Awakening the Evolutionary Spirit Margaret Barry, 2007-08-30 My book is about an awakening within where I began a journey in discovering who I am and who God is This story told in poetry and reflections is not for me alone but for all searching souls who wish to know what is at the core or source of their being My desire is to reveal to the people of God the possibilities that lie in store for his beloved creations Love gives birth to new life and to this mystic the new woman It has given me cause to believe that a new world of people will soon emerge with a new consciousness a new spirit of awareness becoming the epitome of our creator s design the Omega person I believe the experiences expressed within these pages are a companion experience to the feminine of God which is the Holy Spirit of God who has been attempting to be in union with and at oneness with human beings She like most women has been overlooked ignored rejected and even denied by blind male dominated hierarchical religions However the evolution of our species which is becoming more and more like its creator is entering a phase of experiencing an awakening or awareness of Being which will unite us not only to God but to one another in order that the Cosmic Christ a new creation will be born

Perspectives on Bioethics and Human Rights Joseph Tham, Kai Man Kwan, Alberto Garcia, 2017-09-06 This book deals with the thorny issue of human rights in different cultures and religions especially in the light of bioethical issues In this book experts from Christianity Judaism Islam Buddhism Daoism Hinduism and Confucianism discuss the tension between their religious traditions and the claim of universality of human rights The East West contrast is particularly evident with regards to human rights Some writers find the human rights language too individualistic and it is foreign to major religions where the self does not exist in isolation but is normally immersed in a web of relations and duties towards family friends religion community and society Is the human rights discourse a predominantly Western liberal ideal which in bioethics is translated to mean autonomy and free choice In today's democratic societies laws have been drafted to protect individuals and communities against slavery discrimination torture or genocide Yet it appears unclear at what moment universal rights supersede respect for cultural diversity and pluralism This collection of articles demonstrates a rich spectrum of positions among different religions as they confront the ever more pressing issues of bioethics and human rights in the modern world This book is intended for those interested in the contemporary debates on religious ethics human rights bioethics cultural diversity and multiculturalism **The Prospect Before Her** Olwen Hufton, 2011-06-15 Already hailed by English critics as one of the most important works of history to be published since the Second World War Olwen Hufton's fascinating and brilliantly learned study begins in this first of two volumes with a wide ranging exploration of women's fate in Western Europe from medieval times to the early modern age of illustrations Light on the Path Osho, 2023-08-17 The first thing for a patient to go to the doctor you must make him realize that he is sick otherwise there is no need to go to the doctor So the people you want to encourage into meditation first you have to make them aware that they are frustrated perhaps for so long that they have forgotten that they are sad They cannot remember when they laughed from their very hearts They have become robots they do things because they have to be done but there is no joy in doing them **Overcoming Obstacles to Fulfillment of Divine Destiny** Stephen U. Aja, 2004-06 My Way: The Way of the White Clouds Osho, 2023-08-16 Just before Buddha died somebody asked him When a buddha dies where does he go Does he survive or simply disappear into nothingness This is not a new question it is one of the oldest many times repeated and asked Buddha is reported to have said Just like a white cloud disappearing This very morning there were white clouds in the sky Now they are there no more Where have they gone From

where do they come How do they evolve and how do they dissolve again A white cloud is a mystery the coming the going the very being of it That s the first reason why I call my way The Way of the White Clouds **Pregnancy, Delivery, Childbirth** Nadia Filippini,2020-07-14 This book reconstructs the history of conception pregnancy and childbirth in Europe from antiquity to the 20th century focusing on its most significant turning points the emergence of a medical scientific approach to delivery in Ancient Greece the impact of Christianity the establishment of the man midwife in the 18th century the medicalisation of childbirth the emergence of a new representation of the foetus as unborn citizen and finally the revolution of reproductive technologies The book explores a history that far from being linear progressive or homogeneous is characterised by significant continuities as well as transformations The ways in which a woman gives birth and lives her pregnancy and the postpartum period are the result of a complex series of factors The book therefore places these events in their wider cultural social and religious contexts which influenced the forms taken by rituals and therapeutic practices religious and civil prescriptions and the regulation of the female body The investigation of this complex experience represents a crucial contribution to cultural social and gender history as well as an indispensable tool for understanding today s reality It will be of great use to undergraduates studying the history of childbirth the history of medicine the history of the body as well as women s and gender history more broadly *Self-Mastery (the Way of the Heaven Born)* W George Bryant Phd,2006-07-21 Self Mastery is An Inspirational work that assists young adults in the development of self knowledge As such it is a book to be studied and and not just read The format is analogous to the course materials for the organization A course in Mircales *From Africa to Zen* Robert Solomon,Kathleen M.
