Hollywood and the CIA Oliver Boyd Barrett,David Herrera,James Baumann,2011-03 This book investigates representations of the Central Intelligence Agency CIA in Hollywood films and the synergies between Hollywood product U S military defense interests and U S foreign policy As probably the best known of the many different intelligence agencies of the US the CIA is an exceptionally well known national and international icon or even brand one that exercises a powerful influence on the imagination of people throughout the world as well as on the creative minds of filmmakers The book examines films sampled from five decades the 1960s 1970s 1980s 1990s and 2000s and explores four main issues the relative prominence of the CIA the extent to which these films appeared to be overtly political the degree to which they were favorable or unfavorable to the CIA and their relative attitude to the business of intelligence A final chapter considers the question do these Hollywood texts appear to function ideologically to normalize the CIA If so might this suggest the further hypothesis that many CIA movies assist audiences with reconciling two sometimes fundamental opposites often gruesome covert CIA activity for questionable goals and at enormous expense on the one hand and the values and procedures of democratic society on the other This interdisciplinary book will be of much interest to students of the CIA Intelligence Studies media and film studies US politics and IR Security Studies in general

version the 1949 western television series The Lone Ranger made Clayton Moore's masked character one of the most recognized in American popular culture. Other westerns followed and by 1959 there were 32 being shown daily on prime time television. Many of the stars of the nearly 75 westerns went on to become American icons and symbols of the Hollywood West. This encyclopedia includes every actor and actress who had a regular role in a television western from 1949 through 1959. The entries cite biographical and family details, accounts of how the player first broke into show business and details of roles played, as well as opinions from the actors and their contemporaries. A full accounting of film, serial, and television credits is also included. The appendix lists 84 television westerns with dates, show times, themes, and stars.

I Was a Monster Movie Maker Tom Weaver, 2010-06-21 Phil Brown, who played Luke Skywalker's uncle in Star Wars, said, "In my long life in films, there are ones I'm proud of and those I'm not proud of. The Jungle, Captive, and Weird Woman fall into the latter category." House of Wax co-star Paul Picerni was fired by the film's director when he refused to put his head in a working guillotine during a climactic fight scene. Packed with wonderful tidbits, this volume collects 22 interviews with the moviemakers responsible for bringing such films as This Island Earth, The Haunting, Carnival of Souls, Pit and the Pendulum, House of Wax, Tarzan, the Ape Man, The Black Cat, Them, and Invasion of the Body Snatchers to the movie screen. Faith Domergue, Michael Forest, Anne Helm, Candace Hilligoss, Suzanna Leigh, Norman Lloyd, Maureen O'Sullivan, Shirley Ulmer, Dana Wynter, and many more are interviewed.

Harry Alan Towers Dave Mann, 2014-11-03 Harry Alan Towers' reputation rests upon a corpus of 95 low-budget productions shot post-haste in every corner of the globe. He took an integral part, however, in the development of the protocols that now underpin much transnational film production, and he must be regarded as a pioneer. Towers' slash-and-burn strategy focused on parasitic, back-to-back productions funded by rights bundles that were pre-sold globally. This strategy was substantially derived from his early days in broadcasting, wherein he acted as a go-between in the American and the British Commonwealth markets. Though he became adept at procuring funds from pariah regimes and black market economies, primarily he continued to act as a broker, bringing together American equity investment and European finance under the auspices of EC co-production agreements. He was also quick to exploit the burgeoning niche markets becoming available in the wake of technological developments and government initiatives.

Trashfiend Scott Stine, 2012-10-03 A loving look at disposable horror culture from the 1960s and 1970s. Over two glorious decades, the horror film waged war on good taste, exploiting every taboo and bursting every envelope along the way. TRASHFIEND is the definitive guide to the chaotic, creative, and endlessly entertaining golden age of horror cinema. Scott Stine, author of The Gorehound's Guide to Splatter Films series, shines a fond but satiric light on everything from low-budget horror films to grisly comic art, lurid movie magazines to late-night creature features, campy monster toys to exploitive poster art. Packed with reviews, trivia, interviews, anecdotes, and rare illustrations, and written with witty and insightful flair, TRASHFIEND will fascinate aficionados, nostalgists, and cinema lovers of every stripe for a fun, energetic, and critical look at this beloved genre.

Marked Women Russell Campbell, 2006-04-05 Julia Roberts played a prostitute famously in *Pretty Woman* So did Jodie Foster in *Taxi Driver* Jane Fonda in *Klute* Anna Karina in *Vivre sa vie* Greta Garbo in *Anna Christie* and Charlize Theron who won an Academy Award for *Monster* This engaging and generously illustrated study explores the depiction of female prostitute characters and prostitution in world cinema from the silent era to the present day industry From the woman with control over her own destiny to the woman who cannot get away from her pimp Russell Campbell shows the diverse representations of prostitutes in film *Marked Women* classifies fifteen recurrent character types and three common narratives many of them with their roots in male fantasy *The Happy Hooker* for example is the liberated woman whose only goal is to give as much pleasure as she receives while *The Avenger* a nightmare of the male imagination represents the threat of women taking retribution for all the oppression they have suffered at the hands of men *The Love Story* a common narrative represents the prostitute as both heroine and anti heroine while *Condemned to Death* allows men to manifest in imagination only their hostility toward women by killing off the troubled prostitute in an act of cathartic violence The figure of the woman whose body is available at a price has fascinated and intrigued filmmakers and filmgoers since the very beginning of cinema but the manner of representation has also been highly conflicted and fiercely contested Campbell explores the cinematic prostitute as a figure shaped by both reactionary thought and feminist challenges to the norm demonstrating how the film industry itself is split by fascinating contradictions
