Busch,2025-03-15 Disciplining Democracy reveals the political consequences for the triumph of service learning as the dominant pedagogical model of civic engagement in the modern American university Volunteer based civic engagement programs in higher education are popularly understood as curricular opportunities that enable young people to engage as citizens in campus and public life But as David S Busch argues these civic programs are also emblematic of a new political tradition in American higher education a culture of disciplining democracy that polices the boundaries of appropriate forms of citizenship both for the student and for the university itself Looking at seven different universities across two political eras Busch unearths a common institutional trend that student activists demand for action education in the 1960s a demand that many believed would reimagine the political role of the university was reconstituted as university sponsored volunteer programs by the 1980s Disconnected from their political roots and visions these programs became the source for the promotion of service learning as the primary model of the new civics in American higher education and an integral part of institutional strategies for responding to student activism Embraced by universities big and small private and public the triumph of service learning as the new civics narrowed the political terrain of engaged citizenship and set limits on the modern American university s mission In excavating the genealogy of the new civics and its institutional legacy Disciplining Democracy offers a new way to understand the university as a political actor in American life **Works** Israel Zangwill,1925 Atlantic Reporter ,1897 The Southwestern Reporter ,1920 DIY Urbanism in Africa Stephen Marr,Patience Mususa,2023-11-02 Protracted economic crises accelerating inequalities and increased resource scarcity present significant challenges for the majority of Africa s urban population Limited state capacity and widespread infrastructure deficiencies common in cities across the continent often require residents to draw on their own resources knowledge and expertise to resolve these life and livelihood dilemmas DIY Urbanism in Africa investigates these practices It develops a theoretical framework through which to analyze them and it presents a series of case studies to demonstrate how residents invent new DIY tactics and strategies in response to security place making or economic problems This book offers a timely critical intervention into literatures on urban development and politics in Africa It is valuable to students policymakers and urban practitioners keen to understand the mechanisms and political implications of widespread dynamics now shaping Africa s expanding urban environments *The*

Vatter, 2013-04-17 Before Machiavelli political freedom was approached as a problem of the best distribution of the functions of ruler and ruled Machiavelli changed the terms of freedom requiring that its discourse address the demand for no rule or non domination Political freedom would then develop only through a strategy of antagonism to every form of legitimate domination This leads to the emergence of modern political life any institution that wishes to rule legitimately must simultaneously be inscribed with its immanent critique and imminent subversion For Machiavelli the possibility of instituting the political form is conditioned by the possibility of changing it in an event of political revolution This book shows Machiavelli as a philosopher of the modern condition For him politics exists in the absence of those absolute moral standards that are called upon to legitimate the domination of man over man If this understanding lies open to relativism and historicism it does so in order to render effective the project of reinventing the sense of human freedom Machiavelli's legacy to modernity is the recognition of an irreconcilable tension between the demands of freedom and the imperatives of morality     Records of the Town of Lee from Its Incorporation to A.D. 1801 Lee (Mass.), 1900     **The Struggle** Wanda E.
