## Heat Lightning Now And Forever:

**Pretty Is** Maggie Mitchell, 2015-07-07 A stunning multilayered debut with a great deal of intelligent beautifully written panache What a satisfying novel with its shifting perspectives and competing stories and notion that our relationship to the truth changes with time and distance The New York Times A fiercely imagined fiction debut in which two young women face what happened the summer they were twelve when a handsome stranger abducted them Everyone thought we were dead We were missing for nearly two months we were twelve What else could they think Lois It s always been hard to talk about what happened without sounding all melodramatic Actually I haven t mentioned it for years not to a goddamned person Carly May The summer precocious Lois and pretty Carly May were twelve years old they were kidnapped driven across the country and held in a cabin in the woods for two months by a charismatic stranger Nearly twenty years later Lois has become a professor teaching British literature at a small college in upstate New York and Carly May is an actress in Los Angeles drinking too much and struggling to revive her career When a movie with a shockingly familiar plot draws the two women together once more they must face the public exposure of their secret history and confront the dark longings and unspeakable truths that haunt them still Maggie Mitchell s **Pretty Is** beautifully defies ripped from the headlines crime story expectations and announces the debut of a masterful new storytelling talent
