Harlem Renaissance And Beyond:

Harlem Renaissance and Beyond Lorraine Elena Roses, Ruth Elizabeth Randolph, 1990 In this ground breaking collection of literary biographies many with pictures authors Lorraine Elena Roses and Ruth Elizabeth Randolph chronicle the lives and works of 100 black women novelists short story writers playwrights poets essayists critics historians journalists and editors writing in the United States between 1900 and 1945 Here are insightful portraits of famous black women among them Zora Neale Hurston Katherine Dunham Angelina Weld Grimk Mary Eliza Church Terrell and Ida Bell Wells Barnett Here too are many thoughtful profiles of neglected writers their works deserving to be rescued from obscurity Drawing on extensive archival research and interviews with the writers and their families *The Harlem Renaissance and Beyond* traces its subjects contributions to literature their concerns about race and gender their common themes their relationships with artistic contemporaries and the influence of these early writers on their modern day counterparts in American literature

The Harlem Renaissance and Beyond, 1990 Gives students a deeper appreciation of the African American literary tradition The Harlem Renaissance was a cultural movement that spanned the 1920s and 1930s At the time it was known as the New Negro Movement named after the 1925 anthology by Alain Locke Though it was centered in the Harlem neighborhood of New York City many French speaking black writers from African and Caribbean colonies who lived in Paris were also influenced by the Harlem Renaissance The Harlem Renaissance is unofficially recognized to have spanned from about 1919 until the early or mid 1930s Many of its ideas lived on much longer The zenith of this flowering of Negro literature as James Weldon Johnson preferred to call the Harlem Renaissance was placed between 1924 the year that Opportunity A Journal of Negro Life hosted a party for black writers where many white publishers were in attendance and 1929 the year of the stock market crash and the beginning of the Great Depression Heroine of the Harlem Renaissance and Beyond Belinda Wheeler, Louis J. Parascandola, 2018-05-15 Poet columnist artist and fiction writer Gwendolyn Bennett is considered by many to have been one of the youngest leaders of the Harlem Renaissance and a strong advocate for racial pride and the rights of African American women Heroine of the Harlem Renaissance and Beyond presents key selections of her published and unpublished writings and artwork in one volume From poems short stories and reviews to letters journal entries and art this collection showcases Bennett s diverse and insightful body of work and rightfully places her alongside her contemporaries in the Harlem Renaissance figures such as Zora Neale Hurston Langston Hughes and Countee Cullen It includes selections from her monthly column The Ebony Flute published in Opportunity the magazine of the National Urban League as well as newly uncovered post 1928 work that proves definitively that Bennett continued writing throughout the following two decades Bennett s correspondence with canonical figures from the period her influence on Harlem arts institutions and her political writings reviews and articles show her deep connection to and lasting influence on the movement that shaped her early career An indispensable introduction to one of the era s most prolific and passionate minds

this reevaluation of Bennett's life and work deepens our understanding of the Harlem Renaissance and enriches the world of American letters. It will be of special value to scholars and readers interested in African American literature and art and American history and cultural studies.

Escape from New York Davarian L. Baldwin, Minkah Makalani, 2013-09-01 In the midst of vast cultural and political shifts in the early twentieth century, politicians and cultural observers variously hailed and decried the rise of the New Negro. This phenomenon was most clearly manifest in the United States through the outpouring of Black arts and letters and social commentary known as the Harlem Renaissance. What is less known is how far afield of Harlem that renaissance flourished; how much the New Negro movement was actually just one part of a collective explosion of political protest, cultural expression, and intellectual debate all over the world. In this volume, the Harlem Renaissance escapes from New York into its proper global context. These essays recover the broader New Negro experience as social movements, popular cultures, and public behavior spanned the globe from New York to New Orleans, from Paris to the Philippines, and beyond. Escape from New York does not so much map the many sites of this early twentieth-century Black internationalism as it draws attention to how New Negroes and their global allies already lived. Resituating the Harlem Renaissance, the book stresses the need for scholarship to catch up with the historical reality of the New Negro experience. This more comprehensive vision serves as a lens through which to better understand capitalist developments, imperial expansions, and the formation of brave new worlds in the early twentieth century.

Phenomenology, Modernism and Beyond Carole Bourne-Taylor, Ariane Mildenberg, 2010 From the first stirrings of modernism to contemporary poetics the modernist aesthetic project could be described as a form of phenomenological reduction that attempts to return to the invisible and unsayable foundations of human perception and expression prior to objective points of view and scientific notions It is this aspect of modernism that this book brings to the fore The essays presented here bring into focus the contemporary face of ongoing debates about phenomenology and modernism The contributors forcefully underline the intertwining of modernism and phenomenology and the extent to which the latter offers a clue to the former The book presents the viewpoints of a range of internationally distinguished critics and scholars with diverse but closely related essays covering a wide range of fields including literature architecture philosophy and musicology The collection addresses critical questions regarding the relationship between phenomenology and modernism with reference to thinkers such as Edmund Husserl Maurice Merleau Ponty Martin Heidegger Michel Henry and Paul Ricoeur By examining the contemporary philosophical debates this cross disciplinary body of research reveals the pervasive and far reaching influence of phenomenology which emerges as a heuristic method to articulate modernist aesthetic concerns
