## Hearts Enslaved:

*Hearts Enslaved* Judith Hill, 1993-12 A Roman soldier newly arrived in Britannia finds both his body and heart enslaved by the beautiful Celtic woman who holds him captive Though she swore never to trust him Rhyca finds herself drawn to Galen's proud dark looks and virile strength Enslaved Women and the Art of Resistance in Antebellum America R. Harrison, 2009-09-28 Draws on mid-seventeenth to nineteenth century slave narratives to describe oppression in the lives of enslaved African women Investigates pre-colonial West and West Central African women's lives prior to European arrival to recover the cultural traditions and religious practices that helped enslaved women combat violence and oppression *Our Hearts Were Strangely Lukewarm* John Elford, 2023-05-26 *Our Hearts Were Strangely Lukewarm* summons the reader on a most unusual journey through Methodist history Along the way we discover how the White American Methodist Church became deeply entangled with White supremacy From the founding of the church in the late eighteenth century to the present we have too often been silent bystanders or active accomplices in the enormous harm caused by racism It's a complicated and shameful story few Methodists know And yet if we want to transform the world toward a different and better future for all one free of the stranglehold of racism we must come to terms with the story of our past the whole story *Our Hearts Were Strangely Lukewarm* is a trustworthy guide into the church's troubled history It's also a present day call to action that finds inspiration in those Methodists who stood against the tide and those guiding the church today toward the horizon of racial justice Hearts of Wisdom Emily K. Abel, 2009-06-30 The image of the female caregiver holding a midnight vigil at the bedside of a sick relative is so firmly rooted in our collective imagination we might assume that such caregiving would have attracted the scrutiny of numerous historians As Emily Abel demonstrates in this groundbreaking study of caregiving in America across class and ethnic divides and over the course of ninety years this has hardly been the case While caring for sick and disabled family members was commonplace for women in nineteenth and early twentieth century America that caregiving the caregivers experience of it and the medical profession's reaction to it took diverse and sometimes unexpected forms A complex series of historical changes Abel shows has profoundly altered the content and cultural meaning of care *Hearts of Wisdom* is an immersion into that world of care Drawing on antebellum slave narratives white farm women's diaries and public health records Abel puts together a multifaceted picture of what caregiving meant to American women and what it cost them from the pre-Civil War years to the brink of America's entry into the Second World War She shows that caregiving offered women an arena in which experience could be parlayed into expertise while at the same time the revolution in bacteriology and the transformation of the formal health care system were weakening women's claim to that expertise Table of Contents Acknowledgments Introduction Part One 1850-1890 1 Hot Flannels Hot Teas and a Great Deal of Care Emily Hawley Gillespie and Sarah Gillespie 1858-1888 2 An Overview of Nineteenth Century Caregiving 3 Tried at the Quilting Bees Conflicts between Old Ladies and Aspiring Professionals Part Two 1890-1940 4 A Terrible and

Exhausting Struggle Martha Shaw Farnsworth 1890 1924 5 Just as You Direct Caregiver Translations of Medical Authority 6  
Negotiating Public Health Directives Poor New Yorkers at the Turn of the Century Reviews of this book This excellent  
historical review of female caregiving within families as a transformative experience identifies conditions that make this form  
of human connectedness rewarding and meaningful J E Thompson Choice This is a breathtaking work in terms of its depth  
and its breadth Emily Abel s research is impressive in its time frame wide range of topics and wonderful source material  
What she has given us for the first time is a full length study of the female support network not only for childbirth but for a  
whole range of health issues With her pleasing writing style and clear readable prose she gives us much more than mere  
glimpses of anonymous people she provides the reader with a sense of the texture of human lives Susan L Smith University of  
Alberta The reader of Hearts of Wisdom is surprised by the topic and content but is left with the sense that the most central  
story of human possibility has been left out of all other history books The work offers a substantive contribution to history  
feminist scholarship caregiving professions and informal caregivers Patricia Benner R N Ph D University of California San  
Francisco , **Terror in the Heart of Freedom** Hannah Rosén, 2009 Terror in the Heart of Freedom Citizenship Sexual  
Violence and the Meaning of Race in the Postemancipation South *Sexual Violence and American Slavery* Shannon  
Eaves, 2024-04-09 It is impossible to separate histories of sexual violence and the enslavement of Black women in the  
antebellum South Rape permeated the lives of all who existed in that system Black and white male and female adult and child  
enslaved and free Shannon C Eaves unflinchingly investigates how both enslaved people and their enslavers experienced the  
systematic rape and sexual exploitation of bondswomen and came to understand what this culture of sexualized violence  
meant for themselves and others Eaves mines a wealth of primary sources including autobiographies diaries court records  
and more to show that rape and other forms of sexual exploitation entangled slaves and slave owners in battles over power to  
protect oneself and one s community power to avenge hurt and humiliation and power to punish and eliminate future threats  
By placing sexual violence at the center of the systems of power and culture Eaves shows how the South s rape culture was  
revealed in enslaved people s and their enslavers interactions with one another and with members of their respective  
communities God Reforms Hearts Thaddeus Williams, 2021-08-11 Must we be free to truly love Evil is a problem for all  
Christians When responding to objections that both evil and God can exist many resort to a free will defense where God is not  
the creator of evil but of human freedom by which evil is possible This response is so pervasive that it is just as often  
assumed as it is defended But is this answer biblically and philosophically defensible In *God Reforms Hearts* Thaddeus J  
Williams offers a friendly challenge to the central claim of the free will defense that love is possible only with true or  
libertarian free will Williams argues that much thinking on free will fails to carve out the necessary distinction between an  
autonomous will and an unforced will Scripture presents a God who desires relationship and places moral requirements on  
his often rebellious creatures but does absolute free will follow Moreover God s work of transforming the human heart is

