Harner, 2017-03-21 Introduction to public health communication Claudia Parvanta Population health a primer Patrick L Remington A public health communication planning framework Claudia Parvanta How to communicate about data David E Nelson Understanding and reporting the science David E Nelson Communicating for policy and advocacy Claudia Parvanta Health literacy and clear health communication Erika M Hedden Behavior change communication theories models and practice strategies Claudia Parvanta Formative research Claudia Parvanta Media vehicles platforms and channels Claudia Parvanta Implementing a communication intervention Claudia Parvanta Evaluating a health communication program May Grabbe Kennedy and Jonathan DeShazo Clinician client communication Richard N Harner The role of communication in cancer prevention and care Wen ying Sylvia Chou Danielle Blanch Hartigan Chan Le Thai Crisis and emergency risk communication a primer David W Cragin and Claudia Parvanta Health communication in resource poor countries Carmen Cronin and Suruchi Sood

Innovations in Global Mental Health Samuel O. Okpaku, 2021-11-02 Over the course of the last decade political and mental entities at large have embraced global mental health the idea that psychiatric health is vital to improved quality of life Physicians globally have implemented guidelines recommended by the National Institute of Mental Health NIMH in 2007 thereby breaking down barriers to care and improving quality of life in areas where these practices have been implemented Programs for training and education have expanded as a result Clinicians benefit more from both local resources in some regions as well as in international collaboration and technological advancements Even amidst all of these positive outcomes clinicians still face some stumbling blocks With worldwide statistics estimating that 450 million people struggle with mental neuropsychiatric and neurological disorders 25 percent of the world's non communicable disease burden rising to these challenges prove to be no small feat even in wealthy Western nations Various articles and books have been published on global mental health but few of them thoroughly cover the clinical research innovative and social implications as they pertain to psychiatry often only one of these aspects is covered A comprehensive text that can keep pace with the rapidly evolving literature grows more and more valuable each day as clinicians struggle to piece together the changes around the world that leave open the possibility for improved outcomes in care This book seeks to boldly rectify this situation by identifying innovative models of service delivery training education research funding and payment systems that have proven to be exemplary in implementation and scalability or have potential for scalability Chapters describe specific barriers and challenges illuminating effective strategies

for improved outcomes This text is the first peer reviewed resource to gather prestigious physicians in global mental health from around the world and disseminate their expertise in the medical community at large in a format that is updateable making it a truly cutting edge resource in a world constantly changed by medical scientific and technological advances Innovations in Global Mental Health is the ultimate resource for psychiatrists psychologists primary care physicians hospitalists policy makers and all medical professionals at the forefront of global mental health and its implications for the future

Social Theory and Health Education Deana Leahy,Katie Fitzpatrick,Jan Wright,2020-03-27 Social Theory and Health Education brings together health education scholarship with a diverse range of social theories to demonstrate the value and impact of their application to associated health and education contexts For the first time this book draws together cutting edge research that demonstrates the productive and impactful ways social theory can be applied to the diversity of research in this field Topics covered include digital health health education in sexuality gender and health food and nutrition mental health and wellbeing environment and alcohol and drug use In exploring these topics each author utilises different theorists and concepts to compellingly demonstrate their application to a range of health education research contexts This collection provides examples for both students early career and established scholars that showcase ways that social theory can be utilised in empirical and theoretical research The collection also highlights how health education scholarship can be enhanced by engaging with social theory It also explores the viability of various theories for work in this field and their potential to generate new approaches for research

Film and Video Finder, 1997 ,1997 *Transforming Social Determinants to Promote Global Health* Jill B. Hamilton,Charles E. Moore,2024-11-04 This unique book addresses the need for the scholarly works that include the voices of clinicians community stakeholders and leaders of faith based institutions in various phases of developing implementing and evaluating programs that address health inequities and health disparities among marginalized middle and low resource communities Another feature of this book is the contributions to the evidence on SDOH from not only academic researchers but clinicians community partners and leaders of faith based institutions The overall purpose of this book is really to highlight global community based programs that have been implemented in marginalized middle and low resource global communities The communities represented are rural urban inner city located in Southern Northeastern and Western U S as well as global communities from Malawi Kenya Tanzania Ethiopia Botswana the Grenadines Nigeria and Peru For ease of reading the editors have further classified these SDOH conditions illustrated in chapters organized according to a 4 pillar SDOH framework of social cultural physical environment social environment and policy conditions This book contributes to a diverse perspective of the possibilities of incorporating SDOH into communities and faith based institutions The long range objectives are to inform inspire and encourage the novice and senior faculty clinician community stakeholder and faith based institutional leader to develop implement and evaluate SDOH on health and health disparities among the communities they serve The intended audience of this book is faculty of nursing public health

