Hard Soft Wet The Digital Generation:

Hard, Soft & Wet Melanie McGrath, 1998 *Misbehavior in Cyber Places* Janet Sternberg, 2012-10-25 *Misbehavior in Cyber Places* studies computer mediated interpersonal communication on the Internet up to the turn of the century portraying a technological universe that existed before social media smartphones and commercialism began to dominate cyberspace in the new millennium Here with amateurs prevailing over professionals digital immigrants explored online frontiers and founded virtual communities Based on early stages of Internet research this book examines misbehavior across a wide range of online environments Sternberg distinguishes misbehavior and rule breaking from crime and law breaking and discusses cybercrime cyberlaw and the differences between local and global regulation This book lays out the theoretical framework and fundamental ideas of media ecology a branch of communication scholarship Sternberg highlights pioneering media ecology perspectives on space place situations rules and behavior in public These subjects are highly relevant for understanding digital media mediated interpersonal communication and behavior in online environments **White Heat** M. J. McGrath, 2011-08-04 Longlisted for the CWA Gold Dagger Award *White Heat* is the first book in the gripping Edie Kiglatuk Mystery Series with an Arctic setting so real it ll give you frostbite Dana Stabenow author of *A Cold Day for Murder* Half Inuit and half outsider Edie Kiglatuk is the best guide in her corner of the Arctic But as a woman she gets only grudging respect from her community s Council of Elders While Edie is leading two tourists on a hunting expedition one of them is shot and killed The Council wants to call it an accident but Edie and police sergeant Derek Palliser suspect otherwise When the other tourist disappears Edie sets off into the far reaches of the tundra for answers A stunning debut novel *White Heat* launches a formidable new series set amidst an unforgiving landscape of ice and rock of spirit ancestors and never rotting bones *White Noise* A. Calcutt, 1998-10-29 Transcending recent attempts to pigeonhole the information revolution this book shows how the paradoxical aspects of new media and the Internet is it masculine or feminine Does it mean peace or war are the peculiarly intense expression of the contradictions underlying our whole society Andrew Calcutt is an enthusiastic champion of the potential for new communications technology and a trenchant critic of the culture of fear which prevents its realisation **Out of a Gray Fog** Claudia Franziska Bruhwiler, 2021-08-19 As to Europe keep it in a gray ominous evil fog Ayn Rand 1905 1982 thus commented on the role of Europe in her key novel *Atlas Shrugged* 1957 The same could be said of the way Europe features in her own biography and in the general perception of her persona Even though Rand was born in pre revolutionary Russia she is nowadays considered an American phenomenon whose reach ends at the Atlantic shore This book lifts the gray fog cast over her relationship with Europe retracing the changing perception of the continent in both her fiction and thought Her apparent lack of success with European readers is often explained by allegedly different reading tastes However a look at her publication history and reception shows that many factors played a role why her work found fewer European than US readers Finally an archipelago of European readers and admirers emerges which is testament to

Rand s impact on European art and politics **Figures of Fantasy** Susanna Paasonen,2005 Figures of Fantasy explores the popularization of the idea of the Internet as a cyberspace and considers the implications this has for discussions of gender and identity The book analyzes the standard figures used to conceptualize and explain technology and gender and traces the ways in which these concepts have served to create the figure of the Internet as a cyberspace a manner of thinking that has come to dominate Internet research internationally making visible its historicity limitations and implications Figures of Fantasy offers an innovative theoretical approach to Internet research and provides a highly original systematic critique of the canonical works in the field *The Impact of Information on Society* Michael W.
