A Fatal Embrace? Frank W. Heuberger, Laura L. Nash, As business practices increasingly move to humanize the workplace boundaries between private and public life are undergoing redefinition Nowhere in contemporary business are the boundaries shifting more rapidly than in the area of human resource services In the past decade the growth of corporate programs to address social needs among employees has been explosive A Fatal Embrace defines reasons for this phenomenon which has become a significant trend in professional management in Western societies A Fatal Embrace is directed at the current proliferation of personal development programs to improve and spur growth in employees capabilities Such services include health benefits family care arrangements employee assistance programs and leadership training This trend reflects an underlying assumption that the corporation is responsible for promoting a symbiosis of person and economics By helping employees become healthier more relaxed and more creative the corporation develops stronger economic performers A Fatal Embrace will serve as a catalyst for further research and analysis in the area of human resource programs and is an important book to be read by economists sociologists and professionals in business and

management      **Workplace Health Promotion** Anders Hanson, 2007 Workplace Health Promotion A salutogenic approach A strategy for the future of business When company performance and economic sustainability depends on peoples participation wellbeing and health Read about how workplace health promotion contributes to this with a salutogenic approach This book takes the Ottawa Charter for Health Promotion one step further Salutogenesis Antonovsky helped us to understand the logic of health promotion by means of the continuum model which describes human health as something dynamic with movement and direction From a given point on the health continuum the line between the twin poles of health and illness different conditions or measures can act to improve the individual s health so that he or she is moved nearer towards the health pole This state of health can be superior both when measured in physiological terms and when considered subjectively in terms of the feeling of health experienced What is there in people s way of life or in them as persons which functions as a general factor of resistance to illness What can be done not only to see that health is preserved but that it can even be improved With the help of the idea of salutogenesis this strategy can be developed into an approach of its own which clearly differs from both curative and preventive health work      *Creating Healthy Workplaces* Caroline Biron, Ronald J. Burke, 2016-05-13 The contributions in *Creating Healthy Workplaces* include a number of interventions that relate the efforts undertaken by researchers and organizations together to reduce stress and improve the mental and physical health of employees through positive change initiatives Those working in the field of occupational stress have received criticism that too much emphasis has been placed on negative issues and that positive initiatives have been largely ignored With the growing influence of the positive movement this book explores the implications of using a positive approach as opposed to a stress management one and compares the types of interventions they each require From a positive perspective there is a need to understand the characteristics of healthy thriving and flourishing people and organizations This book explores the implications of using a positive approach as opposed to a stress management one Some of the interventions described in *Creating Healthy Workplaces* target individuals and their attitudes and behaviours others target workplace relationships work units and the wider organization Outcomes such as reduced occurrences of smoking obesity depression elevated blood pressure accidents and workplace injuries presenteeism absence and staff turnover are reported The factors associated with the success of these interventions are identified and advice is given as to how interested individuals and organizations might proceed to develop worksite interventions on their own      *TO STUDY THE ROLE OF PERCEIVED ORGANIZATIONAL HEALTH IN THE RELATIONSHIP OF WORK INVOLVEMENT AND JOB SATISFACTION IN DIFFERENT ORGANIZATIONS* Dr. Suresh M.
