### **Economic Consequences of the New Rice Technology**

International Rice Research Institute, 1978

The Analysis of Response in Crop and Livestock Production John L.

Dillon, Jamie G Anderson, 2012-12-02 The role of the agricultural scientist is to manipulate crop and livestock response phenomena so that they serve society's needs better enabling countries to obtain full benefit from their agricultural resources By producing food more efficiently resources can be made available for non agricultural development and other needs beyond the essentials of food and fibre This text provides an introductory outline of the analytical principles involved in appraising the efficiency of crop fertilizer and livestock feed response It provides students of both agricultural science and economics with a simple but formal exposition of the why how and wherefore of the principles of crop and livestock analysis thereby helping to further co operative effort among biological and economic researchers The third edition has been updated and revised with additions relating to the principles of modelling the concept of economic duality as pertinent to response processes the appraisal of aggregate response and the economics of response research *Agricultural Economics and Rural Sociology* Wallace C. Olsen, 1991 The first of an eight volume series The Literature of the Agricultural Sciences this book analyzes the trends in the published literature of agricultural economics and rural sociology during the past fifty years It uses citation analysis and other bibliometric techniques to identify the primary journals report series and monographs of current importance to the developed industrial countries as well as those in the Third World Issues in Indian Agricultural Development M. Zarkovic, 2019-04-10 This work analyzes growth and structural change in Indian agriculture over the last three decades In order to develop a global perspective the Indian agricultural growth experience is introduced using parallels and contrasts with other parts of the Third World The book is characterized by an empirical approach to the underlying economic data and a multi disciplinary approach to the ramifications of agricultural growth Considered among these are the transformation of the female labor force population migrations and changes in human welfare This book differs from the numerous others on Indian agriculture insofar as it takes a regional perspective focusing on the causes and effects of inter state variations Proyecto Cooperativo de Investigacion Sobre Tecnologia Agropecuaria en America Latina (PROTAAL) , **Farming Systems Research And Development** W. W. Shaner, 2019-03-08 In recent years policy makers have been paying more attention to the problems of small farmers in developing countries with the idea of increasing their production and standard of living The policy makers objectives are twofold 1 1 to help those whose welfare is materially below the rest of society and 2 2 to help a country increase its agricultural production With adequate agricultural policies these two objectives are mutually reinforcing For example increased food production gives farm households additional food for consumption and surpluses for sale Farmers can then use the money from these sales to buy items they do not produce and the buyers of farm products benefit from the increased supplies *The Rice Economy of Asia* Randolph Barker, Robert W. Herdt, Beth Rose, 1985 The purpose of this book is to present a comprehensive picture of the role of rice in the food and

agricultural sectors of Asian nations      **Bulletin of the United States Bureau of Labor Statistics** ,1984      *A History of Farming Systems Research* Michael P. Collinson,2000 This book provides a detailed history of farming systems research FSR While it includes the application of FSR to developed country agriculture its main focus is on FSR in its original role with small scale resource poor farmers in less developed countries There are some 40 contributions from nearly 50 contributors from 20 countries illustrating both the diversity and yet the coherence of FSR The five parts of the book cover 1 FSR understanding farmers and their farming FSR origins and perspectives understanding farming systems 2 the applications of farming systems research FSR in technology choice and development FSR in extension and policy formulation 3 institutional commitment to FSR FSR some institutional experiences in national agricultural research dimensions of the organization of FSR training for FSR 4 FSR the professional dimension regional and international associations FSR and the professional disciplines and 5 cutting edge methods abiding issues and the future for FSR
