Happy Days Were Here Again

REFLECTIONS OF A LIBERTARIAN JOURNALIST WILL LIAM F. BUCKLEY, JR.

With an introduction by John Leonard

Happy Days Were Here Again Reflections Of A Libertarian Journalist

Jianjun Gao

Happy Days Were Here Again Reflections Of A Libertarian Journalist:

Happy Days Were Here Again William F. Buckley Jr., 2008-10-28 In Happy Days Were Here Again William F Buckley Jr. offers a collection of his finest essays from the latter part of his long career Sometimes celebrating sometimes assailing Buckley takes on opponents ranging from Mikhail Gorbachev to Carl Sagan to Leonard Bernstein reflects on the academic scene the Gulf War and the idea of sin and offers appreciations of friends both right and left For everyone who appreciates the wit and style of America's pre eminent conservative this is a must have collection **Happy Days Were Here Again** William F. Buckley Jr., 2008-10-28 From the man who helped ignite the modern conservative movement a delightful collection Advocacy Journalists Edd Applegate, 2009-05-11 In all likelihood advocacy journalism is the of eloquent and witty writings oldest form of reportage It appears frequently whenever journalists desire to advocate their beliefs or ideas about major political or social problems In Advocacy Journalists A Biographical Dictionary of Writers and Editors Edd Applegate identifies the most notable figures in this field Each entry contains biographical information about a writer or editor who either wrote advocacy journalism or edited one or more publications that featured such material Entries consist of discussions of the journalists lives professional careers major works and in some cases commentary on those works Among those profiled here are such notables as Ambrose Bierce William F Buckley Jr Eldridge Cleaver Daniel Defoe Germaine Greer Pete Hamill Karl Marx H L Mencken George Orwell Thomas Paine Wilfrid Sheed Gloria Steinem and Jonathan Swift Unlike other books that focus on the form of advocacy journalism itself or how and why it developed this book focuses on the lives of journalists and editors and their contributions to advocacy journalism For scholars teachers and students of journalism along with general readers who wish to discover more about advocacy journalism this volume is an important and accessible resource

American Impresario Lawrence Perelman, 2025-02-25 In 1994 William F Buckley Jr the conservative icon received a letter from an eighteen year old aspiring pianist by the name of Lawrence Perelman the son of Soviet Jewish immigrants Buckley s response sparked a remarkable cross generational friendship during which Perelman learned of the timeless elements of Buckley s character and the central role of classical music in Buckley s American vision Lawrence Perelman an eighteen year old aspiring pianist and son of Soviet Jewish immigrants wrote a letter to William F Buckley Jr the conservative icon in 1994 A remarkable cross generational friendship was sparked by Buckley s response During their friendship Perelman would go on to learn of the timeless elements of Buckley s character and the central role of classical music in Buckley s American vision In 2025 the 100th anniversary of Buckley s birth this book delves into some of Buckley s virtues which Perelman witnessed firsthand and argues that those virtues can transform the fabric of America s character Their friendship spanned from 1995 to February 27 2008 the day Buckley passed away in his Connecticut home while Perelman practiced piano in a nearby room for a private recital that evening for Buckley and friends that would never happen American Impresario is a portrait of Buckley the impresario of the conservative movement man of faith Cold Warrior bulwark against

Anti Semitism Renaissance man musician and mentor to countless people who continue their work today This book will inspire readers both young and old to emulate Buckley's virtues including a return to civil discourse anonymous philanthropy faith patriotism and fostering relationships between mentor and prot q as part of a goal to reweave the fabric of our nation s Cowards Glenn Beck, 2012-06-12 Starting with the American Revolution Beck takes readers on an express train through 234 years of history culminating with the Great Recession and the bipartisan recklessness of Presidents Bush and Buckley Carl T. Bogus, 2011-11-01 This is an insightful book that will please anyone interested in midcentury American history and politics Anyone serious about political philosophy will learn from it Highly recommended Library Journal starred review William F Buckley Ir was the foremost architect of the conservative movement that transformed American politics between the 1960s and the end of the century When Buckley launched National Review in 1955 conservatism was a beleaguered fringe segment of the Republican Party Three decades later Ronald Reagan who credited National Review with shaping his beliefs was in the White House Buckley and his allies devised a new model conservatism that replaced traditional ideals of Edmund Burke with a passionate belief in the free market religious faith and an aggressive stance on foreign policy Buckley's TV show Firing Line and his campaign for mayor of New York City made him a celebrity his wit and zest for combat made conservatism fun But Buckley was far more than a controversialist Deploying his uncommon charm shrewdly recruiting allies quashing ideological competitors and refusing to compromise on core principles he almost single handedly transformed conservatism from a set of retrograde attitudes into a revolutionary force <u>Disfiguration of Nature</u> James G. Krueger, 2018-10-18 Good stewardship of nature and the earth those foundations upon which life depends is our most pressing challenge requiring a monumental and relentlessly single minded unity of purpose Yet in America the cause of conservation suffers while the political Left and Right conduct an endless tug of war The result is stalemate and inaction James Krueger shows how this state of affairs stems from a widespread and unnecessary confusion in thinking about conservation He explores the movement's beginnings and its profound and enduring connection with such traditional pro life and pro family values of stability self discipline morality and community which could again be called upon to undergird a robust conservationist ethic At the same time Krueger embarks on a provocative questioning of values dear to the liberal Left having to do with gender family economics and individual rights to ask whether these are not at their core violently opposed to the very nature liberal minded people claim to champion and protect The Disfiguration of Nature invites us to disconnect from our destructive illusions about both nature and ourselves in favor of a humble yet constructive and eventually powerful understanding the kind that can create a desperately needed common ground in service of our shared American landscape and the promise of sound human culture upon it **Conservatism** Yoram Hazony, 2022-05-17 The idea that American conservatism is identical to classical liberalism widely held since the 1960s is seriously mistaken The award winning political theorist Yoram Hazony argues that the best hope for Western democracy is a return to the empiricist