more thorough than libertarian freedom allows With clarity precision and charity Williams judges the merits and shortcomings of the relational free will defense while offering a philosophically and biblically robust alternative that draws from theologians of the past to point a way forward Whispers From the Heart of Chains Pasquale De Marco,2025-07-13 In the heart of the American South nestled amidst rolling mountains and fertile valleys lies a hidden history of bondage and resilience Whispers From the Heart of Chains unveils the untold story of slavery in the Mountain South a region often overlooked in the broader narrative of American bondage This groundbreaking book delves into the unique characteristics of slavery in this rugged and unforgiving terrain where small plantations and dispersed communities shaped the lives of the enslaved Through meticulous research and poignant storytelling we uncover the intricate web of exploitation and control that extended beyond the physical realm seeping into the very fabric of society Whispers From the Heart of Chains brings to life the voices of the enslaved weaving together their narratives of suffering resilience and the unwavering pursuit of freedom We hear the voices of women children and men each with their own unique stories of survival and resistance Their testimonies preserved through slave narratives oral histories and historical records provide a glimpse into the inner lives of those who endured the horrors of slavery This book is more than a recounting of historical events it is a journey into the human spirit a testament to the indomitable will to survive and the power of resistance against overwhelming odds It is a call to confront the lingering legacy of slavery in our society to acknowledge the wounds that still fester and to work towards a future where justice and equality prevail Whispers From the Heart of Chains is a tribute to the resilience of the human spirit a clarion call for justice and a reminder that the struggle for freedom is an ongoing journey It is a must read for anyone seeking a deeper understanding of American history the legacy of slavery and the enduring fight for racial justice If you like this book write a review

**Political Affairs of the Heart** Linda Van Netten Blimke,2022-07-15 By examining four sentimental travelogues written by British women travelers during the American and French Revolutions Political Affairs of the Heart argues that this genre by combining eyewitness authority with the language of sensibility constitutes a significant site of women's engagement in national and gender politics *At the Heart of the Borderlands* Cameron D. Jones,Jay T. Harrison,2023-04-15 At the Heart of the Borderlands is the first book length study of Africans and Afro descendants in the frontiers of Spanish America While people of African descent have formed part of most borderlands histories this study recognizes and explains their critical contribution to the formation of frontier spaces Lack of imperial control coupled with Spain's desperation for settlers and soldiers in frontier areas facilitated the social mobility of Afro descendants This need allowed African descendants to become not just members of borderland societies but leaders of it as well They were essential actors in helping to shape the limits of the Spanish empire Africans and Afro descendants built opposed and shaped Spanish hegemony in the borderlands taking on roles that would have been impossible or difficult in colonial centers due to the socio racial hierarchy of imperial policies and practices Tennesseans & Their History Paul H. Bergeron,2024-08-09 The history

