Japan's Foreign Aid David Arase, 2012-10-12 Filling a gap in the existing literature this book analyzes the distinctive features of Japan's development aid especially technical cooperation in comparison with other donors aid Incorporating a wealth of research it discusses whether Japan is behind other leading donor countries in rethinking its aid policy and whether it lacks transparency sensitivity to recipient needs and a coherent and coordinated policy that targets poverty The volume assesses the nature and effectiveness of the administration of Japan's aid and explores the degree of involvement of private sector and non governmental organizations NGOs Including contributions from experts with direct experience with Japanese ODA the book provides a wide

range of recipient and donor viewpoints and presents important policy recommendations *Sustainable Development in China* Curtis Andressen,A.R. Mubarak,Xiaoyi Wang,2013-08-21 Over the past three decades China's economic structure direction and international presence have undergone a dramatic transformation This rapid rise and China's enormous success in economic terms has created new challenges and this book examines how the Chinese economy can continue to flourish whilst at the same time protecting the environment and giving people more equal access to the benefits of the country's economic development Examining the key issues surrounding China's continued sustainable development in economic political social and more traditional environmental terms this book assesses the costs of China's rapid development to date and in turn asks whether this can be maintained The contributors show that the idea of sustainable development must take into account more than just the physical environment and that there are additional problems relating to the sustainability of China's economic growth that are much more complicated Divided into two broad sections the book looks first at the broader issues of sustainability in China before turning to the more classic idea of sustainability that of the environment In doing so the contributors show that sustainability is a far more complex phenomenon than is often assumed and that economic and social sustainability are inherently linked to environmental sustainability Dealing with what are arguably the greatest challenges facing China today this book will be of great interests to students and scholars of Chinese studies Chinese economics and Chinese politics as well as those interested in development studies and sustainable development more broadly *Macrothesaurus for Information Processing in the Field of Economic and Social Development Fifth Edition* OECD,United Nations,1998-09-06 Presents a common vocabulary to facilitate the indexing retrieval and exchange of development related information *Business Innovation and Development in Emerging Economies* Irwan Trinugroho,Evan Lau,2019-05-16 Business Innovation driven by the advancement of technology has dramatically changed the business landscape over recent years not only in advanced countries but also in emerging markets It is expected that business innovation could help achieve economic inclusion which has been a global initiative over the last decade creating opportunities for all people to benefit from the economic development These proceedings provide an outlet for discussing the importance of business innovation especially in emerging countries in helping to reach inclusive economies The papers cover the subject areas management accounting finance economics and social sciences *Global Trends and Regional Development* Nikolai Genov,2011-09-23 For millennia contact between societies was limited to trade or wars a situation that changed profoundly with the development of global markets serving industrialization The outcome was the emergence of one global human civilization and one common future that will depend on the capacity of individuals and societies to manage the potentials for social development This edited collection is dedicated to the discussion of four global trends upgrading the rationality of organizations individualization the spreading of instrumental activism and universalization of value normative systems The mutual influence of these interrelated trends brings about both constructive and destructive effects in social life

social integration and change Contributors examine questions such as How do global trends pave their way in regions What are the similarities and differences of regional development How do agencies cope with the challenges of global trends in regional development Building a Generation of Peace ,1974
