Enduring Legacy Alexander Pope Tercentenary Essays:

The Enduring Legacy G. S. Rousseau, Pat Rogers, 1988-10-27 This comprehensive 1988 survey of the poet's life and work appeared during the 300th anniversary of Alexander Pope's birth in 1688 Anniversary Essays on Alexander Pope's 'The Rape of the Lock' Donald W. Nichol, 2016-01-01 In celebration of its tercentenary this collection brings together ten eminent scholars with new perspectives on the poem *Christianity and Confucianism* Christopher Hancock, 2020-12-10 Christianity and Confucianism Culture Faith and Politics sets comparative textual analysis against the backdrop of 2000 years of cultural political and religious interaction between China and the West As the world responds to China's rise and China positions herself for global engagement this major new study reawakens and revises an ancient conversation As a generous introduction to biblical Christianity and the Confucian Classics Christianity and Confucianism tells a remarkable story of mutual formation and cultural indebtedness East and West are shown to have shaped the mind heart culture philosophy and politics of the other and far more perhaps than either knows or would want to admit Christopher Hancock has provided a rich and stimulating resource for scholars and students diplomats and social scientists devotees of culture and those who pursue wisdom and peace today *Spheres of Awareness* James Lough, Patricia Herron, 2009-09-29 Spheres of Awareness Wilberian Integral Approaches to Literature Philosophy Psychology and Art moves toward building a new and more comprehensive theory of literature philosophy psychology and art The extremely popular work of Ken Wilber unites the best of both western and eastern thought and affirms that the stages of consciousness more refined than that of the reasoning mind do exist These stages culminate in awareness of Spirit or what Buddhism has called Emptiness Spheres of Awareness shows us how applying Wilber's theoretical templates can broaden and deepen our approaches to literature philosophy psychology and art

The Discourse of Sovereignty, Hobbes to Fielding Stuart Sim, David Walker, 2017-03-02 In this new study the authors examine a range of theories about the state of nature in seventeenth and eighteenth century England considering the contribution they made to the period's discourse on sovereignty and their impact on literary activity Texts examined include Leviathan Oceana Paradise Lost Discourses Concerning Government Two Treatises on Government Don Sebastian Oronoko The New Atlantis Robinson Crusoe Dissertation upon Parties David Simple and Tom Jones The state of nature is identified as an important organizing principle for narratives in the century running from the Civil War through to the second Jacobite Rebellion and as a way of situating the author within either a reactionary or a radical political tradition The Discourse of Sovereignty provides an exciting new perspective on the intellectual history of this fascinating period **Pope, Homer, and Manliness** Carolyn D. Williams, 2014-06-11 The author here reassesses the concept of masculinity and argues that it cannot be seen as an absolute standard but only as the product of perpetual conflict between competing and unstable models The argument is sustained by a close reading of the problematic conflict between gendered values in eighteenth century classical learning Pope's Homer ensured the continuation of the tradition of using the Iliad and Odyssey to teach privileged boys how

