Ends Of Globalization Bringing Society Back In:

The Ends of Globalization Don Kalb, 2000 This book brings an empirical social science perspective to a public issue on which observers economists and business gurus have freely unleashed their abstract models and jumbo schemes Written by internationally acclaimed authors the chapters engage empirically tractable issues that are basic to any overall understanding of the social origins structures and consequences of the current wave of globalization The book brings together in one volume diverse issues related to globalization that are generally dealt with in separate publications such as migration social inequality flows of capital Americanization and cultural identities citizenship and collective action and global governance The diversity of topics and up to date discussion makes this book ideal as a text or supplementary reading for courses As an argument for greater complexity contingency and contradiction in contemporary debates on globalization it is essential reading for any scholar or lay reader concerned about contemporary change *Globalization, Philanthropy, and Civil Society* Soma Hewa, Darwin Stapleton, 2005-09-13 Examines complex and diverse links between philanthropy civil society and globalization as a single theme that goes beyond standard economic interpretations Has the potential to generate interest among a wider audience of academics public policy makers and administrators in the field of philanthropy civil society and globalization Themes in Modern European History Since 1945 Rosemary Wakeman, 2003 Twelve chapters consider the key political cultural and economic changes of post 1945 Europe **Sociology of Religion** William A. Mirola, Michael O. Emerson, Susanne C Monahan, 2015-09-16 A reader that seeks to explore the relationship between the structure and culture of religion and various elements of social life in the U S *Sociology of Religion A Reader 2e* is ideal as either a standalone reader or supplement to the text written by the same author team *Why Religion Matters* Based on both classic and contemporary research in the sociology of religion this reader highlights a variety of research methods and theoretical approaches It explores the ways in which religious values beliefs and practices shape the world outside of church synagogue or mosque walls while simultaneously being shaped by the non religious forces operating in that world **The Oxford Handbook of the Cold War** Richard H. Immerman, Petra Goedde, 2013-01-31 The Oxford Handbook of the Cold War offers a broad reassessment of the period war based on new conceptual frameworks developed in the field of international history Nearing the 25th anniversary of its end the cold war now emerges as a distinct period in twentieth century history yet one which should be evaluated within the broader context of global political economic social and cultural developments The editors have brought together leading scholars in cold war history to offer a new assessment of the state of the field and identify fundamental questions for future research The individual chapters in this volume evaluate both the extent and the limits of the cold war s reach in world history They call into question orthodox ways of ordering the chronology of the cold war and also present new insights into the global dimension of the conflict Even though each essay offers a unique perspective together they show the interconnectedness between cold war and national and transnational developments

including long standing conflicts that preceded the cold war and persisted after its end or global transformations in areas such as human rights or economic and cultural globalization Because of its broad mandate the volume is structured not along conventional chronological lines but thematically offering essays on conceptual frameworks regional perspectives cold war instruments and cold war challenges The result is a rich and diverse accounting of the ways in which the cold war should be positioned within the broader context of world history

Democracy at Large B. Petric, 2012-10-22 An analysis of the transnationalization of politics in several societies concerned by programs of democracy promotion the contributors to this book seek to understand how these new global norms and programs create forms of appropriation and resistance at the local level

Neoliberalism, Personhood, and Postsocialism Nicolette Makovicky, 2016-04-22 Despite a growing literature debating the consequences of neo liberal political and economic policy in the former Eastern bloc the idea of neo liberal personhood has so far received limited attention from scholars of the region Presenting a range of ethnographic studies this book lays the groundwork for a new disciplinary agenda by critically examining novel technologies of self government which have appeared in the wake of political and economic liberalization Neoliberalism Personhood and Postsocialism explores the formation of subjectivities in newly marketized or marketizing societies across the former Eastern Bloc documenting the rise of the neo liberal discourse of the enterprising self in government policy corporate management and education as well as examining the shifts in forms of capital amongst marginal capitalists and entrepreneurs working in the grey zone between the formal and informal economies A rich investigation of the tools of neo liberal governance and the responses of entrepreneurs and families in changing societies this book reveals the full complexity of the relationship between historically and socially embedded economic practices and the increasing influence of libertarian political and economic thought on public policy institutional reform and civil society initiatives As such it will appeal to anthropologists sociologists and geographers with interests in political discourse identity entrepreneurship and organizations in post socialist societies

