The book shows how sacred natural sites contribute to defining new more sustainable and more equitable forms of protected areas and conservation that reflect the worldviews and beliefs of their respective cultures and religions. The book contributes to a paradigm shift in conservation and protected areas as it advocates for greater recognition of culture and spirituality through the adoption of biocultural conservation approaches.

The Healing Wisdom of Mary Magdalene Jack Angelo, 2015-02-22. An in-depth study of the heart-centered teachings of Mary Magdalene. Explains how the Fourth Gospel of the New Testament, specifically the Gospel of Signs, is actually a direct transcription of Mary Magdalene's oral teachings. Reveals Mary Magdalene as a gifted visionary teacher and the best qualified disciple to lead the Jesus movement after his death. Details how the Gospel of Signs outlines 7 key steps for personal transformation and healing. The discovery and translation of the Gnostic Gospels have revealed Mary Magdalene to be a gifted visionary teacher and the best qualified disciple to lead the Jesus movement following his death. Yet according to most scholars, only a few fragments of her actual teachings have survived. Sharing more than 20 years of research inspired by a profound experience at the cave in southern France where Mary Magdalene is reputed to have spent her final years, Jack Angelo reveals that the Fourth Gospel of the New Testament, traditionally attributed to John, is actually a direct transcription of Mary Magdalene's oral teachings. He explains how the Fourth Gospel was recast by more conservative members of the Jesus movement, such as Peter and Andrew, to hide Mary's authorship and suppress her role as head disciple. Delving deeply into the many layers of meaning within the Gospel of Signs, the first 11 chapters of the Fourth Gospel, which describe seven of Jesus' miracles, he shows how Mary's teachings outline seven key steps for personal transformation and profound healing. For example, the sixth sign describes the shamanic healing of a blind man when Jesus spits on clay and smears the paste over the man's eyes. Angelo explains how the

deeper meaning of this sign is about perceiving with the eyes of the heart Beyond the beauty and simplicity of Mary s wisdom for personal transformation and healing Angelo also shows how Mary s heart centered teachings embody the resurgence of feminine energy that is vitally needed to restore balance to the psyche and health of humanity as well as to Earth **Cosmic Consciousness** Richard Maurice Bucke,2009-04-23 Acclaimed by William James as an addition to psychology of first rate importance this pioneering work constitutes a classic modern study of the mystical experience Author Richard Maurice Bucke a distinguished progressive psychiatrist explores the phenomenon of transcendent realization or illumination Bucke draws upon his firsthand experience of a life altering insight to explore the theory of cosmic consciousness an advance in mental evolution with the potential to raise existence to a higher plane As valuable today as it was upon its 1901 publication this landmark survey treats illumination from the standpoint of psychology as a rare but definite and well documented mental condition It cites instances of sudden enlightenment experienced by mystics philosophers writers and artists throughout history noting an increasing frequency of episodes consistent with an evolutionary trend Numerous case studies offer intriguing real life particulars of people and their personal epiphanies from Buddha Jesus and Mohammed to Dante William Blake Walt Whitman and lesser known individuals A work of uplift and promise this book offers readers a vista of extraordinary possibilities and a renewed capacity for hope and wonder The Spirit Messenger ,1850 **Cosmic Consciousness** Richard M.
