In the middle of a busy anthill under the big old oak tree a group of hardworking ants lived together in peace Everyone in the forest knew how hard they worked and how well they worked together to do their daily tasks Even though they were very busy the Ants Birthday Party was a unique tradition that set them apart The ants thought that all living things no matter how small should have a day to be happy and have fun Their idea was simple but it worked life was a gift that should be cherished Auntie Antella picked up the young ants one beautiful morning while they were sunbathing in the forest's golden light and told them about the Ants Birthday Party that was coming up As the happy little ants told everyone in the anthill plans began to take shape Everyone in the settlement gave their unique skills to make the party amazing Antonio who was a great cook chose to make a cake out of the juiciest and sweetest crumbs they could find Antoinette the artist used flower petals and dewdrops as ink to make beautiful invitations Antonia who is very good at planning things made a schedule of games and events But the most important job was to ask Queen Butterfly the most beautiful and smart butterfly in the forest to the party The ants worked together and didn't give up so they turned their home into a party with daisies dandelions small tables pebble chairs and fragrant petal garlands As the party day got closer Auntie Antella gathered the little ants again stressing how important it was to share happiness and kindness which was the real point of their celebration Finally the long awaited day came and the forest was bathed in golden light Antonio showed off a cake with colored crumbs and tasty dew on top along with tiny ants dressed in their smallest shiniest outfits Beautiful invitations from Antoinette brought guests from all over the forest such as friendly beetles happy ladybugs and a family of singing crickets The event started with a lively dancing competition where many wild animals showed off their skills As the party hit its peak Queen Butterfly gracefully lowered herself from the canopy When her bright wings shone like rainbows the anthill was filled with awe Queen Butterfly danced with the young ants and told them stories about her travels She added a magical touch to the party It was time to cut the cake as the sun went down By cutting the cake into two equal halves Queen Butterfly shows how important it is to share and be with others The ants found out that the party wasn't special because of the cake the flowers or even the special guest What really made it memorable was the love laughter and friendship they shared The queen butterfly smiled and praised the ants for being honest and able to enjoy the beautiful things in life Her words had a big effect on us because they reminded us that how

sincere the party was more important than how big it was After that the ants kept working hard while also finding time to have fun and get to know each other Their anthill became a place of peace and unity when they were friendly and warm to all the animals in the forest Everyone remembered that every day was a gift worth celebrating at the Ants Birthday Party which became a ritual People outside of the forest heard about the ants story and it became a sign of unity kindness and the magic of celebration It showed that even the smallest animals could teach us the most important lessons about love and what it means to celebrate This is how the story starts A group of hardworking ants used to live in a busy anthill under the beautiful old oak tree These ants were known all over the forest for how hard they worked and how well they worked together They worked together every day to get food and build tunnels to keep their home safe and warm Even though they had a lot going on the Ants Birthday Party was always something they looked forward to There were a lot of ants in the hive or rather in the anthill that was under the big oak tree Working together and supporting each other were more than just beliefs there they were ways of life Each ant had a job to do from the hunters who went out to find food and nectar to the builders who carefully planned and constructed complex tubes under the hill Their little legs worked hard carrying leaves that were many times their own length and width and digging paths that wound through the ground like a maze People in the woods knew how hard the ants worked and even other animals in the woods respected their persistence Animals like squirrels bunnies and birds were amazed by the ants well organized rows with each ant carrying its own weight and by how well their society worked as a whole Even though they worked very hard the ants loved the Ants Birthday Party more than anything else This yearly gathering showed how much they cared about happiness and unity all the time Everybody in the colony took the day off from work to enjoy the easy things in life Plans for the Ants Birthday Party began months ago Auntie Antella who is the tallest and smartest ant was in charge of planning everything The settlement didn't tell anyone how old she was but everyone could tell she was smart She had seen many generations of ants and knew how important it was to build a strong sense of community Uncle Antella would group the young ants around her their eyes sparkling with excitement and tell them stories about festivals that had happened in the past These stories were more than just fun they taught us how to work together be kind and know how important it is to take a break from the stresses of everyday life Auntie Antella told the little ants about the time they had Mr and Mrs Beetle over even though they were lost in the bush When the beetles brought music and dances to the festival the ants gave them food and a place to live in return These stories helped them remember that the Ants Birthday Party was a chance to be kind and friendly to everyone not just themselves As time went on the young ants were happy to offer their skills to help the party go well Antonio the anthill's skilled cook would try out new recipes to make the best party food and Antoinette the anthill's artistic soul would carefully write invitations on a canvas of petals and dewdrops Antonia who is very good at planning things would make sure that everyone had a good day by planning games and other fun things to do The most important job though was picking out a special guest for the party There would be heated arguments

among the young ants over who would represent the party's energy. They could have invited anything from a wise old owl to a beautiful dragonfly but they chose to invite Queen Butterfly who was the most beautiful and elegant butterfly in the forest. As the big day got closer the ants' excitement level went through the roof. By adding wildflowers, leaves and rocks to their simple anthill they turned it into a wonderful wonderland. Small tables with pebble seats were set up and beautiful wreaths made of fragrant flower petals hung over the door filling the room with a lovely scent. The day of the Ants Birthday Party the sun seemed to shine brighter and the forest seemed to be buzzing with excitement. To celebrate Antonio's birthday the little ants dressed in their cutest and brightest clothes gathered around his cake which sparkled with colored crumbs and sugary dew. People from all over the world came to Antoinette's party because of her beautiful invites. Bugs like ladybugs, beetles, crickets and even a friendly group of bumblebees hummed with happiness as they joined in the fun. To start the party off the young ants planned a loud dance contest. Ladybugs moved smoothly, beetles tapped their feet to a jazzy beat and ants did complicated dance moves they had been practicing for weeks. The forest animals were having a great time and they were laughing and cheering the whole time. The leaves moved in a light breeze and Queen Butterfly came down from the ceiling just as the party was starting. The anthill was filled with awe when she flew by. Her wings sparkled like a thousand rainbows. The young ants yelled, "Welcome Queen Butterfly! Thank you for coming to our party!"

