Happy Like Murderers:

Happy Like Murderers Gordon Burn,1999-09-01 In February 1994 the bodies of seven women were excavated at an innocuous looking house 25 Cromwell Street Gloucester As the true horror of what happened there unfolded it became clear that this was the most infamous series of murders in Britain this century Serial Killers David Wilson,2007-07-01 Looks at the serial murders in Britain from the gay murders of Michael Copeland in 1960 to the Ipswich murders of 2006 This work follows events from a social and victim related perspective It also covers the following killers victims The Ipswich murders of 2006 Peter Sutcliffe The Yorkshire Ripper Dennis Nilsen and Harold Shipman *Lacan at the Scene* Henry Bond,2012-09-21 A Lacanian approach to murder scene investigation What if Jacques Lacan the brilliant and eccentric Parisian psychoanalyst had worked as a police detective applying his theories to solve crimes This may conjure up a mental film clip starring Peter Sellers in a trench coat but in *Lacan at the Scene* Henry Bond makes a serious and provocative claim that apparently impenetrable events of violent death can be more effectively unraveled with Lacan s theory of psychoanalysis than with elaborate technologically advanced forensic tools Bond s exposition on murder expands and develops a resolutely i ekian approach Seeking out radical and unexpected readings Bond unpacks his material utilizing Lacan s neurosis psychosis perversion grid Bond places Lacan at the crime scene and builds his argument through a series of archival crime scene photographs from the 1950s the period when Lacan was developing his influential theories It is not the horror of the ravished and mutilated corpses that draws his attention instead he interrogates seemingly minor details from the everyday isolating and rephotographing what at first seems insignificant a single high heeled shoe on a kitchen table for example or carefully folded clothes placed over a chair From these mundane details he carefully builds a robust and comprehensive manual for Lacanian crime investigation that can stand beside the FBI s standard issue Crime Classification Manual *The Unconscious* Anthony Easthope,2003-05-20 The unconscious is a term which is central to the understanding of psychoanalysis and indeed everyday life In this introductory guide Antony Easthope provides a witty and accessible overview of the subject showing the reality of the unconscious with a startling variety of examples He takes us on a vivid guided tour of this troubling topic via jokes rugby songs Hamlet Hitchcock s Psycho and the life and death of Princess Di Aimed at the absolute beginner *The Unconscious* is an enjoyable and easy to read introduction for the student and general reader
