*Fire and Rain, Answering the Rune's Call* Sara Annon, 2019-01-18 This series rises out of my personal journey with the Runes that began during a Mask Dance workshop in Northern Germany the birthplace of the runes During the week I spent in a lovely seminar house secluded in among the trees bordering the heather of the Lunebergerheide I found myself tasked with telling the story of the Runes as one of creation not destruction We used shamanic drumming and rattling to drive the visionary state and a specific body posture to guide our experience My time was spent deep in a philosophical discussion with the energetic field of the Runes It was impressed on me that the two fundamental distortions in the historical

practice of Runes were the suppression of sexual energy in Christianity and the Germanic tribe s practice of ritual killing to gain personal power I was shown how this combination inherently leads to atrocities My first step was to seek out any creation stories I could find that were related to the runes Somewhat to my surprise I did not find any direct or obvious correlations between the runes names and the stories In fact the use of the runes as an alphabet turned out to be driven by the Christian Church Then I looked into the current practice of Rune Stances and found their origins were both recent and suspect Along the way I had to admit that if the creation story of the runes was readily accessible they would not have had to grab hold of an ignorant mixed blood New Mexican to tell their tale What I had to offer was my own idiosyncratic view of the situation Since I had experience with ecstatic trance postures I wondered if rune shapes corresponded with ancient ecstatic body postures Once I turned towards the much older and more mysterious visionary roots of the Runes my path to a runic story of creation began to open I ended up with a mosaic of a sacred World Tree made of ancient bits and pieces I hope they can open creative experiential doors for those drawn to work in the runic realms Keywords Ancestry Creation Myths Ecstatic Trance Postures Epigenetics Rune Stances Runes Sacred Speech World Tree Shamanism Sustainable     [The Complete Novels of Warwick Deeping](#) Warwick Deeping,2023-12-15 The Complete Novels of Warwick Deeping presents a comprehensive anthology of the prolific English author s literary legacy encapsulating the nuanced exploration of human relationships and the intricacies of life s moral dilemmas Deeping s writing style is characterized by a rich illustrative prose and psychological depth making his narratives not only engaging but also thought provoking This collection showcases his ability to weave intricate plots set against the backdrop of early 20th century society revealing the tensions between tradition and modernity and often reflecting his own experiences during the tumultuous periods of war and societal change Warwick Deeping 1877 1950 emerged as a significant literary figure particularly known for his insightful portrayals of middle class life in England His diverse background in medicine coupled with a deep interest in human psychology informed his character driven plots and themes Deeping s own life experiences including serving as a soldier in World War I profoundly influenced his writing imbuing it with authenticity and emotional resonance that continues to resonate with readers today This anthology is a must read for those who appreciate classic literature that delves deep into the human condition Readers interested in the interplay of societal norms and personal struggles will find Deeping s works not just compelling narratives but also vibrant reflections on life that remain relevant in today s context     [Warwick Deeping: Complete Novels](#) Warwick Deeping,2022-05-17 Warwick Deeping Complete Novels presents a rich tapestry of narratives that explore the complexities of human experience against the backdrop of early 20th century society Deeping s literary style is characterized by vivid descriptions and a keen psychological insight often delving into social issues romantic entanglements and the moral dilemmas faced by his characters This collection reflects the evolving landscape of English literature during the interwar period showcasing Deeping s ability to weave personal dilemmas with broader societal themes capturing the zeitgeist of his
