Harmony Of Reflected Light The Photographs Of Arthur Wesley Dow:

Harmony of Reflected Light James Enyeart, Arthur Wesley Dow, 2001 The author weaves 135 reproductions of Dow s images with essays about the artist's personal and professional life and a clear picture of Dow's contributions to early modernist photography develops as a result The Buddha in the Machine R. John Williams, 2014-06-24 The writers and artists described in this book are joined by a desire to embrace Eastern aesthetics as a means of redeeming Western technoculture. The assumption they all share is that at the core of modern Western culture there lies an originary and all encompassing philosophical error and that Asian art offers a way out of that awful matrix That desire this book attempts to demonstrate has informed Anglo and even Asian American debates about technology and art since the late nineteenth century and continues to skew our responses to our own technocultural environment The Materiality of Color Andrea Feeser, Maureen Daly Goggin, Beth Fowkes Tobin, 2012 The purpose of this essay collection is to recover color s complex and sometimes morally troubling past By emphasising color's materiality and how it was produced exchanged and used contributors draw attention to the disjuncture between the beauty of color and the blood sweat and tears that went into its production circulation and application as well as to the complicated and varied social meanings attached to color within specific historical and social contexts Georgia O'Keeffe, Photographer Lisa Volpe, Ariel Plotek, 2021-11-16 A groundbreaking introduction to the photographic work of an iconic modern artist The pathbreaking artist Georgia O Keeffe 1887 1986 is revered for her iconic paintings of flowers skyscrapers animal skulls and Southwestern landscapes Her photographic work however has not been explored in depth until now After the death of her husband the photographer Alfred Stieglitz in 1946 photography indeed became an important part of O Keeffe's artistic production She trained alongside the photographer Todd Webb revisiting subjects that she had painted years before landforms of the Southwest the black door in her courtyard the road outside her window and flowers O Keeffe's carefully composed photographs are not studies of detail or decisive moments rather they focus on the arrangement of forms This is the first major investigation of O Keeffe s photography and traces the artist s thirty year exploration of the medium including a complete catalogue of her photographic work Essays by leading scholars address O Keeffe s photographic approach and style and situate photography within the artist's overall practice.
