Hard Times Hard Choices A Statement:

Hard Choices, Easy Answers R. Michael Alvarez, John Brehm, 2020-10-06 Those who seek to accurately gauge public opinion must first ask themselves Why are certain opinions highly volatile while others are relatively fixed Why are some surveys affected by question wording or communicative medium e g telephone while others seem immune In *Hard Choices Easy Answers* R Michael Alvarez and John Brehm develop a new theory of response variability that by reconciling the strengths and weaknesses of the standard approaches will help pollsters and scholars alike better resolve such perennial problems Working within the context of U S public opinion they contend that the answers Americans give rest on a variegated structure of political predispositions diverse but widely shared values beliefs expectations and evaluations Alvarez and Brehm argue that respondents deploy what they know about politics often little to think in terms of what they value and believe Working with sophisticated statistical models they offer a unique analysis of not just what a respondent is likely to choose but also how variable those choices would be under differing circumstances American public opinion can be characterized in one of three forms of variability conclude the authors ambivalence equivocation and uncertainty Respondents are sometimes ambivalent as in attitudes toward abortion or euthanasia They are often equivocal as in views about the scope of government But most often they are uncertain sure of what they value but unsure how to use those values in political choices

A History of Canadian Economic Thought Robin Neill, 1991-06-06 *A History of Canadian Economic Thought* investigates the relationship between the evolution of economic theory and the particular geographical and political context of that theory Theories and policies are critiqued by testing them against both the conditions to which they were applied and against competing theories Not surprisingly Canadian economics reflects a number of significant issues in Canadian history Neill argues that there were distinctive economic movements in nineteenth century Ontario and in early twentieth century Quebec but that these have been displaced by an emerging North American discourse The book includes full accounts of the work of all the major figures in Canadian economics including John Rae H A Innis and Harry Johnson

Tough Choices Toby Seddon, Lisa Williams, Robert Ralphs, 2012-05-17 Examines the focus on crime and criminal justice in British drugs policy from why it happened at all to what led policy to unfold in the way that it did Includes analysis of crucial policy documents and over 200 interviews with key players in the policy development and implementation process

The New Practical Guide to Canadian Political Economy Daniel Drache, Wallace Clement, 1985-01-01 *The New Practical Guide to Canadian Political Economy* is a handy reference to the vast range of research and writing that political economists in Canada have completed to the date of publication The book is divided into twenty five subject bibliographies each one compiled and introduced by an expert in the field The overall range of subjects includes economic development in Canada Canada's external economic relations regional disparities and regional development social and economic classes women Native peoples politics and the Canadian state nationalism culture and political thought The book is indexed by author and

includes a helpful shortlist of the staples in Canadian political economy Published in 1985 *The New Practical Guide to Canadian Political Economy* remains a useful reference to some of the classic literature of the discipline *Browsing Science Research at the Federal Level in Canada* Brian B. Wilks, 2004-01-01 Wilks provides a historical background list of publications and description of activities for most of the major science initiatives undertaken at the federal level He surveys a wide range of government documents and monographic and serial science collections used by both faculty and students

Military Construction Appropriations for 1990 United States. Congress. House. Committee on Appropriations. Subcommittee on Military Construction Appropriations, 1989 President Bush's budget revisions United States. Congress. House. Committee on Appropriations. Subcommittee on Military Construction Appropriations, 1989 The imperial premiership Sam Goodman, 2016-10-24 Recent votes in the House of Commons on British military intervention have put foreign policy at the heart of public consciousness This book spans British foreign policy over the last fifty years and nine premierships from Harold Wilson to David Cameron Based on the author's first hand interviews with former foreign secretaries Cabinet ministers senior civil servants party officials military chiefs and diplomats it offers a unique account of the growing role of the prime minister in foreign policymaking and its impact Written by a senior parliamentary researcher it offers an insider account of votes on military intervention in Syria The prime minister now spends more time on foreign policy than any previous period outside war yet the public and MPs themselves remain relatively ill informed of foreign policy outside of crises If we are to avoid the mistakes of the past and utilise our country's full capacity on the world stage we need a societal change in how we vet those who seek the office and in educating the electorate *Perilous Partners* Ted Galen Carpenter, Malou Innocent, 2015-09-22 American leaders have cooperated with regimes around the world that are to varying degrees repressive or corrupt Such cooperation is said to serve the national interest But these partnerships also contravene the nation's commitments to democratic governance civil liberties and free markets During the Cold War policymakers were casual about sacrificing important values for less than compelling strategic rationales Since the 9/11 attacks similar ethical compromises have taken place although policymakers now seem more selective than their Cold War era counterparts Americans want a foreign policy that pursues national interests while observing American values How might that reconciliation of interest and morality be accomplished In *Perilous Partners* authors Ted Galen Carpenter and Malou Innocent provide a strategy for resolving the ethical dilemmas between interests and values faced by Washington They propose maintaining an arm's length relationship with authoritarian regimes emphasizing that the United States must not operate internationally in ways that routinely pollute American values It is a strategy based on ethical pragmatism which is the best way to reconcile America's strategic interests and its fundamental values *Perilous Partners* creates a strategy for conducting an effective U.S. foreign policy without betraying fundamental American values **An Overview of the Administration's Federal Research and Development Budget** United States. Congress. House. Committee on Science,

