistance for Needy Families TANF program PRWORA furthered a trend started earlier in the decade under so called waiver programs state experiments with different types of AFDC rules toward devolution of design and control of social welfare programs from the federal government to the states The legislation imposed several new major requirements on state use of federal welfare funds but otherwise freed states to reconfigure their programs as they want The underlying goal of the legislation is to decrease dependence on welfare and increase the self sufficiency of poor families in the United States In summer 1998 the Office of the Assistant Secretary for Planning and Evaluation ASPE of the Department of Health and Human Services DHHS asked the Committee on National Statistics of the National Research Council to convene a Panel on Data and Methods for Measuring the Effects of Changes in Social Welfare Programs The panel's overall charge is to study and make recommendations on the

best strategies for evaluating the effects of PRWORA and other welfare reforms and to make recommendations on data needs for conducting useful evaluations This interim report presents the panel s initial conclusions and recommendations Given the short length of time the panel has been in existence this report necessarily treats many issues in much less depth than they will be treated in the final report The report has an immediate short run goal of providing DHHS ASPE with recommendations regarding some of its current projects particularly those recently funded to study welfare leavers former welfare recipients who have left the welfare rolls as part of the recent decline in welfare caseloads Evaluating Comprehensive State Welfare Reforms University of Wisconsin--Madison. Institute for Research on Poverty,1997 **The Boat Captain'S Conundrum** Tom Corbett, PhD,2016-10-14 In *The Boat Captains Conundrum* author Tom Corbett completes an intellectual journey that reflects on his four plus decades as a scholar and doer of social policy That journey starts with *Ouch Now I Remember* in which he recounts his early days growing up in a closed working class ethnic community from which he underwent several transformative experiences that broadened his worldview In *Browsing Through My Candy Store* the author shared his struggles while confronting many of the most vexing poverty and welfare battles of the last half century This final volume *The Boat Captains Conundrum* completes the trilogy This work takes the reader on quite a different journey a path that goes deeper into how to think about the big policy issues and social challenges of our times In the end Corbett makes a number of compelling points Becoming a successful policy wonk is more than conquering the technical skills of doing quantitative analysis It demands that we do more than merely dissect issues with analytical acumen Rather doing good policy work requires creativity imagination breadth of interests a nimble and acquisitive mind historical depth and just a little rebellious risk taking But if you can conjure up such traits there is no better way to spend your professional life Follow the author as he shares his take on how to do policy work well and even make a contribution to the public good Get inside his head as he struggled to make sense out of the more daunting social challenges of the late twentieth century Above all enjoy his wistful and sometimes witty wanderings as seen through a policy wonks eye where he touches upon mind numbing conundrums with deft insight It is a great journey to be enjoyed both by students of policy and all those concerned with public life **Quicker, Better, Cheaper?** Dall Forsythe,2001-10-18 This volume is a rich compendium of experience and diverse views about systems for introducing greater rationality in American governmental systems With contributions from skeptics as well as proponents it adds to the debate over the utility of performance management in American government Focusing on the Government Performance and Results Act of 1993 GPRA the authors also analyze performance budgeting and management in states and local governments Exploring the performance management movement the book sets out the point and counterpoint between critics and supporters and provides a common vocabulary for discussion Steps to improve performance measures are outlined as well as a discussion of states progress in managing for results New survey data reporting on states performance budgeting is also included The book reports on GPRA

implementation at the Social Security Administration advocates linking evaluation research with performance management systems and discusses the limitations of performance incentives in the 1982 federal job training law Practitioners address the New York City Police Department's innovative COMPSTAT system for performance management and review the recent history of performance budgeting in Florida Also included are case studies from research scholars on benchmarking for Empowerment Zones performance funding for higher education in the states performance management in the Temporary Assistance for Needy Families TANF program under the 1996 national welfare reform act and performance issues in Medicaid food stamps and children's health insurance

**Browsing Through My Candy Store** Tom Corbett, Ph.D., 2014-10-14 Tom Corbett takes us on a wild ride over the past four decades of welfare reform and antipoverty policy making Drawing on his personal experiences in both academia and government he exposes the raw realities of doing policy Tom celebrates his policy life as an adventure both challenging yet totally rewarding He tells this story with a deft and light touch bringing the characters and events to life with wit wisdom and sensitivity It is a journey accessible to all who care about our nation and about our most vulnerable citizens

**Evaluating Welfare Reform in an Era of Transition** National Research Council, Division of Behavioral and Social Sciences and Education, Committee on National Statistics, Panel on Data and Methods for Measuring the Effects of Changes in Social Welfare Programs, 2001-09-10 Reform of welfare is one of the nation's most contentious issues with debate often driven more by politics than by facts and careful analysis Evaluating Welfare Reform in an Era of Transition identifies the key policy questions for measuring whether our changing social welfare programs are working reviews the available studies and research and recommends the most effective ways to answer those questions This book discusses the development of welfare policy including the landmark 1996 federal law that devolved most of the responsibility for welfare policies and their implementation to the states A thorough analysis of the available research leads to the identification of gaps in what is currently known about the effects of welfare reform Evaluating Welfare Reform in an Era of Transition specifies what and why we need to know about the response of individual states to the federal overhaul of welfare and the effects of the many changes in the nation's welfare laws policies and practices With a clear approach to a variety of issues Evaluating Welfare Reform in an Era of Transition will be important to policy makers welfare administrators researchers journalists and advocates on all sides of the issue

