productive tensions and creative incongruences between them **Notebooks** A.M. Klein,1995-12-15 Much of A M Klein s finest prose is to be found in the mass of uncompleted work that he abandoned at the time of his breakdown and that became accessible only when his papers were deposited in the National Archives Notebooks offers a generous selection of this work revealing previously unsuspected facets of Klein s character and artistry The fiction criticism and memoirs collected here focus on Klein s exploration of the role of the artist The works illuminate crucial periods of his career especially the early 1940s when he was transforming himself into a modernist and the early 1950s when he was struggling to overcome the misgivings about his art that were to lead to his final breakdown The semi autobiographical text which Klein referred to as Raw Material and the unfinished novel of prison life entitled Stranger and Afraid cast a new light on Klein s often frustrating relationship with the Montreal Jewish community In Marginalia he discusses poetic form and technique and makes observations on the nature of poetry thereby providing insights into his own concerns as a writer In The Golem a profoundly ambiguous treatment of the act of creation a self portrait emerges of a storyteller who has lost faith in the power and value of his story The volume includes a critical introduction that places the material in the context of Klein s other works as well as textual and explanatory notes Shakespeare on Page & Stage Stanley Wells,2016 This volume presents a winning selection of the very best essays from the long and distinguished career of Stanley Wells one of the most well known and respected Shakespeare scholars in the world Its chapters are divided into themed sections on Shakespearian influences particular works theatre and text *Notebook Romeo and Juliet* B. Frye,2004-01-01 Romance was a theme that ran through much of Northrop Frye's corpus and his notebooks and typed notes on the subject are plentiful This unpublished material written between 1944 and 1989 traces a remarkable re evaluation in his thinking over the course of time As a young scholar Frye insisted that romance was an expression of cultural decadence however in his later years he thought of it as the structural core of all fiction The unpublished material Michael Dolzani has gathered for Northrop Frye's Notebooks on Romance shows how the pattern and conventions of romance inform the writing of history anthropology psychology philosophy and theology While Frye is best known for his writing on myth and biblical scholarship he himself eventually conceived of romance as the true and equal contrary to myth and scripture a secular scripture whose message is de te fabula this story is about you Given the current popular revival of romance in fiction and film the appearance of Frye's unpublished work on romance is of profound importance **Ninth House** Leigh
