Private employment is closely related with, aspects of organizing at microlevel and providing knowledge-related opportunities. During last three years, following private sector businesses, strategies between paid collection and knowledge economy are all related that business opportunities and employment activities. Social groups, however, are all different in organization in all of them. According to last three years project data, the business with most problems are private and public sector in education, health and information technology. In health, information technology and education, public sector has not enough private sector participation, while in health and education, private sector has more employment opportunities.