and medicine in academic and practice settings professional leaders of nursing public health and medicine community stakeholders and leaders of faith based institutions engaged in partnerships with health care providers This text might also be useful to faculty of foreign studies and behavioral sciences

Teenage Pregnancy and Young Parenthood Alison Hadley, 2024-11-14 What happened next This updated edition of Teenage Pregnancy and Young Parenthood examines the research and practice in this vital field since the end of the UK Government's highly successful Teenage Pregnancy Strategy TPS for England which contributed to reducing the under 18 pregnancy rate by well over 50% Alison Hadley together with Roger Ingham Joanna Nichols and Venkatraman Chandra Mouli summarise the latest research in the field review the work of a wide range of local authorities and provide insight from interviews with practitioners who are at the sharp end of delivering services both for young people seeking to prevent early pregnancy and for young parents Providing a comprehensive overview of the original project the book captures and shares the lessons from the TPS documents the details of implementing a long term strategy with its innovative approach to policy issues and considers the implications of the study internationally Advocating a whole systems multi agency approach it focusses on how to implement policy successfully and demonstrates evidence for what is effective both in helping young people avoid unplanned pregnancy and in improving outcomes for young parents This edition also considers how to sustain the gains made by the original strategy Key new topics covered include an overview of the national context since 2016 through the pandemic the introduction of Relationships and Sex Education RSE access to contraception and sexual health service and addressing inequalities As in the first edition of the book a chapter is devoted to efforts to reduce adolescent childbearing elsewhere in the world It contains country case studies from Argentina Ethiopia Moldova and Thailand which illustrate what can be achieved with visionary leadership rigorous science and strong management in diverse contexts Teenage Pregnancy and Young Parenthood is essential reading for policy makers and practitioners dealing with young people's health as well as undergraduate and postgraduate students in the fields of psychology health studies social work youth work education social policy sociology and related disciplines

Don't Look Away Don Brewster, 2024-01-30 The extent and depth of evil confronting us on a daily basis can be overwhelming so overwhelming we can be tempted to look away from it After all with evil lurking around every corner what difference can a single person make In fighting the evil of child sex trafficking in Cambodia and focusing on one life at a time God has taken Don and Bridget Brewster's seemingly insignificant and unqualified efforts to transform a community known for trafficking all its girls to one that loves and protects all children As the Brewsters took the lonely first steps of faith God brought along others to serve with them Through the telling of their story the hope is that you will be challenged and inspired not to look away but to say yes to fighting evils that surround us In addition you will find principles from their successes and warnings from their failures that can be used to fight evil anywhere

Women's Reproductive and Sexual Health Kristina S. Brown, 2025-03-18 This book offers a groundbreaking exploration of women's health through a feminist lens challenging the

status quo for both clinicians and medical providers highlighting the critical need for a more inclusive and empathetic approach to clinical practice and mental health research Addressing a spectrum of health concerns from prevalent issues such as heart disease cancer and stroke as leading causes of death for women to conditions uniquely affecting biological women such as pregnancy menopause miscarriage abortion polycystic ovary syndrome and endometriosis the chapters in this volume examine how these challenges intersect with gendered experiences It critically assesses the gaps in current healthcare practices including the often overlooked impact on couples and families and exposes the disparities faced by transgender women non binary and gender non conforming individuals By incorporating the latest literature and research on reproductive and sexual health this volume challenges traditional paradigms and gives voice to experiences that are often silenced This book will serve as a crucial resource for students clinicians researchers and advocates committed to advancing women s health through a more equitable and intersectional framework The chapters in this book were originally published in the Journal of Feminist Family Therapy
