Shyamal Bhattacharjee,2024-11-12 This book is a result of my deep concern for the brutal realities that our athletes face and realities that the public rarely hears about I felt compelled to write this book because the conditions that our sportspeople endure defy not just the laws of sportsmanship but the fundamental principles of human rights This book is my way of exposing these violations The right to dignity to fair treatment to a life free from exploitation these are rights that our athletes are denied This book is also a tribute to those forgotten athletes the ones who gave their all for the nation only to be discarded when they could no longer compete at the highest level My hope is that this book will serve as a wake up call a rallying cry for change

Ecstasy and Holiness Frank Musgrove,2019-03-19 This book first published in 1974 argues that the counter culture is not the outcome of alienation but of opportunity being the result of a new generational consciousness an openness which has characterised industrial societies of the West since the 1950s Its roots lie in economic expansion and population movement and growth the same factors that are cited in the decline of religiousness

Transition, Infinity, and Ecstasy Suresh Hariramsait,2016-01-15 Though modern astronomers and astrophysicists like Stephen Hawking have their doubts about interstellar travel there are countless references to interdimensional travel in mostly ancient Indian texts The Kandha Puranam nearly 17 million years ago mentions that the Asura Titan King Sooran ruled over 1008 universes and had vimanas or flying crafts that could in an instant travel all over space cutting across dimensions at tremendous speed that could hover in mid air over water disappear and re appear all of a sudden and had a host of stealth weapons even nuclear winter is mentioned for it is said that the entire world was enveloped in darkness caused by Sooran during the war Lord Muruga possessed the Peacock Craft that could circumvent the 14 worlds and fly beyond in a micro second and his missile with the lengthy flame nedunchudar Vel was voice activated and reusable and was so powerful that it blew up into smithereens the Kraunja mountain which even our modern day nuclear weapons cannot do according to scientists The Ramayana 17 million years ago mentions that Emperor Ravana's Pushpaka vimana which he captured from Kubera the Lord of riches in heaven could host as many passengers as it takes there were stun weapons and stealth technology In the Mahabharata war 3500 b c nuclear weapons like the brahmastra were used and there is mention of numerous flying crafts of the Lords Angels of Asuras Titans and Rakshasas Demons who all travelled to and fro from the upper and lower worlds The Sri Linga Purana mentions that Lord Brahma's Swan Craft flew and transcended the seven

upper worlds while Lord Vishnu's Boar Craft tunneled through the seven lower worlds and went even beyond Baathala the lowest plane which all reminds us of blackholes being portals and shortcuts to parallel universes which is being theoretically proved today More than 2500 years ago the Japanese Royal Family's ancestors met with the Sun God who landed on Mount Fuji and were presented with a sword and an orb which are still in the Imperial Palace in Japan The native Indian's forefathers living on Sun Island on Lake Titicaca in South America were visited by the Sun God The Dogon tribes of Mali have a tradition that their forefathers had sailed on a great ship that flew down from Sirius the star but what is interesting is that they don't wear spacesuit-like gear and celebrate their home coming once every fifty-two years which is when Sirius comes in direct alignment with our world

Paul in Ecstasy Colleen Shantz, 2009-04-27 While many readers of Paul's letters recognize how important his experience was to his life and thought Biblical scholars have not generally addressed this topic head on Colleen Shantz argues that they have been held back both by a bias against religious ecstasy and by the limits of the Biblical texts how do you responsibly access someone else's experience particularly experience as unusual and debated as religious ecstasy And how do you account responsibly for the role of experience in that person's thought Paul in Ecstasy pursues these questions through a variety of disciplines most notably neuroscience This study provides cogent explanations for bewildering passages in Paul's letters outlines a much greater influence of such experience in Paul's life and letters and points to its importance in Christian origins

Ecstasy Michael Eigen, 2001-11-15 Ecstasy is a force to be reckoned with sometimes creative sometimes destructive Eigen argues that there is an ecstasy that comes through the ever necessary confrontation of our psychic cores with suffering and degradation and he shows that when we can learn to be present with these feelings they add to the tone and texture of our lives and help us to feel real Page 4 of cover

Ecstasy and Understanding Adrian Grafe, 2008-04-03

This collection of research explores the interaction of religious awareness and literary expression in English poetry in the late nineteenth and twentieth centuries Many different types of poetics may be seen to be at work in the period 1875 to 2005 along with various kinds of religious awareness and poetic expression Religious experience has a crucial influence on literary language and the latter is renewed by religious culture The religious dimension has been a decisive factor of modern English poetic expression of the last hundred years or so The religious and mystical dimension of poetry of the period is borne out by the focus on among other things grace and purgation the tension between time and eternity redemption and the demands of eschatology immanence and transcendence and conversion and martyrdom Chapters also explore how church practice and ritual architecture and liturgy play into the poetry of the period This volume offers a comprehensive discussion of this important but often overlooked aspect of modern English poetry