of Tennessee is full of dramatic episodes and colorful characters that give the Volunteer State a major place in the American saga From the bloody battle of Shiloh in 1862 to the Dayton monkey trial of 1925 to the assassination of Martin Luther King in Memphis in 1968 Tennessee has been the locale for many of America's most important events This new book presents a synthesis of Tennessee history from earliest times to the present Striking a balance of social economic and political perspectives it moves from frontier times to early statehood antebellum society through the Civil War to Reconstruction then establishes Tennessee's place in the New South and in modern times Full coverage is devoted to the Civil Rights era and to events in the later years of this century including environmental issues The text deals honestly with slavery and segregation and also corrects shortcomings of previous works by placing the state's history in the context of national issues and events within the South The authors introduce readers to famous personages like Andrew Jackson and Austin Peay often using quotations to give them voice They also tell stories of ordinary people and their lives to show how they are an integral part of history Sidebars throughout the text highlight stories of particular interest and reading lists at the end of chapters further enhance the text's utility Tennesseans and Their History was written for students needing a basic introduction to state history and to general readers looking for a lively introduction to Tennessee's past Written to be entertaining as well as instructive it makes the state's history relevant to a new generation of Tennesseans The Authors Paul H Bergerson is professor of history at the University of Tennessee and the editor of The Papers of Andrew Johnson Stephen V Ash is associate professor of history at the University of Tennessee and author of Middle Tennessee Transformed 1860-1870 War and Peace in the Upper South Jeanette Keith is associate professor of history at Bloomsburg University and the author of Country People in the New South Tennessee's Upper Cumberland      **Twin Shining Lights** Mahrouyeh Maghzi, 2018-07-10

You are the bows from which your children as living arrows are sent forth Let your bending in the archer's hand be for gladness for even as He loves the arrow that flies so He loves also the bow that is stable Khalil Gibran Humanity continues to evolve Today's children have unique qualities that are helping the planet evolve spiritually by moving from the old energy of fear greed corruption competition and stress into the new energy of love integrity manifestation and cooperation The New Children possess specific characteristics to help them fulfill their purpose to bring the planet into a space where Peace and Honesty reign where Harmony between all living creatures is the norm and where Cooperation is given and expected as we realize that we are all connected to each other by Love Differing from previous generations these New Children are becoming more and more connected to Divine they remember our spiritual connection Even though each child expresses this gift in a unique way as a group they are a more intuitive more telepathic more sensitive generation **Twin Shining Lights** is a beautiful narrative that introduces readers to this perspective on life because story matters      **The Colors of Violence** Sudhir Kakar, 2022-06-17 For decades India has been intermittently tormented by brutal outbursts of religious violence thrusting thousands of ordinary Hindus and Muslims into bloody conflict In this provocative work psychoanalyst Sudhir Kakar

exposes the psychological roots of Hindu Muslim violence and examines with grace and intensity the subjective experience of religious hatred in his native land With honesty insight and unsparing self reflection Kakar confronts the profoundly enigmatic relations that link individual egos to cultural moralities and religious violence His innovative psychological approach offers a framework for understanding the kind of ethnic religious conflict that has so vexed social scientists in India and throughout the world Through riveting case studies Kakar explores cultural stereotypes religious antagonisms ethnocentric histories and episodic violence to trace the development of both Hindu and Muslim psyches He argues that in early childhood the social identity of every Indian is grounded in traditional religious identifications and communalism Together these bring about deep set psychological anxieties and animosities toward the other For Hindus and Muslims alike violence becomes morally acceptable when communally and religiously sanctioned As the changing pressures of modernization and secularism in a multicultural society grate at this entrenched communalism and as each group vies for power ethnic religious conflicts ignite The Colors of Violence speaks with eloquence and urgency to anyone concerned with the postmodern clash of religious and cultural identities The Poetic Heart of God Sophia Nicole

Barrett-Benton,2012-09-20 This book is a must read Dont let the word poetry fool you This book is inspiring encouraging empowering life changing powerful profound prophetic poetry that points to Christ This is not your average book of poems These words are God inspired You must be careful how you speak over your life and who you allow to speak into your life Words live Words have the ability to create produce form and construct The words in this book does that and more They give life to lifeless situations Words can also destroy demolish tear down remove and eliminate ultimately death can occur because of spoken words How many of you need some things to die out of your life like sickness disease pain and turmoil There is absolutely no way you can read this book and the Words not come alive in your spirit To read this book is to be healed to be restored to be revived to be delivered to be set free from strongholds and addictions This book will create fresh vision for your life birth new revelation in your spirit and produce fruit in your life that will remain This book was written to create new spiritual levels in your life It will inspire you to transform your mind to think like Christ remove your stony heart and refashion you a heart of flesh The words in this book are anointed by God and will destroy completely demolish the works and ploys of satan pull down strongholds and generations curses in your life will be removed as well as barriers that try to hinder your progress in God To read this book you will experience Gods supernatural power in your life These words bring about a change a spiritual birthing they will transform your life even as you read them This book is full of the Word of God It will challenge you to re evaluate your life and make positive life long changes that will cause you to rise to new spiritual heights This book prepares you for your next radical move your next shift your next supernatural blessing The words in this book are anointed to bring about conviction that provokes a God fearing change awaken the spirit in you deposit faith and build your confidence in God It is time for the body of Christ to rule subdue have dominion take over territory and walk in total
