A series of prayers with doctrinal and practical remarks on passages of Sacred Scripture for every morning and evening throughout the war; adapted to the services of domestic worship, by one hundred and eighty clergymen of the Church of Scotland [viz J. Smyth, N. Paterson, J. Henderson and others. Edited by J. G.]** James GIBSON (Professor of the Free Church College, Glasgow.),1841 **The Free Methodist** ,1900 **The Universalist and Ladies' Repository** ,1839 **The Children's Friend** ,1910 **Georgic Tradition in English Poetry** Dwight Leonard Durling,1964 **The Unfolding of The Seasons** Ralph Cohen,2021-12-29 First published in 1970 The Unfolding of The Seasons provides an interpretation and evaluation of James Thomson s poem The Seasons Professor Cohen urges its reconsideration as a major Augustan poem arguing that Thomson s unity diction and thought combine with a conception of man nature and God which is poetically tenable and distinctive The case for The Seasons as an important work of art depends upon its effectiveness as a moving vision of human experience and Professor Cohen believes that many critics have not felt this effectiveness because they have

misconceived Thomson's vision and misunderstood his idiom. His study aims to persuade them to return to the poem and to examine it within the context of an Augustan tradition. Professor Cohen shows that Thomson's great achievement is to have fashioned a conception which by bringing nature to the forefront of his poem became a new poetic way of defining human experience. Thomson was not the first nature poet in English but he was the first to provide an effective idiom in which science, orthodox religion, natural description and classical allusions blended to describe the glory, baseness and uncertainty of man's earthly environment, holding forth the hope of heavenly love and wisdom. This study shows that Thomson found a personal idiom by means of which he created an artistic vision. It will appeal to those with an interest in English literature and in philosophy.