Prince Oliver and I wish to offer you a gift as a token of my admiration The prince who was always kind and innocent took her up on her offer He didn't know that the witch was after bad things The beautiful prince turned into a little green frog when she cast her spell with a sneaky glint in her eye She laughed as she faded into the darkness and said You will stay in this form until someone really loves you for who you are Oliver Prince had tears in his eyes He was left alone by the pond in the lovely forest and now his royal life is just croaks and hops The curse was like a thick fog over him and he had no idea when or how it would go away Even though he had changed he was still kind and gentle and he hoped that someone would recognize him as the prince he used to be To break the curse and come back as a prince he hopped around the pond every day In the forest the prince met many frogs and other animals They were all nice and inviting but he felt like he was meant for more He wished he had a real friend who could see the prince in him even though his skin was green and slimy **Chunky, the**

The Crocodile's Smile AQEEL AHMED,2023-05-07 The Crocodile s Smile Summary of this story Charlie s story is a moving tale about the power of kindness and how important it is to take care of oneself Charlie was different from all the other crocodiles in the bush because he always had a smile on his face He liked helping people and

making people happy wherever he went He became known as the nicest and happiest crocodile in the jungle Charlie s smile and friendliness were so contagious that they made even the grumpiest creatures happy They were amazed at how Charlie could make even the worst situations better As Charlie and his friend the once angry crocodile went on their travels they met many more animals that needed their help They were known as the guardians of the bush and all the animals looked to them for advice and safety Charlie found out one day that he had been putting other people s needs ahead of his own He told his friend and then he took some time off and went on a trip by himself He wanted to find out what made him happy again and smile again As he went through the bush he smiled again as he thought about the things that used to make him happy Charlie kept helping other people and still had time for himself He went on trips by himself exploring the bush and finding new things to love and appreciate He stayed the happiest and nicest crocodile in the jungle and all the other animals loved and respected him In the end Charlie s actions changed the bush for good He showed the animals how important it is to be kind and helpful to other people And he had shown that even small acts of kindness can make a big difference in the world When Charlie died the animals in the woods knew that his memory would live on forever They carried on his tradition of kindness and friendship by spreading happiness and love everywhere they went

How the story started Once upon a time Charlie was a nice and happy crocodile who lived deep in the woods Charlie was a very special crocodile who was different from all the others in the forest He was known for his big smile which he always wore no matter what was going on around him Charlie was nice and kind which was different from most alligators who were often thought to be mean and dangerous Even if they weren t his friends he was always ready to help any animal in need Charlie was liked by the animals in the woods because he was always happy and kind They knew that no matter what was going on he could make them feel better Everyone around him felt happy and at ease because of his smile Charlie was a crocodile and even though he was friendly he had to look for his food He always had a smile on his face even when he was hunting He never took more than he needed and he always left some for the other animals in the woods Charlie s positive attitude made him popular with the animals in the woods and it also helped him do well at everything he tried He was a great hunter who always found the best places to hide when he needed to rest Charlie s fellow crocodiles in the bush made fun of him because he was nice and smiled They said he was weak and not a real crocodile But what they said didn t bother Charlie He knew that being kind and helping was the right thing to do and he was proud of who he was One sunny day Charlie the crocodile was relaxing in the sun by the river when he heard a huge commotion He turned his head and paid close attention It sounded like scared animals running away and screaming Charlie knew something was wrong and got up to find out what it was He moved quickly through the thick jungle plants to get to where the noise was coming from As he got closer the sounds got louder and faster Charlie could tell something big was going on because he could hear fear in the animals sounds As Charlie finally came out of the bush he saw a huge dangerous crocodile with sharp teeth and an angry face The other animals tried to run away but they were so scared

they couldn't move Charlie saw that he had to move quickly He swam up to the angry reptile and said Hey why are you scaring everyone What's wrong The angry reptile said I'm mad because I'm hungry and there's nothing to eat around here Oh that's no problem Charlie said There's plenty of food in the jungle and I'll show you where to find it The angry reptile asked Why are you being so nice to me Aren't you afraid of me Charlie simply said No I'm not afraid of you I'm happy to help and I think it's always right to be kind to others He then led the angry crocodile through the bush and showed him all the different fruits berries and plants that he could eat The angry crocodile couldn't believe how much food was there and how easy it was to find By the end of the day the angry crocodile was full and happy He had never been happy or more thankful before Thank you Charlie You showed me that there is more to life than being angry and mean You taught me that being kind and helping others is the right way to live I'm glad I could help said Charlie That's what friends are for From that day on the angry crocodile was Charlie's friend and the two of them spent their days exploring the jungle and helping other people They had made an odd deal The two crocodiles were complete opposites but they both loved helping others and being friends The other animals in the bush were shocked by the change in the angry crocodile They couldn't believe that the animal which used to be scary had become a kind and loving crocodile The animals quickly got used to the new crocodile and soon Charlie and his friend were seen as the nicest and happiest crocodiles in the jungle