religious and nationalist traditions of America and Britain the conservative traditions that brought greatness to the English speaking nations and became the model for national freedom for the entire world Conservatism A Rediscovery explains how Anglo American conservatism became a distinctive alternative to divine right monarchy Puritan theocracy and liberal revolution After tracing the tradition from the Wars of the Roses to Burke and across the Atlantic to the American Federalists and Lincoln Hazony describes the rise and fall of Enlightenment liberalism after World War II and the present day debates between neoconservatives and national conservatives over how to respond to liberalism and the woke left Going where no political thinker has gone in decades Hazony provides a fresh theoretical foundation for conservatism Rejecting the liberalism of Hayek Strauss and the fusionists of the 1960s and drawing on decades of personal experience in the conservative movement he argues that a revival of authentic Anglo American conservatism is possible in the twenty first Why Are Professors Liberal and Why Do Conservatives Care? Neil Gross, 2013-04-09 Neil Gross shows that the U S academy s liberal reputation has exerted a self selecting influence on young liberals while deterring promising conservatives His study sheds new light on both academic life and American politics where the conservative movement was built in part around opposition to the liberal elite in higher education Total Freedom Chris Matthew Sciabarra. 2000 Building upon his previous books about Marx Hayek and Rand Total Freedom completes what Lingua Franca has called Sciabarra's epic scholarly quest to reclaim dialectics usually associated with the Marxian left as a methodology that can revivify libertarian thought Part One surveys the history of dialectics from the ancient Greeks through the Austrian school of economics Part Two investigates in detail the work of Murray Rothbard as a leading modern libertarian in whose thought Sciabarra finds both dialectical and nondialectical elements Ultimately Sciabarra aims for a dialectical libertarian synthesis highlighting the need not sufficiently recognized in liberalism to think of the totality of interconnections in a dynamic system as the way to ensure human freedom while avoiding totalitarianism such as resulted from Marxism Raised Right Teffrey R. Dudas, 2017-03-21 How has the modern conservative movement thrived in spite of the lack of harmony among its constituent members What and who holds together its large corporate interests small government libertarians social and racial traditionalists and evangelical Christians Raised Right pursues these questions through a cultural study of three iconic conservative figures National Review editor William F Buckley Ir President Ronald Reagan and Supreme Court Justice Clarence Thomas Examining their papers writings and rhetoric Jeffrey R Dudas identifies what he terms a paternal rights discourse the arguments about fatherhood and rights that permeate their personal lives and political visions For each paternal discipline was crucial to producing autonomous citizens worthy and capable of self governance This paternalist logic is the cohesive agent for an entire conservative movement uniting its celebration of founding fathers past and present constitutional and biological Yet this discourse produces a paradox When do authoritative fathers transfer their rights to these well raised citizens This duality propels conservative politics forward with unruly results The mythology of these

American fathers gives conservatives something and someone to believe in and therein lies its timeless appeal The A to **Z of Journalism** Ross Eaman, 2009-10-12 Journalism is the discipline of gathering writing and reporting news and it includes the process of editing and presenting news articles Journalism applies to various media including but not limited to newspapers magazines radio television and the internet The word journalist started to become common in the early 18th century to designate a new kind of writer about a century before journalism made its appearance to describe what those writers produced Though varying in form from one age and society to another it gradually distinguished itself from other forms of writing through its focus on the present its eye witness perspective and its reliance on everyday language The A to Z of Journalism relates how journalism has evolved over the centuries This is done through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on the different styles of journalism the different types of media and important writers and editors Historical Dictionary of Journalism Ross Eaman, 2009-03-02 Journalism is the discipline of gathering writing and reporting news and it includes the process of editing and presenting news articles Journalism applies to various media including but not limited to newspapers magazines radio television and the internet The word journalist started to become common in the early 18th century to designate a new kind of writer about a century before journalism made its appearance to describe what those writers produced Though varying in form from one age and society to another it gradually distinguished itself from other forms of writing through its focus on the present its eye witness perspective and its reliance on everyday language The Historical Dictionary of Journalism relates how journalism has evolved over the centuries This is done through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on the different styles of journalism the different types of media and important writers and editors