to become more manly This book examines this pedagogy in its socio literary context and concludes that Pope's Homer emerges as a relic of the struggle to preserve masculine dignity from the encroachments of feminine values in the text This knowledge of classical and early modern literature has rarely been brought to bear on gender studies First published in 1993 it remains a valuable contribution to debates concerning the reception of the Classical tradition Translation and the Poet's Life Paul Davis, 2008-09-04 Between the Civil War and the early decades of the eighteenth century English poets of the first rank devoted more of their time and creative energies to translating than they had ever done before or have ever done since Paul Davis's *Translation and the Poet's Life* is the first study to range across the entirety of this golden age of poetic translation in England taking as its organizing principle and object of inquiry the significances of translating itself as a distinctive mode of imaginative conduct Composed of case studies of the five leading poet translators of the age John Denham Henry Vaughan Abraham Cowley John Dryden and Alexander Pope it explores the part translation played in their lives as poets and thence in modelling the poet's life during what was a period of transition between early modern and modern constructions of it The argumentative method of the book is metaphorical Each chapter explores the impact on the theory and practice of the poet at issue of a metaphor or group of metaphors broadly current in contemporary translation discourse in particular figurations of the translator as an exile as a child as a code breaker and as a slave and comparisons of translation to friendship sexual congress metamorphosis and trade The majority of these metaphors were wholly or potentially pejorative translation remained a controversial practice throughout this period widely depreciated and stigmatized Turning translator accordingly forced the five major poets considered in *Translation and the Poet's Life* to undertake strenuous efforts of self inquiry and self presentation to find new answers to questions integral to their understandings of themselves and their standing in their culture questions about vocation and career fame and happiness responsibility and freedom *Translation and the Poet's Life* tells the stories of these personal and public remakings The History of the Epic A. Johns-Putra, 2006-07-11 This book presents a history of the epic from the classical age to the present day It deals not just with the well know epics of antiquity and the Renaissance but also pursues developments in more recent literature and film It offers an exploration of the changes that have taken place in the genre from Homer to Hollywood

More Solid Learning Catherine Ingrassia, Claudia N. Thomas, 2000 Until this book there has not been a collection that focuses exclusively on Pope's satiric masterpiece The essays in this volume attempt to teach the poem from a variety of perspectives and in doing so to illuminate its role as literary history cultural artifact and material object They suggest the ways the poem interacts with and influences the dynamic milieu from which it springs BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Yard of Wit* Raymond Stephanson, 2004 Raymond Stephanson configures masculinity and its expressions in male creativity historically biographically and in sufficient deep layer detail to persuade the most rigorous of scholars that this work will be a reliable source of enduring worth George

Rousseau De Montfort University A Contradiction Still Christa Knellwolf King,1998 This text offers a critique of the views concerning gender and gender roles in Pope s poetry It engages directly with current issues in feminist criticism cultural studies and identity politics Pope to Burney, 1714-1779 Moyra Haslett,2017-03-14 This essential guide defines literature of the eighteenth century as a literature written and received as public conversation Moyra Haslett discusses and challenges conventional ways of reading the period particularly in relation to notions of the public sphere In her wide ranging study Haslett reads key texts including The Dunciad Gulliver s Travels and Pamela in their literary and cultural contexts and examines such genres as the periodical the familiar letter the verse epistle and the novel as textual equivalents of coterie culture *From Enlightenment to Rebellion* James G. Buickerood,2018-05-04 This book is a collection of essays and a short story written to honor Christopher Fox of Notre Dame arguably the most influential figure in Irish Studies for the past quarter century The essays address topics in which Professor Fox has made his own enduring scholarly contributions and subjects to which he has made enduring contributions through his academic leadership from the development of library collections and important fellowships at his university to the institution of a global community of scholars in Irish Studies The disciplines represented by the essays published here include English Literature Irish Literature Comparative Literature Medieval Studies Librarianship History Intellectual History Irish Folklore Philosophy and Documentary Film Seven of the fifteen essays focus on topics at the intersection of Irish Studies and Eighteenth Century Studies Fox s own specialty They include studies of Edmund Burke s late career view of the free market and social justice the persistent influence of William Molyneux and Jonathan Swift in late eighteenth century Irish patriots political vision Swift s conception of neighborliness in his fiction and sermons the satirist s illnesses and their bearing on his social relationships the anthropogenic dimension of Alexander Pope s Dunciad the reception of Lucretius De rerum natura in the seventeenth and eighteenth century British Isles and an examination of the conception of the self in the philosophical work of John Locke and Charles Mein The remainder cover texts and issues such as the role of Continental influence on medieval Irish epic the relations of poets and lords in early modern Ireland perspectives on writers in Irish folklore and the relations of social class and linguistic change in the modern novel There is as well a pair of essays on the 1916 Dublin Easter Rising one examining the role of the theater in the participants conceptions of that event the other discussing the creation of the award winning recent documentary series of which Fox was executive producer 1916 The Irish Rebellion The contributions open with a Forward by the former President of Ireland Mary McAleese and conclude with a new short story by the Irish novelist Patrick McCabe The book includes a Select Bibliography of the publications of Professor Fox and an Index Alexander Pope Netta Murray Goldsmith,2024-11-01 This title was first published in 2002 Making use of the growing body of research in recent years on the nature of creativity Netta Goldsmith here presents a new view of the famous poet whose personality has long frustrated scholars as elusive Goldsmith tells the story of Pope s life so as to show the factors personal and public psychological and

