Economic Factors In The Making Of Pakistan 1921 1947:

Economic Factors in the Making of Pakistan (1921-1947) Naureen Talha, 2000 This book traces the economic history of the Muslims from the fall of the Mughal Empire to Independence It shows how with the coming of the British a new economic structure emerged in the Indian subcontinent under which the Muslims lost not only their political power but also their economic standing and then shows how fear of continued economic deprivation fueled the demand for Partition *South Asian Cultures of the Bomb* Itty Abraham, 2009-03-26 Since their founding as independent nations nuclear issues have been key elements of nationalism and the public sphere in both India and Pakistan Yet the relationship between nuclear arms and civil society in the region is seldom taken into account in conventional security studies These original and provocative essays examine the political and ideological components of national drives to possess and test nuclear weapons Equal coverage for comparable issues in each country frames the volume as a genuine dialogue across this contested boundary **Pakistan - the Political Economy of Growth, Stagnation and the State, 1951-2009** Matthew McCartney, 2011-06-07 This book provides a comprehensive reassessment of the development of the economy of Pakistan from independence to the present It argues that the factors which bring about economic development in countries with high levels of deprivation are best understood by considering changing overall approaches where shifts in approaches do not always coincide with changes in political regimes *Islamabad and the Politics of International Development in Pakistan* Markus Daechsel, 2015-03-19 This book offers a transnational history of Pakistan's development in the 1950s and 1960s and the creation of the capital city Islamabad **New Perspectives on Pakistan's Political Economy** Matthew McCartney, S. Akbar Zaidi, 2019-09-19 Makes a major intervention in debates around the nature of the political economy of Pakistan focusing on its contemporary social dynamics **2001** Massimo Mastrogregori, 2011-08-02 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors **Democratic Transition and Security in Pakistan** Shaun Gregory, 2015-10-23 This volume examines the trajectory of Pakistan's democratic transition and the implications of this change for its security In May 2013 for the first time in its 66 year history Pakistan saw an elected government complete a full term in office and transfer power through the ballot box to another civilian government At this important moment in Pakistan's history this collection brings together twelve leading academics and writers with an aim to provide a far reaching analysis of the current situation in Pakistan and emergent trends Drawing on history diverse theoretical perspectives and empirical evidence three themed sections deal respectively with democratic transition including Islam and democracy civil military relations and economics contested borders and contested spaces the Pashtun belt Kashmir

and intra Islamic conflict and regionalism bilateral relations from both Pakistani and Indian perspectives US Pakistan relations and nuclear weapons dynamics Together the contributors explore the status of Pakistan s democratic transition contemporary security dynamics and wider regional security and political dynamics and the complex interplay of the three to provide a wide ranging analysis of Pakistan s contemporary national and regional challenges its impact on the region and evidence of some positive trends for Pakistan s future The book will be of much interest to students of South Asian politics Asian security governance and IR in general as well as policy makers diplomats and military professionals Economic Journal ,2003 *Book Review Digest* ,2002 **Colonial Lahore** Ian Talbot,Tahir Kamran,2022-02-15 A number of studies of colonial Lahore in recent years have explored such themes as the city s modernity its cosmopolitanism and the rise of communalism which culminated in the bloodletting of 1947 This first synoptic history moves away from the prism of the Great Divide of 1947 to examine the cultural and social connections which linked colonial Lahore with North India and beyond In contrast to portrayals of Lahore as inward looking and a world unto itself the authors argue that imperial globalisation intensified long established exchanges of goods people and ideas Ian Talbot and Tahir Kamran s book is reflective of concerns arising from the global history of Empire and the new urban history of South Asia These are addressed thematically rather than through a conventional chronological narrative as the book uncovers previously neglected areas of Lahore s history including the links between Lahore s and Bombay s early film industries and the impact on the tourist gaze of the consumption of both text and visual representation of India in newsreels and photographs **Journal of the United Service Institution of India** United Service Institution of India,2002 *International Journal of Punjab Studies* ,2001 **Pakistan, Diplomacy, Islam and Foreign Policy** Mūsā Khān Jalālza'ī,2006 **Indian Books in Print** ,2003 **Journal of Asian History** ,2001 Partition of India J. B. Prashant More,2008 Book Review Index ,2003 Vols 8 10 of the 1965 1984 master cumulation constitute a title index **Guide to Indian Periodical Literature** ,2001 The Politics of Group Rights Ishtiaq Ahmed,2005-09-27 The Politics of Group Rights presents case studies from seven countries illuminated by the latest insights from multicultural and group rights theory Cultural diversity has powerful political implications for both industrialized nations and developing countries In the former the granting of group rights is seen as a vital extension of liberal democracy but critics point out that such rights should not negate the human rights of individuals In developing countries group rights are seen as indigenous to the prevailing cultural and religious traditions but often times negatively in relation to individual rights Index Islamicus ,2000
