## **Eve Of Destruction The Untold Story Of The Yom Kippur War:**

The Eve of Destruction Howard Blum,2009-10-06 On October 6 1973 Yom Kippur the holiest day of the Jewish calendar the Arab world launched a bold and ingeniously conceived surprise attack against Israel After three days of intense bloody combat an unprepared Israel was fighting for survival while the Arabs with massive forces closing in on the Jewish heartland were poised to redeem the honor lost in three previous wars Based on declassified Israeli government documents and revealing interviews with soldiers generals and intelligence operatives on both sides of the conflict *The Eve of Destruction* weaves a suspenseful eye opening story of war politics and deception It also tells the moving human tale of the men and women who fought to maintain love and honor as their lives and destinies were swept up in the Yom Kippur War *Israel in the 1973 Yom Kippur War* David Rodman,2016-10-20 The State of Israel faced one of its most difficult challenges during the 1973 Yom Kippur War Though the Israel Defense Forces IDF eventually emerged as the clear victor in the war it suffered serious reverses at the outset of hostilities as well as substantial losses in men and equipment This book revisits the Yom Kippur War by exploring a number of issues that have not previously received the attention they deserve or that would benefit from a fresh evaluation Among the issues examined are the American Israeli and Jordanian Israeli relationships during the war the roles of Israeli nuclear weapons and airpower the IDF s practice of combined arms warfare the reasons why the IDF turned the tide of the war more quickly on the Golan front than on the Sinai front the impact of American arms transfers and the lessons derived from the war by the United States Army and the IDF This book which relies heavily on government documents and other primary sources of information fills important descriptive and analytical gaps in the academic literature about the Yom Kippur War No other book compares to it in respect of content and interpretation It is in short essential reading for all scholars interested in the diplomatic and military dimensions of the war Israeli Culture on the Road to the Yom Kippur War Dalia Gavriely-Nuri,2014-02-27 The surprise of the Yom Kippur War 1973 rivals that of the other two major strategic surprises in the twentieth century Operation Barbarossa the German surprise attack on the Soviet Union and the bombing of Pearl Harbor The major difference between these events is that Israeli intelligence had a lot more and better quality information leading up to the attack than did the Soviet Union or the United States prior to those attacks Why then was the beginning of the Yom Kippur War such a surprise While many scholars have tried to explain why Israel was caught unawares despite its sophisticated military intelligence services Dalia Gavriely Nuri looks beyond the military intelligence and political explanations to a cultural explanation *Israeli Culture on the Road to the Yom Kippur War* reveals that the culture that evolved in Israel between the Six Day War and the Yom Kippur War played a large role in the surprise Gavriely Nuri s analysis provides new and innovative insights into the relationship between culture and socio political phenomena and security **Chronicles of the Egyptian Revolution and its Aftermath: 2011-2016** M. Cherif Bassiouni,2017 This book analyses Egypt s 2011 Revolution highlighting the struggle for freedom justice and human dignity

in the face of economic and social problems and an on going military regime      **The Green Line** Robert C. Tipler,2008-08-19 A highly respected physicist demonstrates that the essential beliefs of Christianity are wholly consistent with the laws of physics Frank Tipler takes an exciting new approach to the age old dispute about the relationship between science and religion in *The Physics of Christianity* In reviewing centuries of writings and discussions Tipler realized that in all the debate about science versus religion there was no serious scientific research into central Christian claims and beliefs So Tipler embarked on just such a scientific inquiry *The Physics of Christianity* presents the fascinating results of his pioneering study Tipler begins by outlining the basic concepts of physics for the lay reader and brings to light the underlying connections between physics and theology In a compelling example he illustrates how the God depicted by Jews and Christians the Uncaused First Cause is completely consistent with the Cosmological Singularity an entity whose existence is required by physical law His discussion of the scientific possibility of miracles provides an impressive credible scientific foundation for many of Christianity s most astonishing claims including the Virgin Birth the Resurrection and the Incarnation He even includes specific outlines for practical experiments that can help prove the validity of the miracles at the heart of Christianity Tipler s thoroughly rational approach and fully accessible style sets *The Physics of Christianity* apart from other books dealing with conflicts between science and religion It will appeal not only to Christian readers but also to anyone interested in an issue that triggers heated and divisive intellectual and cultural debates      *Natural Security* Raphael D. Sagarin,Terence Taylor,2008-02 Written with the aim of breaking down barriers between disparate disciplines in order to create more responsive and effective strategies *Natural Security* provides a new lens through which to explore the ancient and ever present problem of how to maintain security in an unpredictable complex and dangerous world **BOOK JACKET      The Watchman Fell Asleep** Uri Bar-Joseph,2012-02-01 Based on many formerly undisclosed intelligence and military documents the secret protocols of discussions on the eve of the war and interviews with relevant figures *The Watchman Fell Asleep* is a compelling account of Israel s intelligence failure before the 1973 Arab attack known as the Yom Kippur War The Hebrew version of this book was awarded the Tshetshik Prize for Strategic Studies on Israel s Security in 2001 and the Israeli Political Science Association s Best Book Award in 2002 Available here in English for the first time Uri Bar Joseph has crafted an authoritative explanation of the most traumatic event in Israel s stormy history and one of the biggest strategic military surprises of the twentieth century      [History Upside Down](#) David Meir-Levi,2007-12-20 In the United Nations on university campuses and among a

growing number of our most prestigious Western newspapers the historical record has been rewritten so thoroughly that Israel is seen as the worst of the oppressive Western occupiers of the Third World So successful has this propaganda campaign been that Palestinian spinmeisters and their apologists have effectively declared the Israelis a people living in the shadow of the Holocaust to be Nazis How could this happen How did unacceptable anti-Semitism morph into justifiable anti-Zionism and odious Jew hatred turn into a politically correct Israel hatred In *History Upside Down* David Meir Levi exposes the ideological DNA of Palestinian nationalism and its ludicrous alternative histories revealing how Nazi fascism gave the Arab world's amorphous hatred of the Jews an intellectual structure and how Soviet communism masked its genocidal intentions with the mantle of national liberation Meir Levi then explodes the cornerstone myths that the Palestinian movement created myths that rationalize and celebrate decades of unrelenting terror and genocidal ambitions turning the history of the Middle East upside down and inside out making the victim the aggressor and the aggressor the victim *History Upside Down* is the first wave in a counterattack against this Arab war on history It rejects the idea that the basic situation in the Middle East has changed since the United Nations first established the Jewish state and the Palestinian state that would have stood alongside it Sadly argues Meir Levi the issue in the Middle East is today what it has been since the Muslim invasion in the seventh century the Arabs' hatred of the Jews
