John E. Lunn, William A. McEachern

Economics A Contemporary Introduction:

Economics William A. McEachern, 2000 This text is distinguished by a superior writing style that draws upon common experiences to introduce economic concepts making economic theory easily accessible interesting and understandable Case Studies and numerous examples take advantage of reader's intuitive knowledge of economics building upon real life situations A streamlined design places pedagogy and illustrations directly within the flow of the text making it less distracting and more useful for students A fully integrated Internet strategy sets this text apart by including relevant Web addresses and exercises directly in the text and on a dedicated Web page These Internet materials complement the real world focus of this text encouraging students to explore and apply extensions of the chapter material to real economic events and data Also available in macro and micro paperback splits

Economics William A. McEachern, 2003 In *Economics A Contemporary Introduction* I draw upon more than a quarter century of teaching and research to convey the vitality timeliness and evolving nature of economics This book starts where the students are not where instructors would like them to be This edition is filled with down to earth examples that turn the abstract into the concrete to help students learn Topics common to both macro and microeconomics are covered in the first four chapters My approach to microeconomics underscores the role of time and information in production and consumption For macroeconomics I use the aggregate demand and aggregate supply model to underscore the fundamental distinction between the active approach and the passive approach International issues are introduced early and discussed often I use case studies as real world applications to reinforce ideas in the chapter and to demonstrate the relevance of economic theory Preface

Economics William A. McEachern, 2001 **Economics** William A. McEachern, 2008 It will be easy for your students to succeed with the Study Guide for ECONOMIC PRINCIPLES A CONTEMPORARY INTRODUCTION Eighth Edition Written by John Lunn of Hope College the guide includes chapter outlines definitions of all terms a bonus section with supplemental material and a variety of true false multiple choice and discussion questions with answers The Study Guide is available for the Microeconomics and Macroeconomics splits as well

Microeconomics Michael J. Swann, William A. McEachern, 2003 Offers a broad non threatening approach to the core principles of microeconomics cover

Economics McEachern, 2008-01-01 **Economics** William A. McEachern, 2002-07 This very successful textbook is distinguished by a superior writing style that draws upon common learner experiences to introduce economic concepts making economic theory more accessible and interesting Case Studies and numerous examples take advantage of readers intuitive knowledge of economics building upon real life situations Economics Interactive Text by William McEachern combines the original textbook with rich multimedia real time updates exercises self assessment tests note taking tools and much more This combination of print and online material provides students with active learning tools and tutorials and helps instructors shorten preparation time and improve instruction The Interactive Text offers a complete technology teaching

solution that integrates all of the media together in one seamless package a no assembly is required Economics Interactive Text consists of two components a Print Companion and an Online Companion seamlessly integrated to provide an easy to use teaching and learning experience The Print Companion is a paperback textbook that includes the core content from the original textbook All time sensitive pedagogical features and materials at the end of chapters have been moved from the printed textbook to the Online Companion The Online Companion provides a dedicated Web site featuring all of the core content from the Print Companion combined with integrated interactive learning resources self assessment tests note taking features and basic course management tools that enable instructors to create and manage a syllabus track learner self assessment scores broadcast notes to learners and send electronic messages to learners *Macroeconomics* William A. McEachern, 2005 Prepared by John Lunn Hope College the Study Guide includes the following materials for each chapter of the text an introduction a chapter outline with definitions of all terms a discussion of the chapter's main points a lagrange bonus which supplements material in the chapter and includes a Question to Think About list of key terms and a variety of true false multiple choice and discussion questions with answers **Microeconomics** William A. McEachern, 2002-02 This very successful textbook is distinguished by a superior writing style that draws upon common student experiences to introduce economic concepts making economic theory more accessible and interesting Case Studies and numerous examples take advantage of students intuitive knowledge of economics building upon real life situations A streamlined design places pedagogy and illustrations directly within the flow of the text making it less distracting and more useful for students A fully integrated program of technology enhancements sets this text apart by pairing the book with numerous online multimedia learning tools that have been developed to help the text better serve a wide range of learning styles The text uniquely integrates classroom use of The Wall Street Journal by including a complimentary student subscription offer as well as in text pedagogy to help students learn to analyze the latest economic events as reported in the Journal Split volume available for the one term principles of macroeconomics course as well as a principles volume Macro Micro for the two term Principles of Economics course **Economics** William A. McEachern, 1996 *Study Guide [to] Economics, a Contemporary Introduction* by William A. McEachern, 2nd Ed John E. Lunn, William A. McEachern, 1991 **Economics** John E. Lunn, 1997

Aise Macroeconomics 8e William A. McEachern, 2008-01-01 This textbook draws upon common student experiences to introduce economic concepts Case studies and numerous examples take advantage of students intuitive knowledge of economics *Philosophy of Economics* Julian Reiss, 2013-07-15 Philosophy of Economics A Contemporary Introduction is the first systematic textbook in the philosophy of economics It introduces the epistemological metaphysical and ethical problems that arise in economics and presents detailed discussions of the solutions that have been offered Throughout philosophical issues are illustrated by and analysed in the context of concrete cases drawn from contemporary economics the history of economic ideas and actual economic events This demonstrates the relevance of philosophy of economics both for the science

of economics and for the economy This text will provide an excellent introduction to the philosophy of economics for students and interested general readers alike Book Block Mceachern Economics a Contemporary Introduction

Mceachern,2008-01-01 **Microeconomics** Mceachern,2007 This very successful textbook is distinguished by a superior writing style that draws upon common student experiences to introduce economic concepts making economic theory more accessible and interesting Case Studies and numerous examples take advantage of students intuitive knowledge of economics building upon real life situations A streamlined design places pedagogy and illustrations directly within the flow of the text making it less distracting and more useful for students A fully integrated program of technology enhancements sets this text apart by pairing the book with numerous online multimedia learning tools that have been developed to help the text better serve a wide range of learning styles The text uniquely integrates classroom use of The Wall Street Journal by including a complimentary student subscription offer as well as in text pedagogy to help students learn to analyze the latest economic events as reported in the Journal Split volume available for the one term principles of macroeconomics course as well as a principles volume Macro Micro for the two term Principles of Economics course Economic Principles William A. McEachern,2011-03-25 McEachern teaches by example It is the text that uses examples and illustrations that students will recognize when they show up for class the first day because they already have at least 17 years of personal experience with economic choices institutions and events Taking a just in time approach by introducing material just as it is needed to develop an argument ECONOMIC PRINCIPLES A CONTEMPORARY INTRODUCTION 9e International Edition truly leads by example In a decidedly user friendly tone McEachern assumes that students are already intuitively familiar with many economic concepts through their own life experiences These life experiences are then explained to students as economic concepts with clear and interesting exposition relevant case studies and a clean focused design The text s major applications take the form of Case Studies that are meant to be read and therefore are integrated into the flow of each chapter With this ninth edition the book s well crafted approach is enhanced with resources such as Aplia and CourseMate that will help your students improve their understanding and help you streamline tasks and save valuable time **Macroeconomics**

McEachern,1996 Distinguished by a superior writing style that draws upon common student experiences to introduce economic concepts this text makes economic theory accessible interesting and understandable Case Studies and numerous examples take advantage of students intuitive knowledge of economics building upon real life situations A streamlined design places pedagogy and illustrations directly within the flow of the text making it less distracting and more useful for students A fully integrated Internet strategy sets this text apart by including relevant Web addresses and exercises directly in the text and on a dedicated Web page These Internet materials complement the real world focus of this text encouraging students to explore and apply extensions of the chapter material to real economic events and data **Interactive Text: Economics** William A.
