Economic Transition In Central And Eastern Europe Planting The Seeds:

Economic Transition in Central and Eastern Europe Daniel Gros,2006 **Economic Transition in Central and Eastern Europe** Daniel Gros,Alfred Steinherr,2004-03-25 Analysing the key problems facing the transition countries in Central and Eastern Europe this accessible book describes the legacy of the central planners the progress achieved so far and the need for further reforms It documents the outstanding successes and failures and analyses why certain approaches to transition have worked and others have not It tests where transition is over and shows how some countries have graduated from transition to integration through their efforts to join the European Union EU It discusses the costs and benefits of the eastern enlargement of the EU The specific experiences of German unification the Soviet Union s disintegration and Russia s complex reforms are examined as are the specific issues that need to be addressed in the Balkans The book concludes by indicating how the expanding EU could help the poor performers through inclusion in a continent wide integrated economic area *Energy Transitions in Central and Eastern Europe* Tomas Maltby,Matúš Mišík,2024-04-04 This book examines the mutual interplay of climate and energy policies in eleven Central and Eastern European countries in the context of the EU s energy transition Energy security has long been prioritised in the region and has shaped not only national climate and energy policy but also EU level policy making and implementation Whilst the region shares economic institutional and historical energy supplier commonalities it is not homogenous and the book considers the significant differences between the preferences and policies of these member states Chapters also explore the effect of the EU on member states that have joined since 2004 and their influence on the EU s energy and climate policies and their role in highlighting the importance of the concepts of security and solidarity The book highlights the challenges to and drivers of energy transitions in the region and compares these with those in global energy transitions *The Middle-Income Trap in Central and Eastern Europe* Yaman Kouli,Uwe Müller,2023-11-10 Since the 1990s the economic development of Central and Eastern Europe has maintained high economic growth rates seemingly leading to an era of prosperity This very positive vision of future economic success linked to current political backlash and a long history of economic adversity is a thin veil of the economic way west for so called transition countries The Middle Income Trap in Central and Eastern Europe examines the reality of the diminishing marginal utility of further international investments alongside the pitfalls of higher government spending to cultivate innovation which ultimately makes foreign capital less attractive In this volume authors from diverse disciplinary perspectives reflect on current debates surrounding the developmental bottlenecks in East Central Europe Their common goal is to analyze the manner of socio economic transformation question of the relevance and impact of the middle income trap and identify possible ways to escape it Transition Economics Peter Luke,2012-07-26 Celebrating twenty years of transition from socialism to capitalism this book is designed to be the core textbook for undergraduate courses in transition economics and comparative economic systems Given the passage of time Transition Economics Two Decades On reviews and

accounts for the outcomes in the so called transition economies and from an academic perspective takes the reader through developments and issues in the twenty years of transition from plan to market Treating its subject matter thematically the book incorporates much of the transition economics literature and evidence that have evolved over the past two decades In particular the authors focus on the most important aspects of economic transition including The initial conditions at the outset of transition Paradigms and patterns of transition The main transition policies and economic reforms The performance of transition countries and firms The lessons from transition The textbook covers a wide range of both contemporary microeconomic and macroeconomic issues in over thirty ex socialist European and Asian countries including Russia and China Transition Economics Two Decades On is more than just a book about a particular part of the world or the transformation that was experienced at a particular time in history The authors believe that the study of the economics of transition gives the reader an insight into theories policies reforms legacies institutions processes and lessons that have application and relevance beyond the specific transition from plan to market to other parts of the world and to other times in history

The Handbook of Political, Social, and Economic Transformation Wolfgang Merkel,Raj Kollmorgen,Hans-Jürgen Wagener,2019-01-03 Political social and economic transformation is a complex historical phenomenon It can adequately be analysed only by a multidisciplinary approach The Handbook brings together an international team of scholars who are specialists in their respective research fields It introduces the most important areas theories and methods in transformation research with particular attention placed on the historical and comparative dimension Although focussing on post communist and other democratic transformations in our epoch the Handbook therefore presents and discusses not only their problems paths and developments but also deals with the antecedent waves beginning with the Meiji Restoration in Japan in 1868 and its aftermath The book is structured into six parts Starting with basic concepts as systems actors and institutions Section I it gives an overview over major theoretical approaches and research methods Sections II and III The connection of theory and method with their application is essential allowing special insights into the past and opens analytical avenues for transformation research in the future Section IV provides a historically oriented description or interpretation of particular waves or types of societal transformation With a clear focus on present transformations the contributions to Section V provide a description and discussion of the problems structures actors and courses of the transformations within different spheres of civil society politics law and economics Finally brief lexicographic entries in Section VI delineate research perspectives and facts about relevant issues of societal transformation Each of the 79 contributions contains a concise list of the most important research literature

[Privatization and Transition in Russia in the Early 1990s](#) Carol Scott Leonard,David Pitt-Watson,2013-06-19 Few economic events have caused such controversy as the privatization process in Russia Some see it as the foundation of political and economic freedom For others it was economics gone wrong and ended in Russians stealing money from their own country As Russia reasserts itself and its new

brand of capitalism it is ever more important that policy makers and scholars understand the roots of the economic structure and governance of that country what was decided who made the decisions and why what actually transpired and what implications this has for the future of Russia This work written by two senior advisors to the Russian government has unique access to documentation tracking the decision making process in the Russian Mass Privatization process By close reference to events and supplemented by interviews with many of the key participants it shows that the policies adopted were often influenced and shaped by different forces than those cited by current popular accounts The book challenges the interpretation of Russian privatization by some of the West s most eminent economists It underlines that economists of all schools who bring assumptions from the West to the analysis of Russia may reach false or misleading conclusions It is an essential guide for anyone interested in Russian economic reform and anyone who seeks to understand this enigmatic country and its actions today

