Feminist Bookstore News, 1986 **How I Ended Up Here!** Pam Tomaszewski, 2025-06-06 Pam's journey from a tragic beginning to a life of fulfillment and purpose is both inspiring and thought provoking Born into a family struck by tragedy Pam lost her mother at the tender age of two in a vehicle accident This devastating event sent her birth family into a downward spiral leading to Pam becoming a ward of the state Eventually she was adopted at the age of twelve already hardened by the harsh circumstances and feelings of abandonment she had

endured Despite the chaos and the void she tried to fill with a partying lifestyle Pam began to question whether there was another way to live She wondered if different choices could lead to different outcomes In her search for truth she embraced ideas and concepts that were often considered unconventional Her commitment to learning and applying these principles guided her to graduate with a doctorate degree Pam s dedication didn t stop there she integrated these truths into her own life and raised her children with these same principles Her story challenges the adage The apple does not fall far from the tree In her book *How I Ended Up Here My Wellness Journey* Pam shares how she defied this saying in many areas of her life She now watches with gratitude as her three children benefit from the many unconventional decisions she made Her experiences show that going against the grain can yield positive results For many women fear surrounding their bodies and a lack of trust in their Creator can lead to decisions imposed by family media and the medical community that may not align with their inner feelings Pam encourages women to trust their instincts and explore different ways of thinking and living If you re ready to discover whether different choices can lead to different outcomes in your life too then Pam s story is a compelling and hopeful read Happy reading

Doulas and Intimate Labour: Boundaries, Bodies and Birth Angela N. Casaneda,2015-12-01 Scholars turn to reproduction for its ability to illuminate the practices involved with negotiating personhood for the unborn the newborn and the already existing family members community members and the nation The scholarship in this volume draws attention to doula work as intimate and relational while highlighting the way boundaries are created maintained challenged and transformed Intimate labour as a theoretical construct provides a way to think about the kind of care doulas offer women across the reproductive spectrum Doulas negotiate boundaries and often blur the divisions between communities and across public and private spheres in their practice of intimate labour This book weaves together three main threads doulas and mothers doulas and their community and finally doulas and institutions The lived experience of doulas illustrates the interlacing relationships among all three of these threads The essays in this collection offer a unique perspective on doulas by bringing together voices that represent the full spectrum of doula work including the viewpoints of birth postpartum abortion community based adoption prison and radical doulas We privilege this broad representation of doula experiences to emphasize the importance of a multi vocal framing of the doula experience As doulas move between worlds and learn to live in liminal spaces they occupy space that allows them to generate new cultural narratives about birthing bodies