**INNOVATION AND CHANGE IN THE HUMAN SERVICES** Nicholas D. Richie, Diane E. Alperin, 2002-01-01 This second edition of Innovation and Change in the Human Services considerably updates and expands the previous volume An overview of the development of human services over the course of the twentieth century culminates in an evolutionary model which illustrates how human services generally progress from an initial individual problem stage to one of considerable governmental involvement and media attention Eight specific human services are discussed in detail hospices for those with life limiting illness continuing care retirement communities services for those with HIV AIDS domestic assault services day care for children services for the homeless

lifelong occupational counseling and services for Alzheimer's patients A full chapter is devoted to some of the major events of the last decade of the twentieth century the Clinton Health Care Plan the Welfare Reforms of 1996 and the Oregon Death with Dignity Act The chapter on human services education compares degree programs in human services and social work and suggests a functional approach which would allow the human services worker to move easily from one setting to another due to having mastered a common core curriculum with universal applicability The last chapter deals with human services issues of considerable importance at the start of the twenty first century including the corporatization of human services the privatization of human services Social Security reform and healthcare reform This material is expected to be of use not only to educators and students in the human services but also to policy analysts and health services administrators practitioners who face everyday the challenge of refining adapting the programs they administer study and support

*Strategy Mix for Nonprofit Organisations* Annette E. Zimmer, Christina Stecker, 2004-04-30 In many countries particularly in continental Europe societies have been plagued by high unemployment for several decades Simultaneously due to recent shifts from industrial to service oriented post industrial societies labor as a significant culture code is increasingly losing importance Because of this the third or voluntary sector as a place of employment and as a service agency to society has become important for Europe as indicated by the 1997 Communication of the European Commission and various declarations by the European Parliament and the EU's Economic and Social Council *Strategy Mix for Nonprofit Organizations Vehicles for Social and Labor Market Integration* explores the role of the third sector in Europe where unemployment is high and in North America where unemployment is rising and exploring the gaps that the third sector is fulfilling both as a social service and as an employer The volume is organized into two distinctive parts Part 1 The Nonprofit Sector and Social Integration highlights the embeddedness of the sector in selected countries it discusses how the sector is currently affected by changes of public policy particularly in the traditional social democratic welfare state regimes and it draws our attention to the sector's potentials to provide avenues for social integration self actualization and civic empowerment Part 2 Labor Concepts and Market Integration refers to the multifunctionality of third sector organizations discussing potentials of workplace as well as community involvement via nonprofit organizations This seminal volume will be of interest to those in the nonprofit sector organizational management and economics political scientists and other researchers working with nonprofit organizations and civil society studies on an international level

*Policy Into Action* Mary Clare Lennon, Tom Corbett, 2003 The sweeping changes of 1996's welfare reform legislation are more than just new policies They represent a profound transformation of the character and structure of social policy institutions in the United States a shift from a bureaucratic centralized mode for income transfer to a professional mode aimed at complex behavioral change The evaluation community has responded with a shift from traditional impact analyses to implementation studies that get inside the skin of this new more flexible structure Implementation research explores the translation of concepts into working policies and programs and evaluates how well the

administrative and management dimensions of these policies work and how the programs are experienced by all involved

Policy into Action offers state of the art thinking on implementation research from leading policy researchers and evaluation practitioners     **OWS Research Exchange** ,2000     *Reshaping the American Workforce in a Changing Economy* Harry J. Holzer, Demetra S. Nightingale, 2007 Comprises ten essays addressing issues relating to the altering demands for workers at various skill levels Considers consequences of large scale technological changes workplace reorganisation and growing international trade with respect to the availability of highly skilled workers and on the other hand difficulties encountered by less skilled workers in finding or maintaining regular stable employment and the weakening of unions and minimum wage laws Describes labour market developments during the period 1960 2004     **Learning from Leaders** Carol S. Weissert, 2000-05-01 Discusses welfare reform in Kansas Michigan Minnesota Ohio and Wisconsin     **The Public Employment Service in the United States** OECD, 2000-03-16 This publication provides an in depth look at the public employment service and recent policy initiatives in the United States Areas of concern about recent reforms are outlined and options for making policies more effective are presented     Focus University of Wisconsin--Madison. Institute for Research on Poverty, 2002     *International Social Security Review* ,2001     **Family Caps, Abortion and Women of Color** Michael Camasso, 2007-08-22 Fifteen years ago New Jersey became the first of over twenty states to introduce the family cap a welfare reform policy that reduces or eliminates cash benefits for unmarried women on public assistance who become pregnant The caps have lowered extra marital birth rates as intended but as Michael J Camasso shows convincingly in this provocative book they did so in a manner that few of the policy architects are willing to acknowledge publicly namely by increasing the abortion rate disproportionately among black and Hispanic women In *Family Caps Abortion and Women of Color* Camasso who headed up the evaluation of the nation's first cap presents the caps history from inception through implementation to his investigation and the dramatic attempts to squelch his unpleasant findings The book is filled with devastatingly clear cut evidence and hard nosed data analyses yet Camasso also pays close attention to the reactions his findings provoked in policymakers both conservative and liberal who were unprepared for the effects of their crude social engineering and did not want their success scrutinized too closely Camasso argues that absent any successful rehabilitation or marriage strategies abortion provides a viable third way for policymakers to help black and Hispanic women accumulate the social and human capital they need to escape welfare while simultaneously appealing to liberals passion for reproductive freedom and the neoconservatives sense of social pragmatism Camasso's conclusions will please no one along the political spectrum making it all the more essential for them to be studied widely A classic example of what can happen to research and the researcher when research findings become misaligned with political goals and strategies *Family Caps Abortion and Women of Color* is sure to foment a contentious but vital discussion among all who read it     **Discussion Papers** ,1998
