**Everyday Life in Ottoman Turkey** Raphaela Lewis, 1988 Raphaela Lewis sketches the history of the Ottoman dynasty and shows how it fell heir to the Eastern Roman Empire and made its capital in the city of Constantine the Great renamed Istanbul. She then describes the administrative structure of the Empire with its extraordinary system of recruitment whereby membership of the civil and military establishment was in principle confined to the Sultan's Christian-born slaves. The dominant faith of the Empire was Islam and there is a full account of its duties and practices which moulded the life of the Turk. The author also takes us inside the great imperial mosques, the thronged and colourful bazaars, schoolrooms, palaces and private houses and takes us down fascinating byways showing how the Sultan's cannon were cast, how children prayed for rain, how the people passed the nights of Ramadan and how important a social occasion for women were the weekly visits to the hammam, the public baths. Lewis has not neglected life in Anatolia and the non-Turkish provinces and she has also provided a glossary of Turkish terms used in the book. Dust jacket

**Daily Life in the Ottoman Empire** Mehrdad Kia, 2011-08-17 This book provides a general overview of the daily life in a vast empire which contained numerous ethnic, linguistic and religious communities. The Ottoman Empire was an Islamic imperial monarchy that existed for over 600 years. At the height of its power in the 16th and 17th centuries it encompassed three continents and served as the core of global interactions between the east and the west. And while the Empire was defeated after World War I and dissolved in 1920, the far-reaching effects and influences of the Ottoman Empire are still clearly visible in today's world cultures. *Daily Life in the Ottoman Empire* allows readers to gain critical insight into the pluralistic social and cultural history of an empire that ruled a vast region extending from Budapest in Hungary to Mecca in Arabia. Each chapter presents an in-depth analysis of a particular aspect of daily life in the Ottoman Empire.

**Studies in Pre-Ottoman Turkey and the Ottomans** Elizabeth Zachariadou, 2024-12-11 The studies included in the present collection by Elizabeth Zachariadou are concerned with the long period of transition from the Byzantine Empire to its successor, the Ottoman Empire. Among the themes covered are the processes of settlement and state formation amongst the nomadic and often superficially Islamized Turks who invaded Asia Minor and the interactions between them and the conquered Christian population, including not infrequent intermarriage. Other studies focus on how the Greek Orthodox inhabitants of the old Byzantine territories became centred around their ecclesiastical authorities and the patriarchate and accommodated themselves to their new masters, offering particular services notably in economic life and foreign relations and channelling their energies into such fruitful areas as trade and shipping.
