Westerveld,2015-08-27 According to data available at this time the first draughts book written in Valencia in 1547 was titled El Ingenio o juego de marro de punta o Damas This is indicated by Nicolao Antonio Bibliotheca Hispana Vetus 1696 Volume I page 165 I am able to write about this draughts book because I came to possession of a copy of this book The cost was rather high but it was worthwhile to fly to Amsterdam in 1988 to obtain this copy of which the original is now in unknown hands in Madrid The positions of the diagrams letters and language that I could reproduce here are nearly identical to the original book thus diagrams with almost the same nice decoration and with almost the same old Spanish letters and the same language of the XV century Furthermore I reproduced the same positions of the diagrams thus using the white squares for the pawns and having the long diagonal on the right hand The drawing of the pawns and Dama are exactly the same as appearing in the original book *En la punta de los dedos: Aproximación al proceso creativo de Blanca Varela* Ana María

Gazzolo,2022-02-05 La obra poética de Blanca Varela 1926 2009 merece cada vez más apreciaciones críticas que reconocen su valor en el extenso ámbito de la literatura en lengua española Los ocho títulos que la componen son una clara muestra de una visión exigente y austera de la propia escritura que la autora ejerció sin contemplaciones El estudio que presentamos ingresa a la obra de Varela por una ruta no explorada a través de una selección de documentos de su archivo en el cual figuran libretas cuadernos papeles sueltos autógrafos y mecanografiados con correcciones o sin ellas de versiones anteriores de poemas publicados así como de esbozos diversos y poemas inéditos El propósito de este trabajo es el de recorrer las etapas del proceso creativo al cual sometió la autora sus textos hasta su publicación señalando los rasgos que distinguen su ejercicio poético y con la convicción de que por esta vía se enriquece la apreciación crítica de su obra También a partir de material de archivo se analiza el largo proceso de construcción de su primer libro Ese puerto existe y por otro lado se explora la formación de su yo lírico y su concepto de poética **Manual completo del encuadernador ... aumentado con el arte del rayador**
