Superintendent of Documents,1995     Ecosystem Approaches to the Management of Ocean-related Activities United Nations,2011 Healthy ecosystems provide invaluable functions and services that are essential to the marine environment and to human well being Unfortunately some human activities have had an adverse impact on the structure and functioning of marine ecosystems A multitude of stressors such as pollution overfishing coastal development invasive alien species and climate change have impaired the ability of these ecosystems to provide essential goods and services This training manual focuses on the development and implementation of an ecosystem approach to the management of human activities and their impacts on the marine environment An ecosystem approach is essentially an evolution of integrated coastal and ocean management with a greater emphasis on ecosystem goals and objectives and their outcomes     **Legislative and Review Activities of the Committee on Natural Resources of the House of Representatives** United States. *Yellowstone's Destabilized Ecosystem* Frederic H. Wagner, 2006-05-25 Wagner one of our most distinguished wildlife biologists is a strong critic of ecological practices in the national parks This book provides an assessment of the ecological history of Yellowstone's northern range since before the park existed showing the impact of US Park Service policies on the health of the areas they oversee He demonstrates that elk had been historically rare throughout the region and that overgrazing by elk has seriously degraded the landscape and altered the structure of the area This is a major contribution to reconstructing the ecology of this region over the course of the past 500 years It is also a critique of US Park Service management policies and their stewardship of the nation's most cherished natural areas Wagner's book will generate substantial attention and debate both in the scientific and policy management communities **Selected Acquisitions of the Library** Indiana University, Bloomington.
