The Love of a Good Woman Alice Munro, 2011-06-22 In eight stories a master of the form extends and magnifies her great themes the vagaries of love the passion that leads down unexpected paths the chaos hovering just under the surface of things and the strange often comical desires of the human heart Time stretches out in some of the stories a man and a woman look back forty years to the summer they met the summer as it turns out that the true nature of their lives was revealed In others time is telescoped a young girl finds in the course of an evening that the mother she adores and whose fluttery sexuality she hopes to emulate will not sustain her she must count on herself Some choices are made in a will in a decision to leave home with irrevocable and surprising consequences At other times disaster is courted or barely skirted when a mother has a startling dream about her baby when a woman driving her grandchildren to visit the lakeside haunts of her youth starts a game that could have dangerous consequences The rich layering that gives Alice Munro s work so strong a sense of life is particularly apparent in the title story in which the death of a local optometrist brings an entire town into focus from the preadolescent boys who find his body to the man who probably killed him to the woman who must decide what to do about what she might know Large moving profound these are stories that extend the limits of fiction

**The Literary History of Alberta Volume Two** George Melnyk, 1998 In this the companion to the landmark volume The Literary History of Alberta Volume One From Writing on Stone to World War Two George Melnyk examines Alberta literature in the second half of the twentieth century At last Melnyk argues Alberta writers have found their voice and their accomplishments have been remarkable The contradictory landscape the stereotypes of the Indian the Mountie and the Cowboy and the language of the Other speaking from the margins these elements all left their impressions on the consciousness of early Alberta But writers in the last few decades have turned this inheritance to their advantage to create compelling stories about this place and its people Today Melnyk discovers Alberta writers can appreciate not only this achievement but also its essential source the symbolic communication of Writing on Stone The Literary History of Alberta Volume Two extends the study of Alberta s cultural

history to the present day It is a vital text for anyone interested in Alberta s vibrant literary culture      **An Evening's Entertainment** Richard Koszarski,1994-05-04 On the age of silent movies      **Writing in Dust** Jenny Kerber,2011-03-17

Writing in Dust is the first sustained study of prairie Canadian literature from an ecocritical perspective Drawing on recent scholarship in environmental theory and criticism Jenny Kerber considers the ways in which prairie writers have negotiated processes of ecological and cultural change in the region from the early twentieth century to the present The book begins by proposing that current environmental problems in the prairie region can be understood by examining the longstanding tendency to describe its diverse terrain in dualistic terms either as an idyllic natural space or as an irredeemable wasteland It inquires into the sources of stories that naturalize ecological prosperity and hardship and investigates how such narratives have been deployed from the period of colonial settlement to the present It then considers the ways in which works by both canonical and more recent writers ranging from Robert Stead W O Mitchell and Margaret Laurence to Tim Lilburn Louise Halfe and Thomas King consistently challenge these dualistic landscape myths proposing alternatives for the development of more ecologically just and sustainable relationships among people and between humans and their physical environments Writing in Dust asserts that reading environmentally can help us to better understand a host of issues facing prairie inhabitants today including the environmental impacts of industrial agriculture resource extraction climate change shifting urban rural demographics the significance of Indigenous understandings of human nature relationships and the complex often contradictory meanings of eco cultural metaphors of alien invasiveness hybridity and wildness
