Bowker Company. Department of Bibliography, 1978 **Twayne's World Authors Series**, 1980 *A Vexing Gadfly* Eliseo Perez-Alvarez, 2011-10-27 This essay on Søren Kierkegaard and economic matters from a theological perspective is well grounded in the Dane's journals In these writings the late nineteenth century thinker shows his solidarity with rural residents 90 percent of the population and urbanite menial workers Topics include the option for the poor the ideology of impotence the denouncing of a competitive society the correlation of wealth and poverty media church university and theatre as social institutions shaping reality Christendom and the retribution doctrine **Humanities**, 1991 **Fairy Tale** Andrew Teverson, 2013-06-19 This volume offers a comprehensive critical and theoretical introduction to the genre of the fairy tale It

Aesthetic Approaches to Children's Literature Maria Nikolajeva,2005-05-12 As undergraduate and graduate courses in children s literature become more established and numerous there is an intense need for a textbook that offers aesthetic rather than educational approaches to children s literature This work fills that void by providing students of children s literature with a comprehensible and easy to use analytical tool kit showing through concrete demonstration how each tool might best be used The chapters are organized around familiar and easily recognized features of literary texts e g author genre character Theoretical issues are illustrated by specific texts from the North American children s literature canon The book explores the particular aesthetics of children s fiction and the ways critical theory may be applied to children s texts while remaining accessible to a college readership without prior specialized knowledge of literary theory Each chapter includes a short introduction to a specific theoretical approach e g semiotics feminist psychoanalytic an example of its application to a literary text a number of activities study questions reading exercises and suggestions for further explorations
