Gitamrtam The Ebential Teachings Of The Bhagavadgita:

Gitāmrtam Anantanand Rambachan,1993-01-01 Gitamrtam is a concise and insightful discussion of the central themes of the Bhagavadgita Beginning with the Gita s teaching about the nature and role of the incarnation Dr Rambachan identifies kama a state of desiring and wanting as life s fundamental problem The proper resolution of this human dissatisfaction is to be found in the understanding of oneself to be the full and complete self atman Such knowledge Dr Rambachan vigorously argues enables one to act in the world from a deep sense of inward peace and fulfilment Self knowledge transforms human motivation and liberates us from the narrow confines of selfish action to the freedom of serving others Dr Rambachan establishes that the Bhagavadgita ideal is not indifference to the world and the severing of human relationships but love and compassion born out of the identity of oneself with all beings In a lucid and accessible style Dr Rambachan shows how the Gita s teaching makes possible a love which embraces all and infuses each act with compassion **Gitamrtam** Srila B. The Bhagavad-gîta Charles Johnston,1908 The Bhagavad Gita is one of the noblest scriptures of India one of the deepest scriptures of the world It is rich in beauty and full of poetic power The characters stand out in heroic grandeur in the midst of a splendid setting of martial valor The figures of Arjuna very human in despondency and doubt and of Krishna majestic resolute persuasive are clear living of universal truth On another side the Bhagavad Gita is full of inspiration of religious devotion of keenest insight into the heart of man The conflict of motives that beset human action the clinging fetters of selfishness which check us in the path to the immortal the subtle evasions of the lurking whisperer in the heart all are clearly seen and vividly revealed Yet withal the claims of abstract thought are not forgotten every stage of Indian philosophy every shade of logic and metaphysics is given its place and many practical suggestions are put forward touching the problems of Indian politics and history hints as valid to day in human affairs as they were two thousand years ago Introduction page vii

original Yoga teachings of India It is used by many yoga teachers in their training programs worldwide Ranchor Prime an English UK author broadcaster and ecological activist initially wrote this edition for his children but it is far from a childish book Rather he has created a version of this classic that is accessible to an adult Western audience in a way that few of the hundreds of editions translated from the original Sanskrit have been At its heart the Gita deals with the mysteries of life the nature of the Self the Universe Higher Power and the World Spoken on a battlefield it is a conversation between the soul and an Avatar a Divine Being Ranchor Prime s version is distinguished by his nonsectarian approach making the Gita relevant to those of all religions or none and emphasizing the link between spirituality and self development The section by section commentary opens the text to the spiritual seeker Prime never loses sight of the audience for his book and of the fact that he wants his readers to understand the Gita in a personal way Anyone who has ever asked What is the purpose of life Who am I or How do I find peace of mind will find something of value in this book Here is an invitation to discover the essential wisdom of yoga for today s world Introduction to Bhagavad-Gītā A.
