*The Light At The End Of The Covid-19 Tunnel* Gwendolyn S. Corbett, 2021-12-23 Covid 19 was a tsunami of sudden and major disruption on a global scale Most people around the world experienced immediate and chaotic change People stopped moving The earth had a chance to breathe Early on people indicated that there would be life before Covid 19 and life after Covid 19 Life would NEVER be the same The swelling and welling up caused extreme and explosive forced action for most of humanity and a reaction from earth There was no warning really There s been nothing quite as earth shocking and shattering for the entire world since World War II Most humans from World War II are no longer here to share the memories of the abrupt and permanent alteration to lives everywhere Covid 19 served as a reminder as to how precious all of life is When this global pandemic wave rushed over earth the impact was of unique proportions and magnitudes Due to advanced technology and social media the effects of Covid 19 and the havoc it wreaked on people s emotions actions and lives was readily available for the entire world to witness and respond to or not Due to the severe measures implemented in my state the US and worldwide the immediate reaction was extreme fear Close emotional allies of fear regardless of spiritual and or political affiliations were the emotions of criticism anger judgment division frustration suspicions blame and hopelessness Basic freedoms that most people around the globe were typically afforded in normal times became forbidden taboo shunned In most places hand shaking hugging kissing and close contact were not allowed In most places for extended periods of time restrictions halted physical contact with those outside of one s immediate family If you were single or an elderly person in an assisted care facility there was a great chance of becoming very lonely The coronavirus basically locked many people up in what would be a prison cell While in this prison cell individuals were forced to reflect on themselves and on the relationships closest to them mostly their immediate family whether they were ready to do this or not Close evaluation of workplace and extended social relationships took place as well In the state of Ohio where I reside towards the end of March 2020 the fear of the impending coronavirus shutdown was palpable with the extreme measures and restrictions that would affect personal and workplace lives As an alternative healer and a very sensitive person I felt the closing in the locking of the prison cell door the extreme fear most people felt The close allies of fear surrounded me and

attempted to draw me into the current of negativity On March 20 2020 God gave me a message strong and clear He said Gwen to make it through this pandemic you must remain positive and hopeful for yourself your family community humanity and earth On March 20 2020 right before Ohio shut down life as usual the poems started flowing The first one was inspired by Proverbs 11 25 NIV A generous person will prosper whoever refreshes others will be refreshed The poems continued to flow through May 8 2021 two Mother's Day poems to my mom These poems are to help heal the wounds of Covid 19 They are a gift to humanity and earth Certain proceeds from this book will aid poor children in rural Appalachia where I grew up in Southeastern Ohio and hopefully well beyond
