The Pyramid of Business Success Christopher Sopko,2014-12-09 Based upon over 20 years of international management experience and a variety of third party research this book details 15 key characteristics and attributes that all leaders need to

build a successful long term business Management checklists and specific examples of how each of the characteristics have been applied by the world s most successful business managers are contained in each chapter This book also includes over 150 interview questions that can be used to help determine your best future employees based upon how well they match these 15 characteristics It will quickly become invaluable to anyone wanting to hone their management skill and for those that will be tasked with helping to develop the next generation of Millenials now entering the workforce **Remaking Indigeneity in the Amazon** Esteban Rozo,2023-09-28 Drawing on archival and ethnographic work this book analyzes how indigeneity Christianity and state making became intertwined in the Colombbian Amazon throughout the 20th century At the end of the 19th century the state gave Catholic missionaries tutelage over Indigenous groups and their territories but in the case of the Colombbian Amazon this tutelage was challenged by evangelical missionaries that arrived in the region in the 1940s with different ideas of civilization and social change Indigenous conversion to evangelical Christianity caused frictions with other actors while Indigenous groups perceived conversion as way of leverage with settlers This book shows how evangelical Christianity shaped new forms of indigeneity that did not coincide entirely with the ideas of civilization or development that Catholic missionaries and the state promoted in the region Since the 1960s the state adapted development policies and programs to Indigenous realities and practices while Indigenous societies appropriated evangelical Christianity in order to navigate the changes brought on by colonization modernity and state formation This study demonstrates that not all projects of civilization were the same in Amazonia nor was missionization of Indigenous groups always subordinate to the state or resource extraction **Forerunners to the Uncharted Amazon** Paul Charles Johnson,2023-09-21 Few have ever known the honor and mystique of growing up in the virgin Amazon rainforest In the late 1950s Paul Johnson s family of six chose to leave the comforts of Canada to disappear into stark isolation three weeks travel by dugout canoe from the last outpost of Bolivian civilization Survival was precarious due to unending encounters with the anaconda jaguar crocodile and an unknown hostile tribe History shamefully confirms that so called civilization conquered or annihilated many original Amazonian cultures Even so dozens of remote indigenous nations remained hidden in the vast jungle encompassing an area larger than the continental USA The family s hope was to befriend and respect one of those tribes equipping them holistically to face the onslaught that would inevitably invade their pristine world For Paul s family learning to thrive involved harvesting the bounty of the jungle carving out a primitive base camp on the riverbank and tolerating a multitude of insects intense heat and fatal tropical diseases After three years of unimaginable sacrifice confidence was finally earned with a Stone Age people group ushering in a tenuous first contact As book 1 of a trilogy of Rain Forest Memoirs this narrative highlights the intentions and unrestrained power of God as played out in the lives of a few ordinary messengers Faith brought them to the forest Perseverance kept them there Peace that surpassed understanding sustained them throughout innumerable trials Their legacy imparts compelling purpose and destiny for those yearning for far more in life today *An American Queer:*

The Amazon Trail Lee Lynch, 2014-10-01 This collection of Lee Lynch's columns chronicles over a quarter century of queer life in the United States from the last decades of the twentieth century into the twenty first From the beginning of my writing career I just wanted to write about lesbian gay life as I experienced it Like so many I came from a place of great isolation At the same time being gay filled me with great pride and joy Writers Jane Rule Isabelle Miller Radclyffe Hall Valerie Taylor Ann Bannon and Vin Packer gave me inspiration and even the lesbian companionship I needed as a baby dyke More than anything I want to give to gay people what those writers gave me And I want to do it well enough that my words might someday be considered literature and as such might endure because as open as some societies have become there are always haters and cycles of oppression Our writers strengthen us offer a sense of solidarity and validation that we are both more than our sexualities and are among the best that humanity offers *The Adventures of Amazon Swamp Chicken* J.
