End Is Not Yet China At War:

China at War, 1941 Includes selections from the daily bulletins of the China Information Committee The War in the East (Illustrations) Trumbull White, Some striking act in a man's career is necessary to attract general attention to him The one who moves along through his path in life doing nothing out of the ordinary will win few glances from the public and little will the world notice his existence Worthy of the worthiest he may be but if he does nothing to demonstrate it how shall the world know his merit or his strength But with all this true it does not follow that it is man's duty to seek an occasion to advertise these qualities Only when the necessity for action arises then should he act and then will the world know what his ability and character are The same is true as to the nations of the earth Those years during which they move onward in their national life and history in peace and quietness however full of latent strength they may be are not the ones which command the attention of the eyes of the world It is the year of supreme test of struggle moral or physical that furnishes crucial testimony what the nation really is War is always a curse unless it be waged to advance justice and assure more worthy peace But if such a war be necessary the progress of it the results and the lessons they teach are essential to the student of humanity in whatever quarter of the globe the battles are China Japan and Corea are a strange trinity to most of us in the western world Separated from us by long distances and by immense differences in race in language in religion and in customs they have been known here only through the writings of the comparatively few travelers who exchange visits Of late years it is true the hermitages of the Orient have been opening to freer intercourse trade and treaties have multiplied and students have come to us for the knowledge we could give them But there was needed a great movement of some sort to awaken the Orient from its centuries of slumber and to make known to us the truth of eastern affairs Nothing could do this as the War in the East has done We can study its conduct and its results if we will in a way to teach us more of the characteristics of the three nations than we could learn in any other way It has been the object of the author in the present volume to record the facts of the war and its preliminaries so clearly that every seeker for knowledge might trace the lessons for himself To justify this effort it is necessary to say no more than that the conflict involves directly nations whose total population includes more than one fourth of the human race And the results will affect the progress of civilization in those countries as well as the commercial and other interests of all the European and American nations Invertebrate China with scorn of western methods and complacent rest in the belief that all but her own people are barbarians had to face an inevitable war with Japan the sprightly absorbent adaptive western spirited whose career in the two score years since her doors were opened to the call of the American Perry has been the marvel of those who knew it And the conflict was to be on the soil of the Hermit Nation Corea the Land of Morning Calm for centuries the land of contention between the Day's Beginning and the Middle Kingdom It is to record the history and description of these realms and peoples in sufficient detail to make plainer the facts of the war that the preliminary chapters are written The work must speak for itself The importance

of the subjects included in the volume must be the explanation of any inadequacy of treatment

The China Mission: George Marshall's Unfinished War, 1945-1947 Daniel Kurtz-Phelan, 2018-04-10 An Economist Best Book of 2018 New York Times Book Review Editor's Pick Gripping and splendid An enormous contribution to our understanding of Marshall Washington Post At the end of World War II General George Marshall took on what he thought was a final mission this time not to win a war but to stop one In China conflict between Communists and Nationalists threatened to suck in the United States and escalate into revolution Marshall's charge was to cross the Pacific broker a peace and prevent a Communist takeover all while staving off World War III At first the results seemed miraculous But as they started to come apart Marshall was faced with a wrenching choice one that would alter the course of the Cold War define the US China relationship and spark one of the darkest ever turns in American political life The China Mission offers a gripping close up view of the central figures of the time from Marshall Mao and Chiang Kai shek to Eisenhower Truman and MacArthur as they stood face to face and struggled to make history with consequences and lessons that echo today