Research Handbook on Economic Diplomacy Peter A.G. van Bergeijk, Selwyn J.V. Moons, 2018-06-29 This Handbook positions economic diplomacy as a multidisciplinary field and presents state of the art research relevant to policy makers and academia around the globe focusing on four themes the role of economic diplomats the impact and evaluation of economic diplomacy politics and trade and emerging markets It offers academic business and policy perspectives taking stock of knowledge produced with qualitative and quantitative research on Northern America Europe Africa Asia and Latin America

Diverse Spaces of Childhood and Youth Ruth Evans, Louise Holt, 2016-04-08 Diverse Spaces of Childhood and Youth focuses on the diverse spaces and discourses of children and youth globally The chapters explore the influence of gender age and other socio cultural differences such as race ethnicity and migration trajectories on the everyday lives of children and youth in a range of international contexts These include the diverse urban environments of Istanbul Copenhagen Helsinki Toronto London and Bratislava and the contrasting rural settings of Ghana and England The analyses of children s young people s parents and professionals experiences and discourses provide critical insights into how gender and other socio cultural differences intersect The importance of everyday practices and performances in the formation of children s and young people s identities is revealed through for example friendships and everyday sociality mobilities and movements across space in both rural and urban environments The volume shows how discourses of childhood particularly those associated with risk intersect with difference The recognition of young people s agency and participation is central to many of the chapters whilst also raising methodological questions about how discourses of childhood and youth are researched Overall the book provides an original contribution to geographies of children youth and families and research on diversity and difference in global contexts This book was published as a special issue of Children s Geographies

Mapping European Economic Integration A. Verdun, A. Tovias, 2013-11-14 By examining the various policy subfields of European economic integration such as agriculture trade banking economic governance and sustainability this book offers a comprehensive and wide ranging analysis of developments that have taken

place in the past five years aimed at exploring the path of economic integration in Europe The Economies of the Balkan and Eastern Europe Countries in the Changed World Anastasios G. Karasavoglou, 2011-01-18 The rapid changes in the economic and political climate of the Balkan and the Black Sea countries demand continuous adjustments in the mixture of the implemented economic policy in the area Under this framework there is a special interest to investigate the impact of the global economic reality in these economies the importance of their integration in the European Union as well as the foundation of various regional organizations that host many countries of the specific area Taking into consideration the current developments within the European Union the economic crisis that strikes the peripheral EU countries and the dispute over the credibility of the euro currency economists need to enhance the effectiveness of regional development to underline the value of FDI and entrepreneurship of the countries of the Balkan and the Black Sea to assist the bank sector in order to support the level of productivity to control the financial flows with the help of auditing structures and to exploit human resources in order to achieve economical reforms in these countries The current volume approaches among others the above matters and aspires to contribute to the further investigation of the possibilities and the perspectives of the economies of the region **How Germany Unified and the EU Enlarged** Tereza Novotná, 2015-10-05 Based on original empirical research that includes 90 interviews with key leaders this book compares and contrasts negotiations during the processes of German unification and Eastern enlargement of the EU with particular attention to the Czech Republic It develops two models of political integration and suggests that such integration can take place by means of a take over Transplantation or by the joining entity adjusting to the norms and institutions of the accepting party Adaptation In addition to an exploration of these two different models and a detailed examination of the two cases the book points to other historical examples of Transplantation and Adaptation and formulates lessons for where future research might travel temporarily and geographically in the cases of other political integrations Providing new insights into German unification and European integration this text is key reading for academics advanced undergraduate and graduate students in EU Politics as well as policy makers and the wider public *Defining 'Eastern Europe'* Piotr Twardzisz, 2018-04-25 This book offers a linguistic semantic analysis of the expression Eastern Europe in international English language media discourse and academic discourse Interdisciplinary in nature it provides insights beyond semantics and lexicology commenting on the politics history economy and culture of the region Its thorough analysis of Eastern Europe as a linguistic entity surrounded and affected by other linguistic entities allows for a systematic description of the term s linguistic behaviour in specialist written discourse The author measures the quantity and quality of Eastern Europe in specialist discourse painting a holistic picture of how it appears in English language quality texts published in the last twenty five years This book will appeal to students and scholars of cognitive linguistics semantics lexicology and lexicography and to specialists working on history political theory and international relations as they relate to Eastern Europe **EIB-information** ,2005 Rematerialising Children's

Agency Matej Blazek,2016-06-01 This book is a detailed study of children s everyday practices in a small deprived neighbourhood of post socialist Bratislava called Kop any It provides a novel empirical insight on what it is like to be growing up after 25 years of post socialist transformations and questions the formation of children s agency and the multitude of resources it comes from What happens if we accept children s practices as cornerstones of communities What is uncovered if we examine adults co presence with children in everyday community spaces With a background in youth work the author writes from the unique position of being able to develop in depth insights into both children s life worlds and practitioners priorities and needs **Managing the Transition to Renewable Energy** Jeroen C.