social which shaped his character and enabled him to secure widespread recognition as a major poet Discussions of significant works are integrated into the narrative covering main events and key relationships as well as illustrating points made throughout about Pope's approach to his art Among other things this book shows how vulnerable Pope felt as a Papist in a time of endemic Jacobite activity and how his fear of possible prosecution for sedition determined much of his conduct and the way he shaped his career Alexander Pope The evolution of a poet not only provides a fresh perspective on Pope but also on the very nature of literary creativity *Children and Sexuality* G. Rousseau, 2007-12-14 *Children and Sexuality* probes the hidden relations between children and sexuality in case studies from the Greeks to the Great War The lives reconstructed here extend from Greek Alcibiades to Lewis Carroll and Baden Powell each recounted with scrupulous vigilance to detail and nuance Women's Place in Pope's World Valerie Rumbold, 1989-09-29 How was Alexander Pope's personal experience of women transformed into poetry How characteristic of his age was Pope's attitude toward women What was the influence of individual women such as his mother Patty Blount and Lady Mary Montagu on his life and work Valerie Rumbold's is the first full length study to address these issues Referring to previously unexploited manuscripts she focuses both on Pope's own life and art and on early eighteenth century assumptions about women and gender She offers readings of some of the well known poems in which women feature prominently and follows Pope's response throughout his writings in general The poet's own alienation from the dominant culture through religion politics and physical handicap and his troubled fascination with certain kinds of women make this subject complex and compelling with wide implications Dr Rumbold provides new insight and shows how women with whom Pope dealt can themselves be seen as individuals with presence and dignity **Augustan Subjects** Albert J. Rivero, 1997-06 The fifteen essays in this volume written by friends colleagues and former students attempt both to acknowledge and to honor Martin C Battestin's many contributions to our understanding of the literature and art of the so called Augustan period *Mock-Epic Poetry from Pope to Heine* Ritchie Robertson, 2009-11-12 This is a study of mock epic poetry in English French and German from the 1720s to the 1840s While mock heroic poetry is a parodistic counterpart to serious epic mock epic poetry starts by parodying epic but moves on to much wider and richer literary explorations it relies heavily on intertextual allusion to other works on narratorial irony on the sympathetic and sometimes libertine presentation of sexual relations and on a range of satirical devices It includes well known texts Pope's *Dunciad* Byron's *Don Juan* Heine's *Atta Troll* and others which are little known Ratschky's *Melchior Striregel* Parny's *La Guerre des Dieux* It owes a marked debt to Italian romance epic especially Ariosto The study places these texts in the literary context of the decline of serious epic which helped mock epic to flourish and of the *Querelle des Anciens et des Modernes* which questioned the authority of Homer's and Virgil's epics and it relates their substance to contemporary debates about questions of religion and gender **Nervous Acts** G. Rousseau, 2004-11-02 These essays demonstrate the sweeping influence of the human nervous system on the rise of literature and sensibility in early modern

Europe The brain and nerves have usually been treated as narrow topics within the history of science and medicine Now George Rousseau an international authority on the relations of literature and medicine demonstrates why a broader context is necessary The nervous system was a crucial factor in the rise of recent civilization More than any other body part it holds the key to understanding how far back the strains and stresses of modern life fatigue depression mental illness extend

Authorship, Commerce, and Gender in Early Eighteenth-Century England Catherine Ingrassia, 1998-11-05 The contemporaneous development of speculative investment and the novel in the early eighteenth century and women s role in both
