Understanding Research for Social Policy and Social Work (Second Edition) Saul Becker, Alan Bryman, Harry Ferguson, 2012-03-14 0

ANALYSIS OF INTERNATIONAL SOCIAL POLICIES JULIEN BOKILO, 2021-12-13 Main idea Contribution of transnational transfers in the construction of national social policies Through the main idea of the book we begin by defining the notion of decline to identify consequences of the decline of political authority with regard to social problems to better analyze the importance of the address of countries in development path towards international donors In addition we used Policy Transfer Studies PTS

to show how the contributions of transnational transfers on the development of national social policies are considered as the lever for the integration of developing countries But in other words these countries are considered as the places of fixation where interdependencies between public and private actors are consolidated where rules of action are negotiated thanks to the agreements conventions which we have analyzed throughout through two types of partnership namely bilateral and multilateral through public public public private private INGO International Institution partnerships Finally we carried out an evaluation in order to subsequently identify some perspectives encouraged by transnational contributions on the social policies of developing countries

The Oxford Handbook of Governance and Public Management for Social Policy Karen J. Baehler, 2023 Public administration plays an integral role at every stage of social policy creation and execution Program operators management decisions shape policymakers perceptions of what can and should be accomplished through social programs while public administrators wield considerable power to mobilize tangible and intangible resources and fill gaps in policy designs Furthermore the cumulative effects of public administrators daily activities directly influence outcomes for program participants and may shift policy itself Location also matters to social policy as those same administrators are expected to innovate continuously in response to shifting local and national conditions including changes in budgetary allocations client needs and capacities and public attitudes This Handbook will aim to capture what is being learned across six geographical regions Africa Asia Australasia Europe Latin America and the U S and Canada Specifically each regional section will contain 6-10 chapters canvassing a particular set of promising practices or emerging challenges at the regional or sub regional level in addition to a brief overview written by the section editor The regional sections will be flanked by integrative chapters As a whole the volume contains 65 chapters

New Governance in European Social Policy Milena Büchs, 2007-10-11 Büchs analyses the goals and instruments of the Open Method of Coordination discusses approaches which theorize its functioning examines its policy content and develops a framework for its evaluation Through the examination of a case study the author demonstrates how policy actors apply the OMC in employment in Germany and the United Kingdom

Strategic Perspectives on Social Policy John E. Tropman, Milan Dluhy, Roger Lind, 2013-09-17 Strategic Perspectives on Social Policy is a collection of readings that provide insights into social policy processes analysis and implication The goal is to locate social policy within a context that suggests the possibility of a wider array of choices for the policymakers The distinction between social policy and social program is given emphasis This book has 14 chapters divided into four sections The first section deals with the relation between politics and policy with emphasis on the link between social science and social policy as well as on the influence of social values on the direction of policy The

next section illustrates some of the critical skills and technologies that may be used to facilitate the process of making choices and decisions Topics covered include policy research and analysis the development and structuring of policy policy purveyance and implementation and assessment and evaluation of policy The chapters that follow explore some of the more important contexts of the loci of social change along with the kinds of mechanisms that may be used to make choices operational This monograph is intended for policymakers and others interested in the policy making process as well as for students and teachers in the areas of political science sociology social work public policy and social planning

Social Policy in Post-Apartheid South Africa Ndangwa Noyoo, 2019-11-01 This book critically examines the current social policy in post apartheid South Africa and proposes an alternative social policy agenda to create a new development pathway for the country Taking social policy as a vehicle that will facilitate the creation of a new society altogether namely the Good Society the author argues for the adoption of policy that will socially re engineer South Africa The author shows how the policy tools and development interventions which were undertaken by the post apartheid state in driving South Africa s transformation agenda failed to emancipate many individuals families and communities from the cycle of intergenerational poverty and underdevelopment He contends that social policy interventions that foster the social re engineering of South African society must take place to untangle the inherited colonial apartheid social order This book includes comparative analyses on the Global South and Global North to present the ways in which countries such as post Second World War Great Britain and Sweden and post independence Zambia of the 1960s and 1970s were able to use social policy to create new societies altogether or places similar to the Good Society The conceptual and methodological issues that form the basis for this book reside in public policy making and the public good and will be of interest to scholars of social policy social development and South African society

Changing the Heart of Social Policy-Making Catherine E. Johnson, 2025-07-24 Effective social policy making has been debated for decades by policy makers scholars and the general public As elected officials have lost sight of their purpose in a climate of extreme polarization and partisan politics disappointment and distrust of our government institutions have swelled This book highlights the importance of a change in the hearts and minds of legislators and provides a new perspective on addressing the public s desire for more effective and humane social policies Covering the legislative and social policy making process from a historical and contemporary perspective this book identifies powerful interest groups and corporate dollars which influence our legislative process and erode sound policy ideas and solutions The book also explores a new generation of youth voters which can influence election and policy outcomes the current mental health crisis and the importance of evidence based research in designing social policies Several topics are illuminated by real life experiences case studies and practical guidelines