Your Place or Mine? Ethel Crowley, 2013-03-22 Ireland s economy is being scrutinised daily by everyone from politicians to pub goers but what about the deeper questions of Ireland s sense of identity and community Socially Ireland is in a period of rapid change is it time to get behind the numbers and look at who we really are In Your Place or Mine sociologist Ethel Crowley looks at our attitudes to home place family sexuality and community Do we still need the traditional forms of connection to home family community and locality in the highly globalised society in which we live Do we still like to stay within the heart of a familiar comfort zone or are we willing to push its boundaries Your Place or Mine captures some of the complexities of contemporary Ireland What is the impact of globalisation and multiculturalism Are community values really declining Despite a more liberal attitude to sexuality are we a liberal society Ethel Crowley mixes warm hearted biography and sociological rigour to create a set of reflections on finding our place in the world as a country and as individuals Crowley uses an exciting innovative approach to identify and describe the cultural transformations of

contemporary Ireland Mixing personal memories with sociologically informed debate she provides an insightful and imaginative explanation of how Ireland has combined the local with the global Professor Tom Inglis School of Sociology University College Dublin *Global Inequalities in World-Systems Perspective* Manuela Boatca,Andrea Komlosy,Hans-Heinrich Nolte,2017-09-22 During its 500 year history the modern world system has seen several shifts in hegemony Yet since the decline of the U S in the 1970s no single core power has attained a hegemonic position in an increasingly polarized world As income inequalities have become more pronounced in core countries especially in the U S and the U K global inequalities emerged as a new topic of social scientific scholarship ignoring the constant move toward polarization that has been characteristic of the entire modern world system At the same time the rise of new states most notably the BRICS and the relative economic growth of particular regions especially East Asia have prompted speculations about the next hegemon that largely disregard both the longue dur e of hegemonic shifts and the constraints that regional differentiations place on the concentration of capital and geopolitical power in one location Authors in this book place the issue of rising inequalities at the center of their analyses They explore the concept and reality of semiperipheries in the 21st century world system the role of the state and of transnational migration in current patterns of global stratification types of catching up development and new spatial configurations of inequality in Europe s Eastern periphery as well as the prospects for the Global Left in the new systemic order The book links novel theoretical debates on the rise of global inequalities to methodologically innovative approaches to the urgent task of addressing them **Anthropologies of Class** James G. Carrier,Don Kalb,2015 A study of class and inequality from an anthropological perspective bringing together an international team of researchers **Women, Gender, and Diasporic Lives** Evangelia Tastsoglou,2009-01-01 Organized around the broad themes of women s labor community activity and identity as their organizing concept Women Gender and Diasporic Lives intersects these issues with the concerns of ethnicity class generation and masculinity The country specific case studies reveal women s intentionality and agency in labor in building community institutions and in negotiating and re defining their identities The broad range of contributor backgrounds make this book a valuable resource for anyone interested in gender diaspora labor or modern Greek studies Blood and Fire Sharryn Kasmir,August Carbonella,2014-08-01 Based on long term fieldwork six vivid ethnographies from Colombia India Poland Spain and the southern and northern U S address the dwindling importance of labor throughout the world The contributors to this volume highlight the growing disconnect between labor struggles and the advancement of the greater common good a phenomenon that has grown since the 1980s The collection illustrates the defeat and unmaking of particular working classes and it develops a comparative perspective on the uneven consequences of and reactions to this worldwide project Blood and Fire charts a course within global anthropology to address the widespread precariousness and the prevalence of insecure and informal labor in the twenty first century *Bangkok* Marc Askew,2004-08-02 Bangkok is one of Asia s most interesting varied controversial and challenging

cities It is a city of contradictions both in its present and past This unique book examines the development of the city from its earliest days as the seat of the Thai monarchy to its current position as an infamous contemporary metropolis Adopting insights from anthropology urban studies and human geography this is a powerful account of the city and its dynamic spaces Marc Askew examines the city s variety from the inner city slums to the rural urban fringe and gives us a keen insight into the daily life of the city s inhabitants be they middle class suburbanites or sex workers

