The globe is tilted, showing continents in shades of blue, green, and red. The background features a soft, hazy sky with pinkish clouds and a line of evergreen trees on the right. matters for translating them into binding treaty norms and for applying them in practice The experiences gained in the ACP EC relationship carry special value because they are the product of dialogue and joint decision making between groups of developed and developing states Therefore 25 years of ACP EC cooperation under the Lom Convention provide a rich learning ground for anybody involved or interested in the debate on linking development cooperation to human rights and to human rights related concerns This book explores the international law aspects of the subject It first investigates the general international legal basis for linking development cooperation to human rights democracy and good governance Both the negative and positive ways of making such a linking by punitive and supportive measures are addressed The book then delves into the evolution of Lom treaty norms on the subject and into the concrete human rights practices that took shape under them It explores the contributions to and influence of both the EC and ACP states on those treaty provisions and practices A comprehensive overview is provided of the support measures and sanctions resorted to in response to the human rights situation in ACP countries The book assesses the overall experiences gained and presents a synthesis of factors that proved to be constraints or conducive to the efforts to integrate human rights fully into ACP EC development cooperation The insights gained could well inform similar efforts undertaken by others
