In *The Mechanics of the Knee* Dr Morley offers a refreshingly commonsense and succinct approach to the growing problem of knee arthritis. He writes from his decades long experience and professional knowledge using a reader friendly often humorous style that makes his information particularly accessible and understandable for readers. In part he contrasts a healthy knee to an arthritic knee including noting the signs and symptoms that many of us tend to dismiss and he offers scientific facts to educate us on treatment. His purpose is to help avoid knee arthritis if possible or to treat it conservatively when it is present and for those who think surgery is the only option Dr Morley stresses. The great majority of patients will show improvement with a non operative approach. *The Mechanics of the Knee* is for anyone with knee pain those who have risk factors for knee arthritis or those who wish to learn more about the disease. It is quite simply the definitive book on knee arthritis. Book jacket **Estrogen's Storm Season** Jerilynn C. Prior, **Unique Healing 2**® Donna Pessin, 2012-05-09
