Chapters are organized by type of destination, for example, beaches, mountains, and deserts, to help travelers discover new places and experiences based on their interests. Each entry focuses on a specific region, getting to the essence of each locale and its one-of-a-kind offerings. Special features include funny and insightful stories from the Howards' own adventures, expert advice from other renowned traveling couples, and tips to increase the romance and excitement at each destination. A large map shows every location covered in the book, and each entry has a locator map depicting the city and country. Both entertaining and informative, this book is an invaluable resource and inspiration for a lifetime of travel. *The Alpine Journal*, 1998 **Himalaya** Richard C. Blum, Erica Stone, Broughton Coburn, 2006 Both a magnificent celebration and a call for compassion, *Himalaya* is a panorama of the unique history and uncertain future of the world's highest region and its colorful inhabitants. The awesome beauty of these lofty peaks, including Everest, Kanchenjunga, and Annapurna, is brought to life by gifted photographers like Steve McCurry, Art Wolfe, and many more, while such notable contributors as Jimmy Carter, the Dalai Lama, Sir Edmund Hillary, Tenzing Norgay, and over two dozen others share vivid personal tales of Himalayan life, recount their efforts to encourage hope and opportunity, and emphasize the urgent need to preserve the vibrant variety of these ancient landscapes and cultures as they face the mixed blessings of the modern world. The book begins by introducing the region, its astonishing biodiversity, its mountaineering history, its rich ethnic heritage, and the interplay between two major religions, Hinduism and Buddhism. *Himalaya* addresses challenges to these mountainous domains: political turmoil, population growth, touristic demands, and ecological stresses. Finally, a compelling conclusion comes in the stories of doctors, conservationists, environmentalists, and volunteers of every kind whose efforts provide a global model for practical results and lasting relief, still respecting, honoring, and protecting the magic of a place unlike any other on Earth. Great Himalaya Trail Gerda Paule, 2013-11-07 The Great Himalaya Trail is one of the longest and highest trails in the world. It is a trail that winds for 17,000 kilometres through Nepal across the roof of the world, over ice-covered passes, crossing high mountain deserts, and through some of the most remote areas on earth. This path is perhaps the ultimate walk. In 2012, Himalaya veteran Gerda Paule set out to walk the length of the trail to raise awareness of autism in Nepal. Travelling across the country with open eyes and ears, ascending high passes, visiting isolated

villages and drinking tea with the locals allowed her to see and hear things many of us might never hear never experience and never know Beautifully written like many great travel books and with a foreword by Sir Chris Bonington this is so much more than a travel diary it is a collection of stories from the very heart of Nepal and its people From Tibetan tea and local beer to corrupt politicians and child marriage cold nights and monsoon rain to incredible views and searing heat and from angry yaks and giant spiders to Mr Bean and Jack Nicholson Her book is not about her but about this trip across the roof of the world done both for her own pleasure and for those who suffer from autism Sir Chris Bonington      **Nepal Himalaya** H. fluttering behind them They know that jumping off the top of the world marks only the beginning of a longer more audacious journey And they know that the two mile ride down Everest will be the easiest part If the jump doesn't kill them In April 2011 the two unsponsored Nepalis set out on an unprecedented expedition to climb Everest paraglide from its peak and paddle nearly 400 miles to the ocean Little problems wouldn't stop them Like the fact that Babu had no technical climbing experience And that Lakpa had never been kayaking or swimming But after summiting surviving their flight off the world's tallest mountain and being arrested robbed and nearly drowned repeatedly the two friends discovered their adventure had only just begun