More Stories from Langley Edward Mickolus,2020-09-01 Who knew the CIA needed librarians More Stories from Langley reveals the lesser known operations of one of the most mysterious government agencies in the United States Edward Mickolus is back with more stories to answer the question What does a career in the CIA look like Advice and anecdotes from both current and former CIA officers provide a look at the side of intelligence operations that is often left out of the movies What was it like working for the CIA during 9 11 Do only spies get to travel More Stories from Langley has physicists getting recruited to the agency during the Cold War foreign language majors getting lucky chances and quests to learn by living turning into sweaty palmed calls to the U S embassy after being detained by Russian intelligence officers The world only needs so many suave super spies More Stories from Langley shows how important academics retired soldiers and bilingual nannies can be in preserving the security of our nation Strictly Right Linda Bridges, John R. Coyne, Jr., 2007-04-13 An affectionate portrait of the man who started it all With this graceful homage to Bill Buckley two people who have known the pleasure of his company as friends and colleagues place him where he incontestably belongs at the center of the conservative political movement that moved the center of American politics to the right George F Will Newsweek Strictly Right paints an

intimate and penetrating portrait of the elegant and multifaceted figure who has helped to add a new dimension to the American political canvas Henry A Kissinger Bill and I and others have been good friends for almost sixty years and I thought I knew of his life as well as anyone but Linda and John have brought the events together in a magnificent story that surpasses all that we have absorbed If you like and admire Bill you must read this If you don t read it anyway it will be good for you Evan G Galbraith former Ambassador to France and Chairman of National Review Linda Bridges and John Coyne evoke the true old times when every morning brought a noble chance and every chance brought out William F Buckley Jr ready to write speak question provoke tease or praise in print in person or on the tube as required All honor to him and to the authors who capture him in these pages Richard Brookhiser author of What Would the Founders Do Our Questions Their Answers The **Angry Right** S. T. Joshi, 2010-10-29 Since 1968 Republican presidents have occupied the White House far longer than Democratic presidents and recently Republicans have controlled both houses of Congress as well In spite of these electoral triumphs leading spokespersons on the right continue to depict conservatives as an embattled minority Lashing out at their liberal opponents sharp tongued partisan advocates like Rush Limbaugh Ann Coulter and Sean Hannity never tire of issuing jeremiads against what they perceive as the inexorable tide of liberal abuses that threatens to overwhelm the Republic But if Republicans have won the battle at the voting booths why is the right so angry As S T Joshi reveals in this incisive profile of twelve leading conservatives the rage at the heart of the right is fueled by a gnawing sense that conservatives long ago lost the hearts and minds of the American people Since the F D R administration conservatives have unsuccessfully opposed legislative and judicial reforms that today are considered so mainstream as to be well conservative In effect yesterday s liberalism is today s conservatism and this has been the direction of social and political change since the age of the Model T Examining the writings of such conservative icons as Russell Kirk William F Buckley Jr Phyllis Schlafly and nine others Joshi uncovers statements that most people today would consider not just radical but outrageous In the 1950s Russell Kirk opposed Social Security because he said it was un Christian In the same decade William F Buckley Ir argued against the desegregation of public schools on the grounds that it would be an infringement of states rights an argument also used a century earlier to defend slavery In the 1970s Phyllis Schlafly declared that women s liberation is a disease and a homewrecker Knowing that these positions are today indefensible conservative spokespersons have little recourse but to engage in passionate invective that attempts to portray their opponents as extremists Joshi characterizes the aggrieved lament of conservatives as the last gasp of those who know their ideas will be confined to the dustbin of history Bucklev Sam Tanenhaus, 2025-06-03 A magnificent achievement a long gripping and enthralling account of the life of America s premier conservative polemicist of the twentieth century Max Boot author of Reagan His Life and Legend A rich immersive biography exposes the roots of the modern conservative movement through the life of the firebrand writer and commentator who shaped it The New York Times Book Review Editors Choice In 1951 with the publication of God and Man at Yale a

