His new venture, Destiny Health Solutions, uncovers the links between health and wealth. American Traps and Conspiracies Arnold Sarnel, 2019-02-13 In the mid-seventies Sarnel had a brush with death and vowed whatever put him on that stretcher he would whip and omen in disguise. In one year he lost all his weight, quit smoking and became a social drinker. After that experience Sarnel decided to write a book on health and happiness. The only clue he had was the cryptic phrase "I know it is wrong for me but I am doing it anyway." After speaking to over thirty thousand customers about their eating, drinking and smoking problems, Sarnel put together an informative, inspirational and educational book you won't put down. It is more of a testament or road map to better health and physical fitness. Sarnel uncovers the tobacco, alcohol and junk food conspiracies to get millions of people addicted to tobacco, alcohol and junk foods. The reader will realize he/she has been victimized by the alcohol, tobacco and junk food companies with propaganda and conspiracies. He sheds light about the superstitions of the dark age thinking to modern age thinking. Sarnel goes into modern-day fallacies, myths regarding food, tobacco and alcohol. He writes about symbolic traditions and the pros and cons regarding Thanksgiving, Christmas and New Year's. The reader will find the folklore traps, birthdays, anniversaries, Mother's, Father's, Day, Valentine's Day could be as heartrending and disenchanting traps people can fall into. Sarnel saved the deadliest trap for last, the media fallacy trap. People trappers always need some kind of bait to entice, lure or tempt their prey, victims into their traps. Their bait could be greed, gluttony or lust to name a few. They are the go-between for the alcohol, tobacco and junk food companies, the dictators. After the reader reads this, he/she could feel like the patsy to the alcohol, tobacco and junk food companies. The best is yet to come. You, beating the dictators. Sarnel unveils the cheap excuses which are nothing more than cheap alibis people use regarding their habits. The reader will realize excuses, alibis lead to rationalities, justification and denial. When the reader realizes his/her failures and mistakes, then they are ready to declare war on their eating, drinking and smoking habits. Sarnel will excite the reader's imagination, seeing themselves being their normal weight, smoke-free and a social drinker. Sarnel shares having a campaign against the reader's self-destructive excuses that they will use regarding the eating, drinking or smoking problems. He guides the reader through their self-destructive smoking, eating and drinking problems. He educates the reader with warning signs.
