Author and Title Index**, 1975 **Parenting Teens Today** Elizabeth Kanénas, 2021-08-04 There is a common saying It takes a village to raise a child Many times churches or governments will create programs or classes to mimic this concept However there is nothing that can compare to what Jesus did with his disciples He lived life with them daily As Titus 2:4 reminds us we are to teach and learn from each other how to love our children This concept is very foreign to our modern culture where the hustle and bustle of life keeps mothers and fathers working in school and bussing our children to and fro transporting them to basketball games or dance lessons It is in this consumer driven world that we lose the time it takes to build relationship Meaningful relationships take intention This statement is no less true when it comes to our children This book attempts to bring to light some tricks of the parenting trade to help build better bridges of communication and build strong familial relationships In this digital age where our children are losing their identities in the sound bites we can bring them back to who they really are which that they are fearfully and wonderfully made Psalms 139:14 a unique functioning part of God's creation **Canadian Books in Print**, 2001 *The Canadian Writer's Market* Jem Bates, 1996 *Whitaker's Books in Print*, 1998 **Quill & Quire**, 2003 Subject Guide to Books in Print, 1991 **International Books in Print**, 1986 **The Available Parent** John Duffy, 2014-06-16 We have a

tendency today to over parent micro manage and under appreciate our adolescents Dr John Duffy s The Available Parent is a revolutionary approach to taking care of teens and tweens Teenagers are often left feeling unheard and misunderstood and parents are left feeling bewildered by the changes in their child at adolescence and their sudden lack of effectiveness as parents The parent has become unavailable the teen responds in kind and a negative often destructive cycle of communication begins The available parent of a teenager is open to discussion offering advice and solutions but not insisting on them He allows his child to make some mistakes setting limits primarily where health and safety are concerned He never lectures he is available but not controlling He is neither cruel nor dismissive ever The available parent is fun and funny and can bring levity to the most stressful situation All of that is to say there are no conditions to his availability it is absolute