scathing attack on his alma mater twenty five year old William F Buckley Jr seized the public stage and commanded it for the next half century as he led a new generation of conservative activists and ideologues to the peak of political power and cultural influence Ten years before his death in 2008 Buckley chose prize winning biographer Sam Tanenhaus to tell the full uncensored story of his life and times granting him extensive interviews and exclusive access to his most private papers Thus began a deep investigation into the vast and often hidden universe of Bill Buckley and the modern conservative revolution Buckley vividly captures its subject in all his facets and phases founding editor of National Review the twentieth century s most influential political journal syndicated columnist Emmy winning TV debater and bestselling spy novelist ally of Joseph McCarthy and Barry Goldwater mentor to Ronald Reagan game changing candidate for mayor of New York Tanenhaus also has uncovered the darker trail of Bill Buckley's secret exploits including CIA missions in Latin America dark collusions with Watergate felon Howard Hunt and Buckley's struggle in his last years to hold together a movement coming apart over the AIDS epidemic culture wars and the invasion of Iraq even as his own media empire was unraveling At a crucial moment in American history Buckley offers a gripping and powerfully relevant story about the birth of modern politics and those who Political Philosophy and Taxation Robert F. van Brederode, 2022-06-02 This book explores how taxation is shaped it related to the role of the state and its relationship with its constituents the concept of private property rights the concepts of societal fairness and justice and the battle between the individual and the collective This book appeals to students and scholars who want to know how philosophers in the past and present think about taxation and how their thinking has developed through cross influencing There exists no comprehensive study providing such an overview This book is a foundational study on the philosophical justification of taxation qualitative aspect and the normative qualifications required of tax law to constitute tax that is just and fair distributive or quantitative aspect The latter includes evaluation of what type of tax is morally correct or acceptable to realize distributive justice This book covers periods from the Enlightenment era until the present The philosophers are grouped together in schools of thought and each chapter except for chapter 1 and chapter 13 are is dedicated to a specific philosophical school Moreover this book aims to provide an overview of each school of thinking and the individual philosophers including placing them in the context of their times The book has particular importance as the study of taxation is an underdeveloped area of political and legal philosophy American Individualism Margaret Hoover, 2011-07-19 Margaret Hoover has been a lifelong member of the Republican Party She grew up a self described ditto head She worked in the White House for President George W Bush Today she is a political commentator for Fox News where as one of Bill O Reilly's Culture Warriors she regularly champions the conservative cause She also happens to be the great granddaughter of the thirty first president of the United States Herbert Hoover These impeccable conservative credentials underscore the gravity of her deep seated concerns about the future of the Republican Party Her party she believes has fallen dangerously out of step with the rising generation of young Americans In American

Individualism Margaret Hoover chal lenges the up and coming millennial generation to take another look at the Republican Party Although millennials rarely identify themselves as Republicans Hoover contends that these young men and women who helped elect President Barack Obama are sympathetic to the fundamental principles of conservatism She makes a compelling case for how the GOP can right itself and capture the allegiance of this group She believes that her party is uniquely positioned to offer solutions for the most pressing problems facing America skyrocketing debt and deficits crises in education and immigration a war against Islamist supremacy but that it is held back by the outsize influence within the party of social and religious conservatives American Individualism is Hoover's call to action for Republicans to embrace a conservatism that emphasizes individual freedom both in economic policy and in the realm of social issues in order to appeal to the new generation of voters The Republican Party Hoover asserts can win the support of the millennials while at the same time remaining faithful to conservative principles In a journey that is both political and personal Hoover rediscovers these bedrock conservative values in the writings of her great grandfather President Herbert Hoover who emphasized the vital importance of individual freedom to the American way of life and who sought to strike a delicate balance in identifying the limited yet essential role the federal government should play in the lives of Americans Margaret Hoover advocates a conservatism that is fully consistent with the original impulses of the American conservative movement It evokes her great grandfather s emphasis on the values of civic responsibility and service to others instincts instilled in the millennial generation She argues that the Republican Party today must evolve in order to achieve greatness and that it can do so without compromising its tried and true fundamental principles On the contrary those enduring principles if consistently applied will enable the party to attract a younger following An impassioned and persuasive political manifesto grounded in twentieth century history and targeted at the most perplexing problems of the twenty first century Margaret Hoover's American Individualism offers provocative ideas not just for reinvigorating the Republican Party but also for strengthening America in the decades ahead

The Cambridge History of the American Essay Christy Wampole, Jason Childs, 2023-12-14 From the country s beginning essayists in the United States have used their prose to articulate the many ways their individuality has been shaped by the politics social life and culture of this place The Cambridge History of the American Essay offers the fullest account to date of this diverse and complex history From Puritan writings to essays by Indigenous authors from Transcendentalist and Pragmatist texts to Harlem Renaissance essays from New Criticism to New Journalism The story of the American essay is told here beginning in the early eighteenth century and ending with the vibrant heterogeneous scene of contemporary essayistic writing The essay in the US has taken many forms nature writing travel writing the genteel tradition literary criticism hybrid genres such as the essay film and the photo essay Across genres and identities this volume offers a stirring account of American essayism into the twenty first century
