**Taking Heart** Fiona Gardner, 2021-01-29 The meaning and mystery of life is ultimately found in personal relationship sometimes with another and for those who search sometimes with God In *Taking Heart* the experiences of four people who are spiritually searching and looking for a direct experience of God are explored and their different journeys through self doubt to self acceptance and to the heart of faith are discussed These four people are neither especially religious nor spiritual and nor are they famous They are ordinary people on an extraordinary search for meaning As with all journeys there is discovery but also an uncovering and a recovering All heart journeys are an exodus that takes us out of captivity and are also the passion story which is at the heart of the mystery of faith a journey through the very worst and towards the very best And throughout the spiritual journey God is shaping and forming our inner life in the unknown depths of our heart

*Coexistentialism and the Unbearable Intimacy of Ecological Emergency* Sam Mickey, 2016-07-29 The philosophy of existentialism is undergoing an ecological renewal as global warming mass extinction and other signs of the planetary scale of human actions are making it glaringly apparent that existence is always ecological coexistence One of the most urgent problems in the current ecological emergency is that humans cannot bear to face the emergency Its earth shattering implications are ignored in favor of more solutions fixes and sustainability transitions Solutions cannot solve much when they cannot face what it means to be human amidst unprecedented uncertainty and intimate interconnectedness Attention to such uncertainty and interconnectedness is what ecological existentialism Deborah Bird Rose or coexistentialism Timothy Morton is all about This book follows Rose Morton and many others e.g. Jean Luc Nancy Peter Sloterdijk and Luce Irigaray who are currently taking up the styles of thinking conveyed in existentialism renewing existentialist affirmations of experience paradox uncertainty and ambiguity and extending existentialism beyond humans to include attention to the uniqueness and strangeness of all beings all humans and nonhumans woven into ecological coexistence Along the way coexistentialism finds productive alliances and tensions amidst many areas of inquiry

including ecocriticism ecological humanities object oriented ontology feminism phenomenology deconstruction new materialism and more This is a book for anyone who seeks to refute cynicism and loneliness and affirm coexistence

Office of Information for the Armed Forces, 1978 **Soldier's Heart** Elizabeth D. Samet, 2004-08-01 Elizabeth D Samet and her

students learned to romanticize the army from the stories of their fathers and from the movies For Samet it was the old World War II movies she used to watch on TV while her students grew up on Braveheart and Saving Private Ryan Unlike their teacher however these students cadets at the United States Military Academy at West Point have decided to turn make believe into real life West Point is a world away from Yale where Samet attended graduate school and where nothing sufficiently prepared her for teaching literature to young men and women who were training to fight a war Intimate and poignant Soldier's Heart chronicles the various tensions inherent in that life as well as the ways in which war has transformed Samet's relationship to literature Fighting in Iraq Samet's former students share what books and movies mean to them the poetry of Wallace Stevens the fiction of Virginia Woolf and J M Coetzee the epics of Homer or the films of James Cagney Their letters in turn prompt Samet to wonder exactly what she owes to cadets in the classroom Samet arrived at West Point before September 11 2001 and has seen the academy change dramatically In Soldier's Heart she reads this transformation through her own experiences and those of her students Forcefully examining what it means to be a civilian teaching literature at a military academy Samet also considers the role of women in the army the dangerous tides of religious

and political zeal roiling the country the uses of the call to patriotism and the cult of sacrifice she believes is currently paralyzing national debate Ultimately Samet offers an honest and original reflection on the relationship between art and life
