descriptive material is available for this title **Henry Miller and Religion** Thomas Nesbit,2012-12-06 This study argues that this previously banned author devoted his entire life to articulating a religion of self liberation in his autobiographical books examining his life and work within the context of fringe religious movements that were linked with the avant garde in New York City and Paris at the first of the 20th century This study shows how these transatlantic movements including Gurdjieff Rosicrucianism and Theosophy gave him the hermeneutical devices not to mention the creative license to interpret texts and symbols from mainline religions in an iconoclastic manner ranging from obscure Taoist treatises to the mystical works of Jacob Boehme The influence of numerous philosophical sources widely circulated in his most critical years particularly Henri Bergson's *Two Sources of Morality and Religion* 1932 also helped him develop a religious view situated between transcendence and immanence in which self liberation through the channeled flow of *lan vital* is the chief objective Miller's knowledge of these intellectual currents along with his involvement with sidestream religious groups inspired him to meld his religious and literary aims into one perplexing project **Henry Miller** David Stephen Calonne,2014-08-15 As an author Henry Miller 1891-1980 was infamous for his explicit descriptions of sex and many of his novels from *The Tropic of Cancer* to *Black Spring* were banned in the United States on grounds of obscenity But his books frequently smuggled into his native country became a major influence on the Beat Generation of American writers and would eventually lead to a groundbreaking series of obscenity trials that would change American laws on pornography in literary works In this new critical biography David Stephen Calonne goes beyond Miller's notoriety to take an innovative look at the way in which the author's writings and lifestyle were influenced by his spiritual quests Charting Miller's cultivation of his esoteric ideas from boyhood and adolescence to later in his career Calonne examines how Miller remained deeply engaged with a variety of philosophies from astrology and Gnosticism to Eastern thinkers Calonne describes not only the effects this had on Miller's work but also to his complex and volatile life his marriages and love affairs with Beatrice Wickens June Mansfield and Anaïs Nin his years in Paris and the journey to Greece that resulted in the travelogue *The Colossus of Maroussi* the book Miller considered to be his greatest work After discussing Miller's final residences in Big Sur and the Pacific Palisades in California Calonne considers the author's involvement in the arts love of painting and music and friendships with a number of classical musicians Miller Calonne reveals was a quirky charismatic man of genius who continues to influence popular culture today Highlighting many areas of the author's life that have previously been neglected Henry Miller takes a fascinating revisionary approach to the work of one of America's most controversial and iconic writers **Henry Miller** Annette Baxter,2010-11-23 In 1934 the city of Paris saw the birth of a book published in English which achieved instantaneous notoriety Henry Miller's *Tropic of Cancer* unfolded the adventures of a loquacious free wheeling appallingly uninhibited American expatriate But the rollicking eloquence determined gusto and explosive imagery of this modern Rabelais barely concealed the figure of a lonely American writer thoroughly immersed in a legendary American situation from the

Introduction Baxter examines Miller's relationship with his native land and with Europe through his writings and in the comments of his critics and friends navigating through the inconsistencies and the evolution of his opinions as his experiences changed. Her insights offer a complex nuanced evaluation of Miller as writer and as expatriate. **The Happy Rock** Lawrence Durrell, 1973

Henry Miller and Narrative Form James Decker, 2006-06-01 In this bold study James M Decker argues against the commonly held opinion that Henry Miller's narratives suffer from formlessness. He instead positions Miller as a stylistic pioneer whose place must be assured in the American literary canon. From *Moloch* to *Nexus* through such widely read texts as *Tropic of Cancer* and *Tropic of Capricorn* Decker examines what Miller calls his spiral form, a radically digressive style that shifts wildly between realism and the fantastic. Drawing on a variety of narratological and critical sources as well as Miller's own aesthetic theories, he highlights that this fragmented narrative style formed part of a sustained critique of modern spiritual decay. A deliberate move rather than a compositional weakness, then, Miller's style finds a wide variety of antecedents in the work of such figures as Nietzsche, Rabelais, Joyce, Bergson, and Whitman, and is viewed by Decker as an attempt to chart the journey of the self through the modern city. *Henry Miller and Narrative Form* affords readers new insights into some of the most challenging writings of the twentieth century and provides a template for understanding the significance of an extraordinary and inventive narrative form. *The American Novel: 1789-1959* Donna Lorine Gerstenberger, George Hendrick, 1961

The Making of a Counter-culture Icon Maria R. Bloshteyn, 2007-01-01 At first glance the works of Fedor Dostoevsky (1821-1881) do not appear to have much in common with those of the controversial American writer Henry Miller (1891-1980). However, the influence of Dostoevsky on Miller was in fact enormous and shaped the latter's view of the world of literature and of his own writing. *The Making of a Counter Culture Icon* examines the obsession that Miller and his contemporaries, the so-called Villa Seurat circle, had with Dostoevsky and the impact that this obsession had on their own work. Renowned for his psychological treatment of characters, Dostoevsky became a model for Miller. Lawrence Durrell and Anais Nin were interested as they were in developing a new kind of writing that would move beyond staid literary conventions. Maria Bloshteyn argues that as Dostoevsky was concerned with representing the individual's perception of the self and the world, he became an archetype for Miller and the other members of the Villa Seurat circle, writers who were interested in precise psychological characterizations as well as intriguing narratives. Tracing the cross-cultural appropriation and misinterpretation of Dostoevsky's methods and philosophies by Miller, Durrell, and Nin, *The Making of a Counter Culture Icon* gives invaluable insight into the early careers of the Villa Seurat writers and testifies to Dostoevsky's influence on twentieth-century literature.

Marian Engel's Notebooks Christl Verduyn, 2006-01-01 Marian Engel emerged as a writer during that period in Canada when nationalism increased and new feminism dawned. Although she is recognized as a distinguished woman of letters, she has not been widely studied; consequently, we know relatively little about her and her craft. The material collected in *Marian Engel's Notebooks*, *Ah mon cahier coute*, is a major step in

redressing that neglect Extracts carefully chosen by Christl Verduyn from Marian Engel's forty nine notebooks notebooks Engel began in the late 1940s and which she maintained until her death in 1985 track Engel's creative development illustrate her commitment to the craft of writing and document her growth as a major Canadian writer The notebooks also portray Engel's surprising leaps of logic her fascination with the bizarre the eclecticism of her reading and the depth and variety of her thinking Finally they present moving documentation of a woman facing cancer and early death Christl Verduyn's illuminating introductory discussions to each of the notebooks unobtrusively guide us in the reading of these sometimes difficult writings Marian Engel's Notebooks *Ah mon cahier coute* leaves readers with a vivid sense of Canadian culture during the 1960s and 1970s It provides insight into the literary life of one of Canada's significant woman writers including her connections with other Canadian writers and will be of special interest to scholars working in the field of literature
