The Joyful Athlete George Beinhorn, 2015-04-15 How can athletes train for maximum performance and joy The Joyful Athlete shares the findings of a veteran runner who worked as an editor at Runner s World and has raced at distances from 100 yards to 100K 62 2 miles After receiving a master s degree from Stanford University author George Beinhorn was paralyzed from the chest down for three years No sooner had he recovered than a spiritual teacher urged him to start running there would be no time for self pity For the next 40 years he researched ways to make training both scientific and personally rewarding Studying the careers of hundreds of athletes he found that the most successful shared two qualities First they were expansive they had a positive outlook and exceptional energy And they practiced feeling based training they had an uncanny ability to understand the signals their bodies were sending Athletes in our western culture have been

obsessed with numbers The assumption is that by analyzing our training rationally we ll be able to achieve more consistent results and get the most enjoyment In practice this premise hasn t worked out very well Athletes from cultures where intuition is honored notably elite runners from East Africa continue to dominate That s because sports training isn t about running the numbers It s about working with the individual body that we must train with and whose needs change continually The Joyful Athlete tells a riveting story of groundbreaking research that reveals why our bodies thrive when we cultivate expansive thoughts and feelings and how scores of athletes at all levels have found success by feeling based training It s an enjoyable reading experience that will inspire athletes in every sport The Joyful Athlete answers the most basic question every athlete faces How can I be successful and enjoy my training too *Relentless Forward Progress* Bryon Powell,2013-10-04 Ready to Run an Ultramarathon When you consider marathons do you think been there done that Like so many others do you believe that humans were born to run Do you seek a new challenge that tests your mental and physical limits If you answered yes to any of these questions then it s time to read *Relentless Forward Progress* and give ultramarathons a try Veteran ultramarathoner and coach Bryon Powell shares insider know ledge about training racing fueling hydration and much more In this guide you ll find Daily training plans for races from 50k to 100 miles A crash course in how to trail run Advice from some of the world s top ultrarunners Proven strategies for race day success Useful approaches for running uphill and downhill What to look for in ultramarathon gear Practical wisdom on speed work Cross training ideas for running fitness and recovery Tips on running barefoot Inspiration to go farther than you ve ever gone before *Once a Runner* John L. Parker,2009-04-07 The undisputed classic of running novels and one of the most beloved sports books ever published *Once a Runner* tells the story of an athlete s dreams amid the turmoil of the 60s and the Vietnam war Inspired by the author s experience as a collegiate champion the novel follows Quenton Cassidy a competitive runner at fictional Southeastern University whose lifelong dream is to run a four minute mile He is less than a second away when the turmoil of the Vietnam War era intrudes into the staid recesses of his school s athletic department After he becomes involved in an athletes protest Cassidy is suspended from his track team Under the tutelage of his friend and mentor Bruce Denton a graduate student and former Olympic gold medalist Cassidy gives up his scholarship his girlfriend and possibly his future to withdraw to a monastic retreat in the countryside and begin training for the race of his life against the greatest miler in history A rare insider s account of the incredibly intense lives of elite distance runners *Once a Runner* is an inspiring funny and spot on tale of one individual s quest to become a champion **Racing the Rain** John L. Parker,2016-09-13 From the author of the New York Times bestselling *Once a Runner* The best novel ever written about running *Runner s World* comes that novel s prequel the story of a world class athlete coming of age in the 1950s and 60s on Florida s Gold Coast Quenton Cassidy s first foot races are with nature itself the summer storms that sweep through his subtropical neighborhood Shirtless barefoot and brown as a berry Cassidy is a skinny mouthy kid with aspirations to be a great athlete As he explores his primal

surroundings along the Loxahatchee River and the nearby Atlantic Ocean he is befriended by Trapper Nelson the Tarzan of the Loxahatchee a well known eccentric who lives off the land In junior high school quite by chance Cassidy discovers an ability to run long distances but his real dream is to be a basketball star Still Cassidy absorbs Nelson s view of running as a way of relating to and interacting with the natural world Though he is warned of Nelson s checkered past Cassidy dismisses the stories as superstitious gossip until his small town is stunned by the disappearance of a prominent judge and his wife Cassidy s loyalty to his friend is severely tested just as his opportunity to make his mark as a gifted runner comes to fruition John Parker s prequel to the New York Times bestseller *Once a Runner* vividly captures how a runner is formed and the physical endurance determination and mindset he develops on the way to becoming a champion *Racing the Rain* is an epic coming of age classic about the environments and friendships that shape us all *Running Through the Wall* Neal