Diaspora, Development, and Democracy Devesh Kapur,2013-12-01 What happens to a country when its skilled workers emigrate The first book to examine the complex economic social and political effects of emigration on India Diaspora Development and Democracy provides a conceptual framework for understanding the repercussions of international migration on migrants home countries Devesh Kapur finds that migration has influenced India far beyond a simplistic brain drain migration s impact greatly depends on who leaves and why The book offers new methods and empirical evidence for measuring these traits and shows how data about these characteristics link to specific outcomes For instance the positive selection of Indian migrants through education has strengthened India s democracy by creating a political space for previously excluded social groups Because older Indian elites have an exit option they are less likely to resist the loss of political power at home Education and training abroad has played an important role in facilitating the flow of expertise to India integrating the country into the world economy positively shaping how India is perceived and changing traditional conceptions of citizenship The book highlights a paradox while international migration is a cause and consequence of globalization its effects on countries of origin depend largely on factors internal to those countries A rich portrait of the Indian migrant community Diaspora Development and Democracy explores the complex political and economic consequences of migration for the countries migrants leave behind

Strangers at the Gates Sidney Tarrow,2012-03-26 This book contains the products of work carried out over four decades of research in Italy France and the United States and in the intellectual territory between social movements comparative politics and historical sociology Using a variety of methods ranging from statistical analysis to historical case studies to linguistic analysis the book centers on historical catalogs of protest events and cycles of collective action Sidney Tarrow places social movements in the broader arena of contentious politics in relation to states political parties and other actors From peasants and communists in 1960s Italy to movements and politics in contemporary western polities to the global justice movement in the new century the book argues that contentious actors are neither outside of nor completely within politics but rather they occupy the uncertain territory between total opposition and integration into policy

Indian Entrepreneurs in Silicon Valley , Cosmopolitan Novel Berthold Schoene,2009-06-23 While traditionally the novel has been seen as tracking the development of the nation state Schoene queries if globalisation might currently be prompting the emergence of a new sub genre of the novel that is adept at imagining global community The book introduces a new generation of contemporary British writers Rachel Cusk Kiran Desai Hari Kunzru Jon McGregor and David Mitchell whose

work is read against that of established novelists Arundhati Roy James Kelman and Ian McEwan Each chapter explores a different theoretical key concept including glocality glomicity tour du monde connectivity and compearance Key Features Defines the new genre of the cosmopolitan novel by reading contemporary British fiction as responsive to new global socio economic formations Expands knowledge of world culture national identity literary creativity and political agency by introducing concepts from globalisation and cosmopolitan theory into literary studies Explores debates on Britishness and the contemporary with close reference to the fall of the Berlin Wall on 9 11 1989 and the World Trade Centre attacks on 11 9 2001 Introduces a new generation of British writers within a complex global context by drawing on Jean Luc Nancy s work on community and creative world formation Imagined Mobility Michiel Baas,2012-10 This book critically examines the history and current issues on the migration of Indian students to Australia **Communities Across Borders** Paul Kennedy,Victor Roudometof,2003-08-27 Communities across Borders examines the many ways in which national ethnic or religious groups professions businesses and cultures are becoming increasingly tangled together It show how this entanglement is the result of the vast flows of people meanings goods and money that now migrate between countries and world regions Now the effectiveness and significance of electronic technologies for interpersonal communication including cyber communities and the interconnectedness of the global world economy simultaneously empowers even the poorest people to forge effective cultures stretching national borders and compels many to do so to escape injustice and deprivation

Global Liberalism, Local Populism Guy Ben-Porat,2006-04-28 In recent years the conflicts in Israel Palestine and Northern Ireland continue to oscillate between momentum for peaceful resolution and regression into new cycles of violence or political deadlock To understand these shifts Guy Ben Porat provides an in depth analysis of the global environment and the profound effect it has on local conflicts Because globalization affects localized social structures institutions and political divisions as well as international relationships between states and societies it offers a unique perspective from which to examine the commonalities and differences between two regions laden with conflict Ben Porat reveals how the complex and often contradictory characteristics of globalization both constrain and promote the peace processes in Israel Palestine and Northern Ireland Drawing on scholarship in the field of globalization and on archival research including interviews with leading businessmen involved in the peace process Ben Porat believes that a critical interrogation of the interface between economic interests and policy makers is central to an understanding of the complex relationship between globalization and peace In clear and convincing arguments this book presents an important and innovative approach to two of the world s most intractable conflicts