Space, and Technology (2011),2011 **Department of Defense Appropriations for 1996** United States. Congress. House. Committee on Appropriations. Subcommittee on National Security,1996 *Department of Defense Appropriations* United States. Congress. House. Committee on Appropriations. Subcommittee on Department of Defense,1996

Department of Defense Appropriations for 1996: Secretary and Chief of Staff of the Army ... Navy ... Naval Operations ... Marine Corps ... Air Force United States. Congress. House. Committee on Appropriations. Subcommittee on National Security,1996 **Continentalizing Canada** Gregory J. Inwood,2005-01-01 Free trade has been a highly contentious issue since the Conservative government of Brian Mulroney negotiated the first deal with the United States in the 1980s Tracing the roots of Canada s contemporary involvement in North American free trade back to the Royal Commission on the Economic Union and Development Prospects for Canada in 1985 also known as the Macdonald Commission Gregory J Inwood offers a critical examination of the commission and how its findings affected Canada s political and economic landscape including its present day reverberations Using original research including content analysis interviews archival information and surveys of relevant literature Inwood argues that the Macdonald Commission created an atmosphere and political discourse that made the continentalization of Canada possible by way of free trade agreements with the U S and Mexico Through the use of a suspect research program and with the aid of a select oligarchy within the Commission and the government bureaucracy opposition to continentalism from both the majority of the Canadian population and even several commissioners was ignored Accessible to readers interested in Canadian politics policy or economy Continentalizing Canada offers a thorough examination into the Macdonald Commission and the resulting discourse in the Canadian political economy *Handbook of Research in the Social Foundations of Education* Steven Tozer,Bernardo P. Gallegos,Annette Henry,Mary Bushnell Greiner,Paula Groves Price,2011-07-05 Parts one and two of this volume present the theoretical lenses used to study the social contexts of education These include long established foundations disciplines such as sociology of education and philosophy of education as well as newer theoretical perspectives such as critical race theory feminist educational theory and cultural studies in education Parts three four and five demonstrate how these theoretical lenses are used to examine such phenomena as globalization media popular culture technology youth culture and schooling This groundbreaking volume helps readers understand the history evolution and significance of this wide ranging often misunderstood and increasingly important field of study This book is appropriate as a reference volume not only for scholars in the social foundations of education but also for scholars interested in the cultural contexts of teaching and learning formal and informal It is also appropriate as a textbook for graduate level courses in Social Foundations of Education School and Society Educational Policy Studies Cultural Studies in Education and Curriculum and Instruction **Syria Betrayed** Alex J. Bellamy,2022-09-06 The suffering of Syrian civilians caught between the government s barrel bombs and chemical weapons and religious fanatics beheadings and mass killings shocked the world Yet despite international law and political

commitments proclaiming a responsibility to protect civilians from mass atrocities world actors stood aside as Syria burned Again and again neighboring states global powers and the United Nations opted for half measures or made counterproductive choices that caused even more harm Alex J Bellamy provides a forensic account of the world's failure to protect Syrian civilians from mass atrocities Drawing on interviews with key players documents from the United Nations and other international organizations and sources from the Middle East and beyond he traces the missteps of the international response to Syria's civil war Bellamy systematically examines the various peace processes and the reasons they failed highlighting potential alternative paths He details how and why key actors prioritized their own national interest geopolitical standing regional stability local rivalries counterterrorism goals or domestic politics rather than the welfare of Syrians Some governments settled on unrealistic strategies founded on misguided assumptions while others pursued naked ambition the United Nations descended into irrelevance and even complicity Shedding new light on the decisions that led to a vast calamity Syria Betrayed also draws out lessons for more effective responses to future civil conflicts
